From Wednesday until the close on Friday the market ruled dull and heavy and a decline of ½c. per ℔ was reported in nearly all grades of Live Cattle. The supply for the three days—Wednesday, Thursday and Friday—amounted to more than 7,200 head, and but for the fact that exporters were operating freely, prices would have fallen much lower, regardless of the high cost in Western markets. Home trade slaughterers bought sparingly all the week, and yet more money was lost in the business than during any one week for several months. The slaughterers who buy their Cattle in Chicago were especially unfortunate. Said one of the largest wholesale butchers in the city, on last Friday: "I have lost more money this week than in any one week in my life, and the profits of two weeks ago are fast disappearing."

The situation this morning was more favorable to all parties, and a firmer and more healthy feeling prevailed. The receipts were light, and after deducting the 38 car-loads of Shipping Cattle and 24 cars of Butchers' Steers, which went to slaughterers direct, there were only 158 car-loads for the market at both yards. The Dressed Beef trade was fair at the close of the week, and with every prospect of a moderate supply until Friday at least, butchers were encouraged to try and make up the losses of last week, and a good clearance was made. The market opened slow and drag, and but later there appeared to be more life, and almost everything was cleared early in the day. Good Cattle were firm, and Common and medium were ½c. higher. The general quality of the offerings was above the average of the last few weeks, and excepting about a half-dozen car-loads of light thin Steers, the Cattle would grade from Fair to Choice. Only two loads of Native Stillers on sale; were sold at 12c. for Choice, and 10½ @11c. for Fair. Of Texans and Cherokees, 200 head were sold at 9c. to dress 50c. per head. A few "scalawags" were sold at 9c. to dress 55 ℔; 5 head of Oxen and 1 load of Poor Steers at 9¼@9½c. to dress 56 ℔, and the range for Common to Choice was from 9½c. to dress 56 ℔, to 12c. to dress 57 ℔, with two car-loads of Extra Illinois Steers, of 1,627 ℔ average, at $7 65 per 100 ℔, equal to about 12c. to dress 58 ℔, and 10½c. per ℔ for those weighing 1,500 ℔ and under. It was noticed that the lots that were a good many very nice Cattle on sale that day, but was even better than the fancy Cattle sold in this market two weeks ago to-day. They were nearly all young Steers, of uniform size, well shaped bodies, and were particularly well fattened; the Illinois feeder certainly had plenty of corn. The lot was sold by Messrs. Vogel & Regenstein to Messrs. Blumenthal Brothers, and it is understood that the matter is to be divided between Messrs. W. Ollman & Co. and Messrs. Reinecke & Co.

Mr. Eastman received 471 head, nearly all for exportation to dressed quarters. I. S. Van Nierop & Sons received 117 prime shipping Cattle as part of the cargo for the steamer Victoria, advertised to sail on Saturday. Goldsmith & Waixel reserved about 85 head to ship alive, and T. Tuffey & Co. purchased 123 head for their Beef export trade. No shipments of live stock of any kind will be made before Wednesday.
