LEGAL NOTICES

Proposed Constitutional Amendment No. 1.

SENATE JOINT RESOLUTION NO. 6.

A joint resolution proposing an amendment to Section 5 of Article 11 of the Constitution of the State of Utah, relating to municipal corporations.

Be it enacted by the Legislature of the State of Utah, two-thirds vote of all the members elected in the two Houses concurring therein:

Section 1. That it is proposed to amend Section 5 of Article XI, of the Constitution of the State of Utah, so that the same will read as follows:

Sec. 5. Corporations for municipal purposes shall not be created by special laws. The Legislature by general laws shall provide for the incorporation, organization and classification of cities and towns in proportion to population, which laws may be altered, amended or repealed.

Any city may frame and adopt a charter for its own government in the following manner:

The legislative authority of the city may, by two-thirds vote of its members, and upon petition of qualified electors to the number of 10 per cent of all votes cast at the next preceding election for the office of the mayor, shall forthwith provide by ordinance for the submission to the electors of the question, "Shall a Commission be chosen to frame a charter?" The ordinance shall require that the question be submitted to the electors at the next regular municipal election. The ballot containing such question shall also contain the names of candidates for members of the proposed Commission, but without party designation. Such candidates shall be nominated in the same manner as required by law for nomination of city officers. If a majority of the electors voting on the question of choosing a Commission shall vote in the affirmative then the fifteen candidates receiving a majority of the votes cast at such election, shall constitute the charter Commission, and shall proceed to frame a charter.

Any charter so framed shall be submitted to the qualified electors of the city at an election to be held at a time to be determined by the charter Commission, which shall be not less than thirty days subsequent to its completion and distribution among the electors and not more than one year from such date. Alternative provisions may also be submitted to be voted upon separately. The Commission shall make provisions for the distribution of copies of the proposed charter and of any alternative provisions to the qualified electors of the city, not less than sixty days before the election at which it is voted upon. Such proposed charter and such alternative provisions as are approved by a majority of the electors voting thereon, shall become an organic law of such city at such time as may be fixed therein, and shall supersede any existing charter and all laws affecting the organization and government of such city which are now in conflict therewith. Within thirty days after its approval a copy of such charter as adopted, certified by the mayor and city recorder and authenticated by the seal of such city, shall be made in duplicate and deposited one in the office of the Secretary of State and the other in the office of the City Recorder, and thereafter all courts shall take judicial notice of such charter.

Amendments to any such charter may be framed and submitted by the charter Commission in the same manner as provided for making of charters, or may be proposed by the legislative authority of the city upon a two-thirds vote thereof, or by petition of qualified electors to a number equal to one-tenth of the total vote cast for mayor on the next preceding election, and any such amendment may be submitted at the next regular election, and having been approved by the majority of the electors voting thereon, shall become a part of the charter at the time fixed in such amendment and shall be certified and filed as provided in case of charters.

Each city forming its charter under this Section shall have, and is hereby granted, the authority to exercise all powers relating to municipal affairs, and to adopt and enforce within its limits, local police sanitary and similar regulation not to conflict with the general law, and no enumeration of powers in this constitution or any law shall be deemed to limit or restrict the general grant of authority hereby conferred, but this grant of authority shall not include the power to regulate the service or charges of public utilities so long as such regulation is provided for by general law, nor be deemed to limit or restrict the power of the Legislature in matters of public or general interest, nor those relating to State affairs.

The power to be conferred upon the cities by this Section shall include the following:

(a) To levy, assess and collect taxes and borrow money, within the limits prescribed by general law, and to levy and collect special assessments for benefits conferred.

(b) To furnish all local public services; to purchase, hire, construct, own, maintain and operate, or lease, public utilities, local in extent and use; to acquire by condemnation, or otherwise, within or without the corporate limits, property necessary for any such purposes, subject to restrictions imposed by general law for the protection of other communities; and to grant local public utility franchises and regulate the exercise thereof subject to the continuing power of regulation of public utilities, their rates and service, by the State, as is now or may hereafter be provided by general law.

(c) To make local public improvements and to acquire by condemnation, or otherwise, property within its corporate limits and to make such improvements; and to acquire an excess over that needed for any such improvement and to sell or lease such excess property with restrictions, in order to protect and preserve the improvement.

(d) To issue and sell bonds on the security of any such excess property, or of any public utility owned by the city, or of the revenues thereof, or both, including, in the case of a public utility, a franch
