LIVE STOCK MARKET.

NEW-YORK, Sept. 7—BEEVES—Receipts to-day and yesterday were 298 cars of 5,058 head—168 cars at 60th-st. and 130 cars at Jersey City. Total since Saturday, 11,084 head against 8,689 head for the corresponding time last week. Exclusive of the Cattle reserved by Mr. Eastman for British markets, and some 40 car-loads which were consigned direct to slaughterers, and the total supply for the market at 60th-st. was only about 50 cars. The demand, however, was only fair, and while Good to Prime Cattle ruled about steady, the medium and common grades were ¼c. lower. The offerings at Jersey City were moderate and in a measure counteracted the influence of the dull dressed meat market yesterday. Butchers took hold pretty well early in the morning and the feeling was certainly good up to 9 a. m. But the almost torrid heat was a strong reminder that for a few days the demand for beef will be light and that it would be an act of folly to kill as many Cattle as last week. The market, therefore, weakened perceptible before the close, and Good Cattle were higher than on Monday owing to the scarcity, Poor to Fair Steers were about steady at the finish. Texans, Colorado Texans and Colorados sold from 7¾c. to 9c. to dress 55 lb, Poor to Fair Natives at 7¾@10¼c. to dress 55@56 lb, and Good to Strictly Prime do., at 10½@12c. to dress 56@57 lb, Colorado.
