not entirely credited. Yet the general stock market closes lower to-night than it did last night. First prices to-day were anywhere from ⅜ to ¾ per cent higher than last evening's closing figures. But the later dev lopments demonstrated beyond a doubt that they were made so to sell stocks. Few stocks recorded any higher figures during the whole day than were the opening prices. Spasms of strength were followed by reactions, but at no time did there seem to be any heartiness or confidence in the ruling figures. What "shorts" there were, were the amounts large or small, scared their stocks with an ease that surprised them and disappointed the traders who were disposed to, and did, take "flyers" on the "long" side of the account. From the public there was not even a nibble at the speculative hook of prospective easy money. The fact is, t at in the appreciation of the true conditions touching values, present and prospective, of corporative securities that have advanced from 50 to 75 per cent on the phenomenal results of s ch a year's business as that of 1880, and of the results of a railway war that is so far from a settlement that long-time contracts (even for twelve months) for freights, at lo er rates th an ever before were known, have recently been made, Wal. Street speculators are far behind that class which is engaged in mercantile pursuits, whose practical knowledge of what is actually being done takes the place of Stock Exchange irresp nsible rumors of what is intended to be done. The elevated railroad stocks were affected by Judge Westbrook's decision refusing to restore the New-York Elevated Railroad to the New-York Company, and his order to the receiver of the Manhattan Company to bring suits against the New-York and Metropolitan companies for the recovery of $3,500,000 and in great from May, 1879, for Manhattan stock delivered to them with out consi eration. Manhattan rose from 44¼ to 50¾@49; New-York Elevated fell fro n 110 to 107¾ and recovered to 109, and Metropolitan fell fr m 87¾ to 85¼@86. The general market closed weak and unsettled.

The dealings in Government bonds did not reach important results at the Boards, but a good business is reported at the offices of the large dealers, in the way of exchanging the called 6s for the continued 5s. Hence the price of the latter class at o ne time during the day was quoted at 101¼ bi i; the clo ing quotation was 101 bid, against 100⅞ last evening. The other changes in the final bids are an advance of ⅛ for the continued 6s and a decline of ⅛ for the 4½s. Annexed are the closing quotations:

	Bid.	Asked.		Bid.	Asked.
U.S. 4½s, '91, reg	113	113¼	U.S. cur 6s, 1837	131	....
U.S. 4½s, '91, coup	112⅞	113¼	U.S. cur 6s, 1838	132	....
U.S. 4s, 1907, reg	115⅞	116	U.S. cur 6s, 1840	133	....
U.S. 4s, 1907, coup	115⅞	116	U.S. cou 6s	101¼	101
U.S. cur. 6s, 1896	119	....	U.S. con 5s	101	101¼
U.S. cur. 6s, 1897	120	....	Dist. of Col. 3-65s	107	108

The feature in State bonds was the r newed demand for all the railroad (except the Central) issues of Arkansas 7s, and their advance to 30¼@30. North Carolina special taxes sold at 9½, and Missouri 6s, 1887, to Hannibal and St. Joseph, sold at 108, pla n 1887 at 108½, and 1888 at 109½. Of city bank stocks Commerce sold (22) at 151.

There was not much of a "boom" discernible in the railroad bond market. A few issues showed some improvements in the first dealings, but when there were late transactions the early gains were all lost. Erie second consols rose to 103, but closed at 102⅜ against 102½ yesterday. Boston, Hartford and Erie firsts rose to 70, but the fin l sale at 68 was a decline of 1 per cent. Rome, Watertown and Ogdensburg firsts sold at 92@92¼, an advance of ¾ per cent. Mobile and Ohio first debentures brought 98¼ and seconds, 72½; Metropolitan Elevated firsts sold at 100⅛@100 against 99⅞ yesterday. For Oregon Railway and Navigation firsts there was a sharp rise fro n 107½ to 110⅛@110. East Tennessee, Virginia, and Georgia incomes were active between 52½ and 53¼, for all, closing at 53. A very well distributed business, in small amounts, was done in the investment classes. Texas and Pacific incomes were ¾ better at 72½@72¼, but the firsts, Rio Grande division, after 89⅜, were ¼ lower at 89.

