FRIDAY, Dec. 16.—P. M.

While the stock market to-day generally was about as dull as usual, it was not so entirely barren of incidents and interesting features as the markets lately have been. The early dealings were enlivened by the smart and rapid advances in the prices for the Virginia railroads. Richmond and Danville stock opened at 152 and rose to 164; Richmond, Danville and West Point started at 150 and sold up to 159, and Richmond and Alleghany rose from 39¾ to 47. The total transactions in the stocks named amounted only to 15,600 shares, and their closing figures were from 2½ to 3¾ per cent off from the best figures. Louisville and Nashville, and Nashville, Chattanooga and St. Louis and Memphis and Charleston also contributed toward making matters cheerful in the early hours and advanced 1¾, 2½ and 4¾ per cent, respectively, from their opening figures. Of these stocks the total sales amounted to 51,900, and they, too, later fell off from ¾ to 2½ per cent. The general market, however, responded only feebly to the advances above recorded, and it very soon lapsed into its usual torpid condition. The sensation of the afternoon was the weakness developed by the Denver and Rio Grande stock. Early in the day the dealings in that stock were unusually large, but the price, after an early decline of ¾ per cent to 78½, held fairly steady at about 78¾ until after mid-day. After that the price broke to 75½, and closed with only a recovery to 76@75¾. There are special causes affecting Denver and Rio Grande, that later, however, may be more generally effective. It appears that there are large arrearages on the subscriptions to some of the stock and bonds of connecting construction companies, and that, as in many instances, the original subscribers have sold their right, and as the rights are selling at a large discount in the market, it may be necessary to bring suits against the original subscribers to collect the assessment of unpaid subscriptions. The decline in Denver and Rio Grande was much more effective in the general market than were the special movements of the morning before referred to. The whole market was influenced with activity, and although the other declines were unimportant they were general, and the market closed weak at the lowest figures of the day.

Government bonds were dull, but the business that was done was unusually well distributed. The only change in the official biddings was a decline of ⅛ for the 4s. The market, however, closed weak at the quotations which are as follows:

	Bid.	Asked.		Bid.	Asked

In State bonds Tennessee 6s continued active and strong and rose from 75½ to 77@76¾. Transactions were reported in Arkansas 7s, Fort Smith Railroad, at 26 and 28. North Carolina special taxes sold at 9. Of city bank stocks, America sold (5) at 154, and St. Nicholas (5) at 120.

Railroad bonds generally were dull, and at shaded figures, but the Boston, Hartford and Erie firsts were active, and rose from 68⅞ to 71½, and a ter a decline to 69½ closed at 70. Erie second consols were off ⅜ at 100⅜. Missouri, Kansas and Texas first consols were steady at 107½, but the general 6s declined to 85½. New-Jersey Central incomes brought 102½@102¼. Chesapeake and Ohio firsts, series B, were easier at 84, as also were the currency debts at 55½. Canada Southern firsts were steady at 99¼@99⅜. Ohio Central incomes rose from 46¼ to 48½@47½, and Ohio Southern incomes rose from 46¼ to 47½. Louisville and Nashville general mortgages were ½ higher at 95. Atlanta and Charlotte Air Line incomes sold at 95, and East Tennessee, Virginia and Georgia incomes were ⅜ higher at 51⅜. Denver and Rio Grande issues were weak and lower, firsts at 113½ and consols at 107½. Texas and Pacific incomes were quiet at 75 and firsts, Rio Grande Division, sold at 90@89⅞. New-Orleans and Pacific firsts sold at 94¾@95 and Northern Pacific firsts at 103¼.

The business of the Sub-Treasury for the week ending to-night includes the receipt of $8,385,754 and the payment of $7,924,329. The result is a gain to the general balance of $461,405, and leaves it at $91,561,429 against $91,100,024 December 9. The particular changes of the week are a coin gain of $424,020 and a currency gain of $37,385. The receipts, however, include $2,000,000 gold coin received from the Philadelphia Mint, so that as affecting the local money market there is a loss of $1,538,595, which sum is a gain to the banks, but in the bank statement the operations of the Sub-Treasury for the week will average a loss, the entire gain by the banks, having been made during the last two days. But as last week's statement was made on rising averages it is probable that to-morrow's statement will show some improvement in the reserve, unless the shipments to the interior have been larger than they are supposed to be. Money to-day ruled at 6 per cent for call loans and at the close was sharp at this rate. The only quoted change in the domestic exchanges on New-York is a decline to 50 cents discount at Chicago. The United States Treasurer at Washington to-day received $237,000 National bank notes for redemption. The customs receipts were $778,696, and the revenue receipts $437,667. The Clearing House statement to-day is as follows: Exchanges, $138,090,940; balances, $5,474,512. The transactions at the Sub-Treasury covered: Receipts, $1,144,857; payments, $2,237,891; currency balance, $4,663,035; coin balance, $86,808,394.

The foreign exchanges are rather more active than they lately have been, and the markets are firm at the following quotations for actual business: Bankers' bills, sterling, $4 80½ and $4 84½ for long and short sight respectively; francs, 5.25⅝ and 5.20⅝; reichmarks, 94⅛ and 94⅞; guilders, 39⅝@40.

In London British consols were steady at 99 3-16 for money and 99 7-16 for account. United States bonds were firm and quotations were unchanged. American railways were irregular, but generally a shade lower than yesterday. The Bank of England lost £70,000 bullion on balance. In Paris French 3 per cents were quoted at 85.05 for ex interest. Coupons due January 1, 1882, from bonds of the Oregon Railway and Navigation Company will be paid at the Farmers' Loan and Trust Company.

The North River Construction Company gives notice that an instalment of 10 per cent on each share of the increased capital stock of that company has been assessed and called, payable on Thursday, January 5, 1882, to the treasurer at the company's office, No. 20 Nassau-st., New-York.
