CAUTION.

WE are called on to caution the public, the Druggists in particular, against purchasing from any traveller under whatever pretences they may be offered, any of

DR. EVANS' INVALUABLE MEDICINES,

on their unprecedented success in the cure of Consumption, Dyspepsia, Liver Complaint, Indigestion, Costiveness, Loss of Appetite, Palpitation of the Heart, Pain in the Head, Breast, Back and Limbs, Dizziness, Restlessness, and all diseases originating in the Stomach, Heart, Lungs, Liver, and the associate organs, &c., has caused a reckless Imposter, who it is ascertained, has been travelling through Pennsylvania, Maryland, Virginia, &c., to counterfeit and vend a deleterious imitation of EVANS' CAMOMILE AND APERIENT PILLS; and another imposter has introduced into Pennsylvania, &c., a spurious article, purporting to be PARIS' SOOTHING SYRUP, for children when cutting their teeth—both of which are deleterious compounds. Therefore in order to protect the public against the frauds of such impositions, and to secure form the benefit which his Genuine Medicines never fail to confer, he has caused the label of EVANS' CAMOMILE &c. PILLS, to be entered according to an act of Congress.

A notice of which entry is printed on the labels on every bottle of the Genuine Pills, and he has caused the name of Dr. J. L. Paris to be stricken out of the label of his celebrated Soothing Syrup, for children when cutting their teeth, so that the label of the genuine comp rends

DR. WM. EVANS' SOOTHING SYRUP, an infallible remedy for the pain and diseases to which children are subject when cutting their teeth, and approved by thousands of mothers and nurses, who have by its early application, not only prevented their children from suffering excruciating pain but in many instances rescued them from death.

☞ Be particular in examining the labels, and also in knowing that Dr. Evans never vends any of his medicines save through the medium of his resident agents, as advertised throughout the Union, or at the Western Office, Louisville, Ky., and his principal office 100 Chatham Street, New York, where wholesale orders will be promptly executed on the most liberal terms.

☞ The public may rest assured that in every instance that comes within the knowledge of Dr. Evans, or any of his agents, where the Counterfeit Medicines are purchased or vended, he will give them the earliest public notice of the imposition. Already have proceedings both civil and criminal been instituted against several Druggists who have been detected, and their names will be published in a public manner at an early date. THE BEST PROTECTION he can offer for the present is, to caution purchasers to obtain his Medicines from the

DR. GOODE'S CELEBRATED FEMALE PILLS.

THESE Pills are strongly recommended to the notice of the Ladies as a safe and efficient remedy in removing those complaints peculiar to their sex, from want of exercise, or general debility of the system, obstructions, suppressions, and irregularity of the menses; at the same time, strengthening, cleansing, and giving tone to the stomach and bowels, and producing a new and healthy action throughout the system generally. They create appetite, correct indigestion, remove giddiness and nervous headache, and are eminently useful in those complaints which distress females so much at the "TURN OF LIFE." They obviate costiveness, and counteract all hysterical and nervous affections, likewise afford soothing and permanent relief in fluor albus, and in the most obstinate cases of chlorosis, or green sickness, they invariably restore the pallid and delicate female to health and vigor.

These pills have gained the sanction and approbation of the most eminent physicians in the United States, and many mothers can likewise testify to their extraordinary efficacy. To married females whose expectations of the tenderest pledges of connubial happiness have been defeated, these Pills may be truly styled a blissful boon. —They soon remove all incumbent debility, and if taken according to directions, obviate all morbid action.

DR GOODE'S CELEBRATED FEMALE PILLS—are for all the following diseases: Suppression, irregularity or retention of the menses, floor albus, chlorosis or green sickness, costiveness, gravel, hypochondriacy or spleen, nervous affections, hysterics, prolapsus uteri, or falling of the womb, and piles: also, pains in the side, chest, limbs, head, stomach or back; dizziness, or confusion of sight; alternate flushes of heat and chillness; tremors; watchings; agitation; anxiety; bad dreams, and spasms. This medicine is acknowledged to be one of the most valuable ever discovered as a purifier of the blood and fluids; it is superior to sarsaparilla, whether as a sudorific or alterative.

INTERESTING AND APPLICABLE TO THE AFFLICTED, WITH DISEASES OF THE STOMACH, OR NERVES, such as Dyspepsia, either Chronic or Casual, under the worst aspects of Dyspepsia; Lowness of spirits and general convulsions; Consumption, whether of the Lungs or Liver; Liver Affections; Jaundice, both Hepatic and Spasmodic; Costiveness; Worms, of every variety; Rheumatism, whether Acute or Chronic, together with Gout, Scrofula, Pains in the Head, Back, Limbs, and Side; Typhus Fever, Scarlet Fever, Putrid Sore Throat, Fever and Ague, Spasmodic Palpitation of the Heart and Asthma, Nervous Irritability, Nervous Weakness, Hysterics, Tic Douloureux, Cramps, Female Obstructions, Heartburn, Headache, Cough, the Common or Hooping, and the Dry or Nervous Whooping; Asthma, Gravel, and Dropsy.

