The natural health and vigor of children reared in the country are superior to city-raised children. Country cooking, with fresh vegetables, eggs, milk, butter and bread made by the farmer's wife far surpasses in health-producing attributes style of living in cities. In the country the atmosphere is clear, while in cities it is hazy with coal smoke and clouds of dust swept up from the macadamized streets by every wind that blows. The country is the ideal place to grow healthful bodies and develop clear, strong minds. The child with a robust body trained to do things has a confidence in himself that cannot be acquired in any other way. The child reared in the country develops the qualities of a leader, and from the farm have come the Hills, Harrimans and Morgans that are now the world's captains of industry. The contact with nature not only instills the principles of honesty and morality in the mind but brings them closer to their Maker without which contact enduring success is impossible.

Chamberlain's Cough Remedy
Cures Coughs, Colds and Whooping Cough.

The young man who lives within his means, dresses plainly, puts a polish to his brains whether his boots shine or not, tells honestly for his daily bread is snubbed by what is called society, while the young man who beats the tailor out of a cut away suit of clothes, gets his old mother to put a polish on his shoes, with a few cloves in his pocket and a cigarette in his mouth, he is a bell sheep in society in this blessed year of our Lord.

You will look a good while before you find a better medicine for coughs and colds than Chamberlain's Cough Remedy. It not only gives relief—it cures. Try it when you have a cough or cold, and you are certain to be pleased with the prompt cure which it will effect. For sale by Palace Drug Store.

You will find honesty among thieves, truth among fools, but you never find a spark of manhood, womanhood or principle in a meddler. The thief may chronicle the truth by mistake, the fool may say wise things by accident, but the man who noses around and mixes up in other people's affairs will ever remain the same unprincipled decoction of human nature.

"My little son had a very severe cold. I was recommended to try Chamberlain's Cough Remedy, and before a small bottle was finished he was as well as ever," writes Mrs. H. Silks, 29 Dowling Street, Sydney, Australia. This remedy is for sale by Palace Drug Store.

"Take a dollar bill and fold it several times each way. Then unfold it and you will find it in creases." Keep the increase, but send the original bill to the printer who put you on to the scheme. Then take a silver dollar and drop it on the counter, and notice the ring it makes. Send the ring to your best girl and the dollar to the printer, and everybody will happy.

Why He Was Late.

"What made you so late?"

"I met Smithson."

"Well, that is no reason why you should be an hour late getting home to supper."

"I know, but I asked him how he was feeling, and he insisted on telling me about his stomach trouble."

"Did you tell him to take Chamberlain's Tablets?"

"Sure, that is what he needs."

Solid Mark 2286

Registered—American Saddle Horse Breeders' Ass'n

At Stud 1912.

REALIZING the great need of Saddle Horses in our country I have recently brought from Kentucky a shipment of registered five-gaited Kentucky Saddle Horses, including the beautiful show stallion and stock horse, SOLID MARK 2286, the beautiful blood-bay, with black legs, main and tail. A horse of perfect type and absolutely sound. A prize-winner at the Central Kentucky Fairs, including the famous Kentucky State Fair, the world's greatest exhibition for saddle-bred stock.

SOLID MARK has proven himself an extraordinary sire, as well as a show horse, his colts all having extreme style and finish, with an abundance of size and bone, great expression, animation, speed, action and saddle motion. They are fine because of the blood lines represented in their sire, recognized as being fashionable because of their having produced some of Kentucky's best show horses.

SOLID MARK 2286 by Mark Chester 1356, he by Denmark Chief 682, by Cromwell 73, by Washington Denmark 64, by Gaines' Denmark 61.

The dam of SOLID MARK is Meta S 1575, a beautiful daughter of Trust. Second dam Pearl gray 787 by Banta's George, and third dam daughter of John Waxy 100 [Students of Saddle-horse pedigrees recognize this as very fancy.]

SOLID MARK weighs 1150 pounds, stands scant sixteen hands, has the best of feet and legs, a fine, large mane and tail, and breeds colts which closely resemble him.

SOLID MARK will make the season at Thos. Walker's barn, Cedar City, Utah, beginning April 1st and continuing until August 10th, 1912. He will likely make a trip to Hamiltons Fort and Summit. With these exceptions, he will not travel.

SOLID MARK'S pedigree is registered with and in accordance with the State Board of Horse Commissioners of the State of Utah.

Certificate of Pure Bred Stallion.

The Stallion, "Solid Mark" has been examined by the State Board of Horse commissioners of the State of Utah and it is hereby certified that the said Stallion is of pure breeding and is registered in a Stud Book recognized by the Department of Agriculture, Washington, D. C.
