FRIDAY, March 11—P. M.

The stock market to-day was remarkable for nothing except its dullness. It was in a state of apathetic expectation, awaiting the decision of the Treasury Department. The question whether the banks which had retired their circulation should be permitted to withdraw their deposits of lawful money on the redeposit of bonds was to be discussed at a Cabinet meeting to-day, and until the announcement of the decision the market was inclined to halt. The general opinion among speculators was that the decision would be favorable to the banks, and the report, circulated in the last hour of business, that a decision had been reached but would not be made public until 4 o'clock, tended to strengthen the popular notion. The general movement of stocks market was the result of these sentiments. After the close of business it was announced that the Treasury would not permit the withdrawal of the deposits to retire bank-note circulation. The total recorded sales to-day amounted to only 307,801 shares against 356,071 yesterday. The opening prices were irregular but generally weak, and the early dealings were at declining prices. There were slight indications of strength later in the day, and after small fluctuations prices of active stocks closed from one to two per cent above the last figures yesterday. Delaware, Lackawanna and Western was again conspicuous by its comparative activity, the recorded transactions in it amounting to 42,200 shares. A feature of the day's market was the difference in the prices of Western Union old stock and ex scrip dividend. The new stock sold all day about 2 per cent higher relatively than the old stock, and at the close the difference was still wider. The total sales of old stock amounted to 9,620 shares, and of the new stock to only 4,835 shares. The price of the new stock closed ¾ per cent higher than yesterday, while the old stock closed a fraction lower. These curious facts may indicate a disposition to encourage the buying of old stock by holding out this chance of profit when it can be done by buying the new stock. If holders buy even the same amount of new stock that they sell of the old, they are constantly marketing about one-third of their investment.

Government bonds were less active than yesterday, transactions at the Boards amounting to only $153,000. Prices were strong, and in the final bids all the issues except 5s were ⅛ per cent higher. Annexed are the closing quotations:

Except the Tennessee issues, which were unusually active, State bonds were neglected. Of Tennessee 6s, old sold at 60@60⅜, new at 59¾@60½, and new series at 60@60¾, all closing strong at the best figures for the day. Of city bank stocks, American Exchange (15) sold at 126.

There was little of interest in the dealings in railroad bonds, which were extremely dull. Prices of some issues were lower, but the changes generally were unimportant. Erie second consols were dull, and after small sales at 99½ closed unchanged at 99¾. Missouri, Kansas and Texas first consols and seconds both closed ⅛ higher at 106⅞ and 83⅞ respectively. Boston, Hartford and Erie firsts early sold at 57½, but recovered to 58. Metropolitan Elevated firsts further declined from 105½ to 105, and seconds from 98½ to 97½. Oregon Railroad and Navigation firsts regained yesterday's loss at 107 and, International and Great Northern firsts were the fraction higher at 109½, while seconds were steady at 91. Louisville and Nashville general mortgage 6s were firm at 104¼. Of the Toledo, Delphos and Burlington issues, firsts were unchanged at 97½@97¾, but firsts, Dayton Division, were higher at 99¼, and Dayton Division incomes rose 1 per cent to 41. Denver and Rio Grande firsts were higher at 116½ and 117, but consols declined ½ to 113. Kansas Pacific consols advanced from 105 to 105⅜@105¼, and Union Pacific firsts were firm at 113⅞. Texas Pacific incomes declined 2⅛ per cent to 82, but afterward rallied to 83¼, while firsts, Rio Grande Division, were steady at 97¾.

The business of the Sub-Treasury for the week ending to-night includes the receipt of $2,305,220 and the payment of $2,811,470, resulting in a loss to the general balance of $506,250, and leaving it at $92,638,760, against $93,145,010 March 4. The particular changes of the week are a currency loss of $721,797 and a coin gain of $215,547. The receipts for the week include the transfer of $3,500,000 from the Philadelphia Mint. Money ranged between 6 and 4 per cent for actual business, although offered at lower rates when it was not wanted. The European steamships which arrived to-day brought $1,030,000 in specie. The domestic exchanges on New-York were generally weaker, being at the places named as follows: Savannah, ⅛@¾ premium; Charleston, ⅛@¼ premium; New-Orleans 75 cents discount to par; St. Louis, 50 cents discount; Chicago, 25 cents discount to par; Boston, 60 cents discount. The United States Treasurer at Washington to-day received $190,000 National bank notes for redemption. The customs receipts were $760,000, and the internal revenue receipts were $400,000. The Clearing House statement to-day is as follows: Exchanges, $145,890,759; balances, $6,691,681.