The business of the Sub-Treasury for the week ending to-night includes the receipt of $11,581,455 and the payment of $14,111,591. The result is a loss to the general balance o $2,530,136, and leaves it at $81,309,464 against $83,839,600 October 14. The particular changes of the week are a coin loss of $2,387,681 and a currency gain of $857,545. The receipts, however, include $2,000,000 gold coin received from the Philadelphia Mint, so that the gain to the banks from the Sub-Treasury operations for he week is $4,530,136. The figures indicate a bank statement to-morrow that will show a better condition of the reserves, but it will not be as much b tter as is generally expecte . Money to-day was easy at 5 per cent, and loans either above or below that rate were exceptional. At St. Louis the rate for exchange on New-York has declined to par, and at Chicago to 50@25 cents discount. The other points are unchanged. The United States Treasurer at Washington to-day received $292,000 National bank notes for redemption. The customs receipts were $736,709, and the revenue receipts were $609 748. The Clearing House Statement to-day is as follows: Exchanges, $138,711,178; balances, $3,770,084. The transactions at the Sub-Treasury covered: Receipts, $3,131,335; payments, $1,241,360; currency balance, $4,981,964; coin ba'ance, $76,327,500.

The foreign exchanges are du l, but rates are fairly steady and for actual business are as follows: Bankers' bills, sterling, $4 79½ and $4 84 for long and short bills respectively; francs, 5.28⅛ and 5.24⅞; reichmarks, 93⅝ and 94½; guilders, 39½ and 39⅞.

The English telegraphs to-day are working badly, so that our dispatches from London are meagre, the latest date received at this hour being 3 p. m. British consols opened weaker at 98 15-16 for money, and at 99 1-16 for account, a decline of ⅛ for each class. United States continued 5s are ¼ higher, at 103¾. American railways generally are a little better than la st evening, but are irregular. In Paris, French 3 per cents rose from 84 to 84.15.

The gross earnings of the following railroads are reported.

FLINT AND PERE MARQUETTE.

	1880.	1881.		
Second week in Oct...	$36,216	$37,257	Inc.	$1,012

WHISKEY—Firm, but quiet at $1 45 for Arctic.

WOOL—Messrs. Manger & Avery's circular says: Since our circular of September 27, the wool market has been comparatively quiet. There has been a fair inquiry for our staple wools, but not enough to satisfy dealers who would like to reduce their stock more rapidly. Notwithstanding the falling off in sales, there is but little, if any, positive weakness in values. The demand has been mainly for the better qualities of clothing and combing fleece.

LIVE STOCK MARKET.

NEW-YORK, Oct. 21.—BEEVES—Receipts were 194 cars of 3,400 head, 55 cars at 60th st., and 139 at East Jersey City. Total since Saturday, 17,104 head, against 18,141 head for the corresponding six days last week. The Dressed Beef market has been so dull for weeks that there was little inducement for butchers to operate beyond a day's requirements. There was, the e fore, the dullest market of the month and the great bulk of the late receipts will in all probability be carried over. Only 54 cases of fresh Cattle and 1 car of state dressed were on sale at Jersey City up to 1 p. m. Most of these were common Nathan and Color des, just the class of stock that was not wanted. A few good Colorados and good to Prime Natives were sold at barely Wednesday's prices, while all other grades were from $1 per head to ¼c. per lb lower. The 84 cars back on the Pennsylvania road were on four trains the last of which was not expected to arrive before 5 p. m. If the usual rule, management of the stock train continues shipped last better forward cattle from Pittsburgh 12 hours earlier on Saturday, Monday and Wednesday so as to reach here in time for our Wednesday markets. There was no trouble with the stock at 60th st., but buyers were scarce and the offerings could not be closed out at a reduction of ¼c. per lb or the stock was carried over to Wednesday 1 st. Texans had clogged our yards and the stock is likely to be carried over. Prin h steers are dull, but everybody else can have what they want. Sales were made at 5@5½c. Stags sold from 4 to 4½c; Bulls from 3½ to 4½c.

SALES—Bidenbach & Co. sold: 18 Kansas Steers, 1,214 lb, at 5½c.; 20 do, 1,200 lb, at 5½c.; 20 do, 1,200 lb, at 5½c.; 20 do, 1,200
