WOOL—Messrs. Halswell & Coburn of Boston, in their circular, say: Our report of another very quiet week and of light sales will not surprise or disturb anyone who has read our circulars for the last month. The holidays, combined with the fact that many mills are now taking account of stock, account for the general indisposition to purchase. Both manufacturers and dealers seem well satisfied to defer active operations until accounts of the current year are closed. As prices are substantially the same as those quoted for several weeks past, we omit our usual specifications and refer our correspondents to our carefully prepared details of sales for further information. The sales for the week comprise 1,754,000 ⓑ of Domestic Fleece and Pulled, and 407,000 ⓑ of Foreign, making the week's transactions 2,211,700 ⓑ of Foreign and Domestic.

BEEVES—Receipts yesterday and to-day were 57 carloads at Jersey City and 171 cars at 60th-st., making 3,684 head, against 3,778 head last Monday. The arrivals the past week were 880 head more than last week, and 1,790 head more than the corresponding week last year. The large receipts of Live Stock during the week were: D. Wolcott, 1,811 head; T. C. Eastman, 1,852 head; Lingham & O'Brien, 734 head; Morris & Siegel, 724 head; F. Joseph, 590 head; Samuels & Shamberg, 514 head; H. Meyer, 493 head; A. Furst, 491 head; M. Goldsmith, 418 head; Meyer & Regenstein, 338 head; T. R. Stanford, 421 head.

Van Nieron & Sons, 316 Live Cattle; Goldsmith & Walzel, 113 Live Cattle and 186 Live hogs; W. H. Thompson & Co., 30 Live Cattle; Joseph Eastman, 1,974 quarters of Beef and 1,901 carcasses of Mutton; Chapman & Dotti, 800 quarters of Beef, 150 carcasses of Mutton & 3 and 45 Dressed Hogs; D. Tofler & Co., 497 quarters of Beef, 345 carcasses of Mutton and 501 Dressed Hogs—making a total of 1,939 Live Cattle, 9,271 quarters of Beef, 2,295 carcasses of Mutton, 186 Live Hogs and 926 Dressed Hogs. Against 982 Live Cattle, 4,154 quarters of Beef, 1,303 carcasses of Mutton and 650 Dressed Hogs last week.

The market has been fairly active and firm all the week, and the selling rates at the close on Friday were rather more than ⅛c. per ⓑ higher than on last Monday. Today's receipts at 60th-st. were liberal, but with a fair call for Prime Shipping Steers and a good demand on home account the yards were all cleared before the noon hour. Prices for Good and Prime Cattle were well sustained, but there was a weakness in the market for Common and Medium Grades and a reduction equal to about ⅛c. per ⓑ was made before a clearance was effected. The supply of Cattle consisted of 12 car-loads from Buffalo, 16 car-loads from Baltimore, 13 cars from Pittsburg, 5 cars from Philadelphia and 4 cars of State Cattle; and 85 cars more were manifested to arrive from Pittsburg. The Pennsylvania Road, west of Philadelphia, is held to be badly blocked with snow, and only 3 cars were reported this side of Philadelphia at 12 m. Part of the stock billed to this market will be taken off and sold at Philadelphia, and about 70 cars are expected to arrive to-night, and will be on sale to-morrow. It will be seen, therefore, that the total supply on to-day's market was only 57 cars. Buyers were willing to take the offerings at Friday's prices but refused to pay any advance, preferring to wait until later in the week to make their purchases. There was, therefore, a slow trade, and the yards were not cleared at 1 p. m. Some very rough State Oxen, Poor Steers and Stags were sold at 7½@8¼c. to dress 54@56 ⓑ, but the range for Decent to Choice Steers was from 9c. to dress 56 ⓑ, to 11½c. to dress 57 ⓑ, with Extra do. at 11¾@12½c. A car-load of Fancy Illinois Steers was sold by Messrs. Vogel & Regenstein to Mr. A. Edelmuth at $7 60 per 100 ⓑ, or about 11½c. to dress 60 ⓑ and $1 per head. The demand for Bulls has improved very much within the past two weeks, and prices have advanced accordingly.

Mr. Eastman received 812 head from fresh receipts for export alive and dressed. Lingham & O'Brien received 492 head for shipment alive on the Assyrian Monarch; I. S. Van Nieron & Sons bought 47 head as part of a shipment to be made on next Saturday, and Sherman & Fulton received 72 head for export trade. The Assyrian Monarch and Schleswig were both loaded to-day and are expected to sail to-night—the former with 492 live cattle for Lingham & O'Brien and the latter with 422 live cattle for T. R. Stanford & Co. To-morrow Joseph Eastman will ship 2,000 quarters of beef and 1,000 carcasses of mutton under the outside quotations.

HORSE MARKET.

The market continues dull and there are no important features to note. The show stock was not severe enough to have any material effect on the demand, and very little trade was transacted until Dealers commenced to pick up horses very readily, and that it is best to be prepared for an emergency. Still times are too close to keep up idle horses in the stable and it seems to be the policy to rely on hiring extra animals whenever it is necessary to "double up." The supply from the west is ample for all the requirements of the trade, and the quality of many of the recent shipments is above the average. Exporters' wants are limited. No imports during the week. A prize cyd stallion died while being brought to this country about a week ago. He is said to have been a very valuable horse, and his death will be severely felt by breeders generally. California was to have been his future home.
