THURSDAY, Jan. 27—P. M.

To-day's stock market presented little that calls for comment. The speculation is running in the lower price shares while the higher price stocks remain at figures that may be called steady. The day's specialty was the stock of Mobile and Ohio, which lately has been dull between 21 and 22, and which cannot earn a dividend or have a voting power in the annual elections until $8,600,000 of first, second, third and fourth debenture bonds are retired. Nevertheless, some persons not connected with the management of the company to-day manipulated a large trading (41,900 shares) in it and advanced its price from 23¾ to 27½. The closing figure was 25⅝. Yesterday's fancies were well sustained, and Ohio Central after an advance to 33⅝, finally closed at 32⅞, a gain of ⅞ per cent; Lake Erie and Western only lost 1⅝ per cent in final sales at 53¾, and Peoria, Decatur and Evansville only ¼ per cent at 38, after sales at 39⅝. Central Pacific was specially weak and declined from 92, its opening figure, to 89@89½. Most stock speculators, be they "bears" or "bulls," are admirers of fair play. And the expressions of opinions, even by those who, through their Washington connections, were the recipients of early information as to the Government action regarding the pending dividend of the company, are anything but complimentary to the integrity of Government officials. The general market fluctuated within a narrow range of prices, and generally closes no better or lower than it did yesterday. The telegraph stocks, however, are better, but in them the hand of the arch manipulator is so plainly apparent that conservative dealers will not touch them. Thus Western Union rose from 115 to 116⅞, and closed at 116, on dealings that amounted only to 23,625 shares, and American Union with transactions amounting only to 4,300 shares rose from 82 to 85 and closed at 84. It is still a noticeable feature of the market—the absence from the board room of many of the brokers who execute or distribute the large orders of the great speculators, and its continuance, now for three days, shows that some of the great speculators are waiting for events. The market closed only steady.

Government bonds were dull, with sales of $71,000 at the board. The 4 per cents sold at 112⅝@112½, but the closing quotations show no changes, being as follows:

	Bid.	Ask'd.		Bid.	Ask'd.

Aside from one or two special movements the dealings in railroad bonds present little of interest. As an adjunct to the speculation in the stock, the Mobile and Ohio second debentures were marked up from 49 to 56, and later sold at 52½@53, the first debentures rising from 84½ to 86¾. Ohio Central incomes advanced to 70
