BANKING AND FINANCIAL.

OFFICE OF FISK & HATCH, 5 NASSAU-ST., NEW-YORK, MAY 30, 1881.

Of the $2,000,000 CHESAPEAKE AND OHIO "SERIES A" BONDS, which we have been selling for the Company at 105 and interest, there are but about $200,000 remaining for sale; the price for these is advanced to 106 and interest.

This road is in active and successful operation, and will earn this year, net, three-fold all its interest payments.

The ELIZABETHTOWN, LEXINGTON AND BIG SANDY R. R. First Mortgage Bonds have sold so rapidly that the price is advanced from to-day to 103 and interest.

This road is the Western continuation of the CHESAPEAKE AND OHIO, and will connect it with the entire system of roads West and Southwest.

Both the above bonds pay their interest promptly and regularly in New York City, in gold coin, and we regard them as an excellent investment. Interest six per cent.

BEEVES—Receipts yesterday and to-day were 162 carloads at Jersey City and 202 cars at 60th-st., making 6,080 head, against 5,120 head last Monday. The arrivals the past week were 699 head less than last week, and 2,050 head less than the corresponding time last year. The large receipts of Live Stock during the week were: T. C. Eastman, 2,211 head; D. Walxel, 1,756 head; F. Joseph, 965 head; M. Goldsmith, 932 head; H. Meyer, 948 head; Meyer & Regenstein, 829 head; Morris & Siegel, 825 head; Samuels & Shamberg, 733 head; R. P. Lindsay, 568 head; N. Morris, 560 head; G. W. Sadler, 508 head; Levy & May, 455 head; A. Furst, 307 head.

Experts for the week were as follows: T. C. Eastman, 328 Live Cattle; Joseph Eastman, 4,218 quarters of Beef and 1,500 carcasses of Mutton; Sherman & Gillett, 484 quarters of Beef, 131 carcasses of Mutton and 99 Dressed Hogs—making a total of 828 Live Cattle, 4,702 quarters of Beef, 1,631 carcasses of Mutton, and 99 Dressed Hogs, against 3,747 Live Cattle, 8,797 quarters of Beef, 3,596 of Live Sheep, 3,065 carcasses of Mutton, and 150 Dressed Hogs for the corresponding week last year.

From Wednesday until the close on Friday the market varied very little either way. The supply of Cattle was liberal, but slaughterers were operating freely and a pretty good clearance was made each day. Most of the Cattle lost money for the shippers, yet the losses as a rule were not heavy. The claim that lower freight rates are beneficial to the large shippers is baseless, from the fact that it encourages outside parties to ship Cattle, which increases the supply and forces prices down here, so that the profits are no more, and generally less, than when it costs 90c or $1 per 100 lb to run them on. The total supply for to-day's market, excluding early 60 cars of export Cattle and 47 cars of butchers' Steers consigned direct to slaughterers, was 258 cars of about 4,200 head. There were no less buyers at the market-places because of the National holiday. "We know no holidays in our trade," was the half mournful remark of one of our largest drovers. Still the large attendance of buyers did not avert the break which all anticipated when the heavy run became generally known. Butchers went to the yards determined to buy Cattle cheaper, and for several hours in the morning the market was almost at a standstill. Finally sellers yielded, and for two hours business was quite lively; but the market again assumed a very quiet appearance, and there was a dull finish. Closing prices were ¼@½c lower than on Friday, and the average for the day was a strong ¼c off. And the Cattle were not all sold. The reported transactions included 6 cars of through Texans (first of the season), at 8¾c, to dress 55 lb; 6 cars of Corn-fed Texans at 9¼c, to dress 56 lb; some poor Distillery-fed Cherokees at 8c, to dress 55 lb; 16 cars of Corn-fed Colorados at 10@11¼c, to dress 56 lb; a large number of Distillery-fed Steers from Chicago, Peoria, Cincinnati, Covington and Cynthiana, at 9½c to 10¾c (Stillers suffered a greater decline than Corn-fed Cattle, owing to the warm weather); and about 160 cars of Native Corn-fed Steers changed hands from 10c to dress 56 lb, to 12½c to dress 56 lb.

Exporters received and purchased about 940 head, not over 200 of which are for shipment alive. Mr. M. Goldsmith will ship 90 Live Cattle and about 200 Live Sheep on the steamer Devon, either to-morrow or on Wednesday.

CALVES—Receipts were 2,328 head—2,268 at 60th-st., and 60 at Jersey City. Demand very good and the tone of the market is reported about steady. Straight lots of all Butter-milk Calves were sold at 4@4¼c; mixed lots at 4¼@5½c., and Common to Prime Veals at 5½@6½c; few Choice at 7c.

SHEEP AND LAMBS—Receipts were 35½ cars of 6,968 head—18½ cars at 60th-st. and 17 cars at Jersey City. There was a little better feeling in the market for good butchers' Sheep of 85 to 90 lb average, and for Prime Lambs, but all other grades of stock were quiet and steady. The more moderate receipts encouraged sellers to hope for a better run this week, and there may be some improvement in prices by Thursday or Friday.
