
THERE has been considerable journeying to and from town during the past week, but no town homes have been opened. It has become the proper thing, when necessity demands, that one stay in the city for several days or even a night, their apartments in a downtown hotel affording the hospitality that closed city doors refuse.

Just at present all efforts tend to the forthcoming meet at Del Monte.

The programme has not been arranged, and the enthusiasm with which the various organizations throughout the State are entering into the spirit of it indicates that the affair will be the most successful of its kind ever held on the coast.

The sport provided for the first day, Saturday, August 19, will be trap shooting at live pigeons. A number of clever shots have already signified their intention of entering the competition.

On Monday, August 21, the golf contests will begin. These will extend pretty much through the week, owing to the fact that there are only nine holes on the Del Monte links, allowing but few persons to play at the same time. For the same reason the contests except the final team match between South and North are all over eighteen holes, instead of thirty-six, for play would never end if each contestant had to go over the links four times. The first contest will be the preliminary open handicap for ladies for the George Crocker cup, eighteen holes, medal play, to qualify for the handicap. The final competition for the handsome silver cup will take place on Tuesday. On Wednesday the men will play the qualifying round, eighteen holes, medal play, for the Del Monte cup. The players making the sixteen lowest scores will be admitted to the final contest for the cup, which will be played off on Thursday and Friday. Finally, on Saturday, the great contest between teams representative of the South and the North, six men on a side, will be played over thirty-six holes, match play.

On Wednesday there will be a polo match between a Burlingame team, consisting of Joseph Sadoc Tobin, Richard M. Tobin, Walter Scott Hobart and Charles N. Dunphy, and a team chosen from the best men in the Southern California clubs.

A five-mile handicap bicycle race will begin the sports of Thursday, and in the afternoon there will be a baseball game between a nine from the Burlingame Country Club and a nine selected from the alumni of various colleges and universities.

The pony races and steeplechasing will be the attraction on Saturday, and on Sunday the week's pleasure will come to an end with yacht racing on the bay.

There is no hair dye made that does not show—it never gives a natural color to the hair, but instead, lustreless effect that is worse than the cause. Nettie Harrison's 4-day Hair Restorer is not a hair dye; it is a harmless preparation that gives gray or faded hair the natural color. No disagreeable after effects, nothing sticky, cleanly to use. It restores quickly and permanently.
