wildest day of the last two years. The market opened weak this morning at a decline of ¼@½ per cent from last evening's figures. But after a little while, under a large speculative buying, prices began to improve, and with few unimportant reactions continued to rise all day until the advances ranged from 1 to 5 per cent. Lake Shore was conspicuous in the dealings; in fact, it was the keystone of the whole market. After selling at 123 it rose to 126⅛ and ended only ¾ per cent lower than its best figures. Northwest, St. Paul, the coal stocks, the Southwestern list generally, Western Union and Pacific Mail all made important advances, and other stocks were behind only in degree. During the last half hour there was a small reaction, but the market closed strong.

Government bonds were dull, but a better demand advanced the bids, so that at the close the biddings were ⅛ higher for the continued 6s, and ¼ per cent higher for the continued 5s, 4½s and 4s. The market closed strong at the annexed quotations:

No business was done in State bonds, but the quotations were firm; Louisiana consols at 67@68½ and Tennessee 6s at 73@75. Of city bank stocks five shares of America sold at 141.

The business done in railroad bonds was not large, and that which was done was principally in a few of the speculative kinds. Prices generally were higher, in sympathy with the share market. Erie second consols rose from 101¾ to 103@102½. Missouri, Kansas and Texas firsts were steady at 110¾, and the seconds were ¾ higher at 82⅞. Boston, Hartford and Erie firsts were only ¼ higher at 79, and Rome, Watertown and Ogdensburg firsts were ½ higher at 98. C., C. and I. C. incomes were the special feature in the dealings, the price for them rising from 77½ to 82½. Chesapeake and Ohio firsts, series B, were ⅝ higher at 87½, and the currency debts were ¼ higher at 60@59¾. Ohio Central incomes were active at 55@55¾@55½ against 55⅛ yesterday, and Ohio Southern incomes sold up to 49¾, and Rochester and Pittsburg incomes recovered from 48 to 49⅞@49½. St. Paul consols were ⅝ lower at 125¼. Texas and Pacific incomes rose from 78½ to 80½@80, the firsts, Rio Grande Division, being ¼ lower at 99¼@99½.

The business of the Sub-Treasury for the week ending to-night includes the receipt of $17,057,488 and the payment of $15,332,535. The result is a gain to the general balance of $1,724,953, and leaves it at $79,400,750 against $77,675,799 July 22. The particular changes of the week are a coin gain of $1,883,388 and a currency loss of $54,435. The receipts, however, include $100,000 gold coin from San Francisco, so that the gain from the local market is only $1,624,953. Money was in abundant supply, and call loans were made at 3@2½ per cent. The domestic exchanges on New-York are as last reported. The United States Treasurer at Washington to-day received $192,000 National bank notes for redemption. The customs receipts were $911,950, and the internal revenue receipts were $318,688. The Clearing House statement to-day is as follows: Exchanges, $153,583,000; balances, $1,925,972. The transactions at the Sub-Treasury covered: Receipts, $1,375,242; payments, $771,318; currency balance, $5,135,356; coin balance, $74,265,394.

SEEDS—Quiet but firm at $1 35 asked for Domestic Flax and 7½@8c. for Clover; Linseed, $1 95@$2. Messrs. J. T. Thomas & Co., of St. Louis, in a circular say: "The out-turn of the Flaxseed threshing in Iowa, Kansas, Missouri and Illinois proves very disappointing. Letters from all over the above-named States to ourselves and numerous commission merchants here and dealers in Chicago, show that the promise of the two-year three and four weeks ago is by no means fulfilled, and the farmers are almost universal in a yield of four to seven and eight bushels per acre where ten to fourteen bushels were expected. An average yield is the meagre exception. The increase of acreage sown to Flaxseed largely exceeds last year, but the acreage sown to Flaxseed is so excessive that we now doubt if much (if any) more than last year's yield will be obtained from the whole country."

LIVE STOCK MARKET.

NEW-YORK, July 29.—BEEVES—Receipts were 130 cars of 2,206 head—74 cars at Jersey City and 56 cars at 60th-st. Since Saturday receipts have reached 12,556 head, against 14,481 head for the corresponding six days last week. The arrivals are very heavy to-day, but with nearly 40 car loads of stale Cattle in the yards the supply was more than equal to the demand, and sellers were forced to make some concessions to effect a clearance. Trade was slow and very unsatisfactory, and the receipts of car-loads prolonged the market at Jersey City until long past the noon hour. There were not many Texans on sale in the morning, and they brought rather more than they could have been sold for on Wednesday. Grass Texas Steers sold at about previous prices, but the common and medium grades were fully ½c lower. Fair Texas sold at 8c to dress 55 lb, and 3 cars of poor Colorados at 7½c and 50c. per head.