The Blood has hitherto been considered by Empirics and others, as the great regulator of the human system, and such is the devotedness to this adage, that erroneous doctrine, that it cannot be thought of. But the simple question of this fallacious opinion, without enquiring into the primary source from whence Life, Health and Vigor emanate, and the reverse, sickness, disease and death. Not so with Dr. Hunt, whose extensive research and practical experience so much amplify the knowledge of which he has been one of the most useful members. He reasons—and a moment's reflection will convince any reasonable mind of the correctness of his views—that the stomach, liver and associated organs are the primary and great regulators of health, and that the blood in very many instances is dependent on these organs, and that unless medicine reaches THE ROOT OF THE DISEASE, the superficial and divine usually prescribed, serve but as foils to cover the ravages of unpolluted maladies. Under these conditions, at the expense of years of close application, the doctor has discovered a medicine whose searching powers are irresistible, and in prescribing, it is with knowledge of its being a radical cure in the various diseases already enumerated, even in the most critical cases, but he does not pretend to compete to HUNT'S BOTANIC PILLS as a cure all, taking rather long from positive proofs within the knowledge of hundreds, he is prepared to show, that when every other remedy has been given in vain, Dr. Hunt's Botanic Pills have never been known to fail in effecting the very grateful results. Out of raising from the bed of sickness, and disease, those who have tried them, and thus amply rewarding Dr. Hunt for his skill, and the study to attain this perfect balm of health.

BOWEL COMPLAINTS CURED.—Jayne's Carminative Balsam is a certain, safe, and effectual remedy for dysentery, diarrhœa, or looseness, cholera morbus, summer complaint, colic, griping pains, sour stomach, flatulency, &c. &c. and all spasmodic and nervous diseases, as sick and nervous headache, hysteria, cramp, &c. &c.

From Dr. M. L. Knapp, late physician to the Baltimore Dispensary, and agent for the Maryland Vaccine Institution. BALTIMORE, MARCH 27, 1838.

DR. JAYNE: Dear Sir: You ask me what proofs I meet with of the efficacy of your medicine. I can safely say that I never prescribed a medicine for bowel complaints that has given me so much satisfaction, and my patients so speedily and perfect relief as this. Whenever introduced into a family, it becomes a standing remedy for those ailments, and is called for again and again, which I think a pretty good proof of its efficacy and usefulness. In the summer complaints of children it has frequently appeared to snatch the little victims, as it were, from the grave. It saved the life of my child, and of such and such a child, I have repeatedly heard said. In dysenteric affections of adults, I have time and again seen it act like a charm and give permanent relief in a few hours, I may say in a few minutes. In fine it is a valuable medicine, and no family should be without it. Respectfully,

M. L. KNAPP, M. D.

From Dr. Wm. Sterling, late of Lisbon to the Cambridge, N. Y. Academy.

BRYDGEPORT, JULY 19, 1838.

This may certify that I have used Dr. Jayne's Carminative Balsam very extensively in bowel complaints, and have not the least hesitation in recommending it to any preparation that I have met with for the cure of those diseases. WILLIAM STERLING, M. D.

From Johnson Going, D. D. late of New York, President of Granville College, Ohio.

NEW YORK, MAY 28, 1838.

DR. D. JAYNE: DEAR SIR: Have you Carminative Balsam in my family, and I find it admirably adapted to the complaints for which it is intended. I take pleasure in recommending it to my friends, and the public generally, believing those who are afflicted with any of the complaints will find relief in the use of this valuable medicine.

JONATHAN GOING.

From the Rev. H. K. Greene, Professor in the German town Collegiate Institute.

GERMANTOWN, APRIL 30, 1838.

DR. JAYNE: My Dear Sir: It gives me pleasure to communicate in this manner, my favorable opinion of your Carminative Balsam. For two years it has been in almost constant use in my family. It was thus introduced: A child of five years old had been sick some five or six days with the dysentery. Calomel and other medicines had been largely administered, but without the least apparent benefit. The peculiar discharges from the bowels were unchanged in both character and frequency; the strength of the little patient could not hold out much longer. At this juncture, I was reminded by a friend of your Balsam. After a portion of castor oil, it was administered several times through the night. In the morning, the physician found the discharges essentially changed; the disease was checked, fever removed; all other medicines were discontinued, and the child was soon restored to usual health. We have ever since kept this invaluable medicine on hand, and for both adults and children have found it quite as efficacious. We readily pronounce it the best adapted to family use of all the preparations with which we are acquainted. Hoping that the public will soon become universally acquainted with this medicine, I remain yours, &c.

CONSUMPTION!

DR. RELFE'S ASTHMATIC PILL'S have, from their extraordinary success in giving instant relief, and in curing Colds, Coughs, Asthmas, Difficulty of Breathing, Wheezing, Tightness of the Chest, Pain in the Side, Spitting of Blood, Chillness and Shivernigs that precede Fever, and Lung Complaints generally! become one of the most popular Medicines known, and are sought after from every part of the country, on account of the astonishing success which has attended their administration in the above complaints, frequently curing the most confirmed cases and giving the most unexpected relief, after every other remedy has failed, and persons had given themselves up in despair of a cure!

They have been known to cure persons supposed to be far gone in consumption, and exhibiting all the appearance of approaching dissolution.

And such have been the salutary effects of these Pills, even in hopeless cases, as so far to mitigate the sufferings of the patient, as evidently to prolong life for days and weeks, and give to it a positive comfort they never expected to enjoy.

The operation of the pills is wonderful in easing respiration, quieting the cough, and procuring comfortable rest.

Common colds are frequently removed in a few hours.

☞ "Although (says a person speaking of these Pills) my wife has tried various medicines of the first celebrity, for an Asthmatic difficulty, (or affection of the lungs,) which at times was exceedingly distressing, confining her to her house for days and weeks together, she finds *nothing gives her the relief which Relfe's Asthmatic Pills do!* —easing her respiration, quieting her cough, and giving her comfortable rest." And this is the testimony of hundreds of thousands. The relief which *aged people*, as well as others, experience from the use of these Pills, is truly astonishing, and renders them invaluable to many, and are in fact, to some, an essential auxiliary to their comfort, and almost to their existence!

☞ A Physician informed the Proprietor, that a gentleman in the country obtained to him, he had reason to believe the use of these Pills had been the means of saving his life.

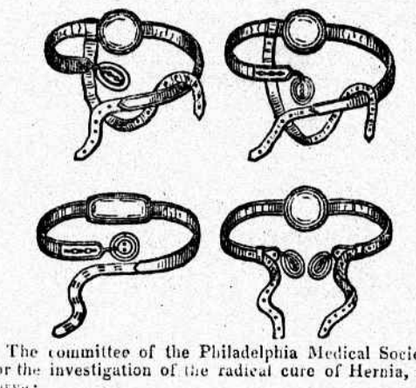
IMPROVED SURGEON'S TRUSSES, for the radical cure of Hernia, or Rupture, by HEBER CHASE, M. D., Philadelphia.



The committee of the Philadelphia Medical Society, for the investigation of the radical cure of Hernia, observe:

"Fully impressed with the extreme caution required in forming conclusions concerning changes of structure taking place in parts of the body concealed, not only by the integuments, but by tendinous matter and fascia, and where the nature of the disease renders the opportunity of post mortem examination exceedingly rare, your committee has been desirous to avoid that blameable haste in the decision of important questions which has too frequently given to plausible and ingenious methods of treatment a temporary reputation, to the abuse of public confidence and the injury of the profession, by granting to empiricism the weight and influence of great names.

"The instruments of Dr. Chase have effected the permanent and accurate retention of the intestines in every case of hernia observed by the committee, without material inconvenience to the patient, and often under trials more severe than are usually ventured upon by those who wear other trusses—trials which would be imprudent with any other apparatus known to the committee

"The committee are induced, by the foregoing conclusions, to recommend, in strong terms, the instruments of Dr Chase to the confidence of the profession, as the best known means of mechanical retention in hernia, and as furnishing the highest chances of radical cure.

"They have no hesitation in saying that, were they individually affected with this terrible disease, they would resort to this method of treatment, with the triple view of securing their comfort, safety, and ultimate chance of recovery.

REYNELL COATES, M. D.,
WM. ASHMEAD, M. D.,
ISAAC PARRISH, M. D.,
Committee."

"All must now admit of the radical cure of Hernia, and that Dr. Chase's Trusses are decidedly the best yet invented to effect that object."—*Southern Medical and Surgical Journal.*

Within the short space of eighteen months its circulation has extended to over 20,000 subscribers, and it still goes on to increase rapidly with farmers, mechanics, artizans, tradesmen, agriculturalists, merchants, manufacturers, and men of leisure in every district of the United States, among whom its character is appreciated.

It is decidedly and emphatically the cheapest family newspaper in the world, affording to clubs of tens the means of receiving every week throughout the year a valuable compendium of literature and useful intelligence for the small sum of one dollar. The Biographies of distinguished American Statesmen and Patriots, which have given so much satisfaction to the readers of the Messenger, will be continued; together with original tales, essays, and poetry, the most piquant and entertaining selections from the British periodicals, translations from the works of the leading writers of romance and poetry on the continent of Europe, and notices of the popular American and foreign literature of the day—and every effort used to maintain the present flattering popularity for which the paper is so widely circulated.

A ten dollar bill in advance will pay for ten copies of the Messenger for one year.

A five dollar bill will pay for four copies for one year.

Two dollars in advance is the price of an individual subscription for one year.

One dollar will pay for a single subscription for six months only

*** At the expiration of the term subscribed and paid for by Clubs, the paper is invariably discontinued, unless the advance money is forwarded previous to that time, and the subscription renewed. All letters must be post paid, or they will not be taken out of the Post Office. Address CHARLES ALEXANDER.
