LIVE STOCK MARKET.

NEW-YORK, March 15.—BEEVES—Fresh arrivals were 176 cars of 3,010 head—131 cars at Jersey City and 45 cars at 60th-st. Total since Saturday, 8,993 head against 9,278 head for the corresponding time last week. The receipts at Jersey City were somewhat larger than were reported yesterday, as this State and Pennsylvania contributed about a dozen car loads, and the arrivals by way of Salamanca were unusually heavy. But the fact that Monday's market closed firm with everything sold out clean, was taken as an indication that butchers would want all the cattle to-day and drovers were determined to control the situation. The market opened early with a good attendance of buyers, many of whom purchased cautiously on Monday, and were in good shape and willing to buy freely to-day. The rather encouraging outlook for the Dressed Beef market was an incentive to slaughterers to kill more cattle than usual, so that for two hours after the trade opened this morning, the competition was very sharp. By 9 a. m. more than three-fourths of the offering had changed hands, and shortly after 11 a. m. the last car load went to the scales. The market, on the whole, was not an excited one, but was strong and fairly active throughout, closing just as firm as it opened. Prices for Common and Medium cattle were advanced about ¼c per lb, and for Good to Prime $1 per head. A few exceedingly Poor Jersey Dry Cows sold at 3½c live weight; 5 cars of Poor to Fair Michigan Steers at 10½c to dress 57 lb; 2 cars of little, thin Steers from Chicago sold down to 10c to dress 55 lb, and 3 cars at 10½c to dress 56 lb, but 10½c to dress 56 lb, to 12c to dress 57 lb, covers most of the sales, and includes Common to Very Good. Nearly 2 cars of Prime to Extra Steers were sold in small lots at 12¼@12½c to dress 57@58 lb—5 head at the latter price. Four of these Steers from Lancaster County, Penn., changed hands at 11@12c to dress 56@57 lb.

The total receipts at the 60th st. market place were 45 cars, of which 14 carloads went direct to slaughterers on a margin above Chicago cost. Sellers forced prices up a strong ¼c per lb, and maintained a very firm feeling up to the close of the market; but while buyers were waived the cattle, they were cautious about buying much ahead of actual wants regarding the situation as very uncertain, and fearing an unfavorable change in the Dressed Beef market. One of the drovers held over 3 car-loads of Medium Cattle, for which he asked 11c., and had 10¾c. bid. Otherwise the stock was all sold at a range of 10¼c. to dress 56 lb, to 12½c. to dress 58 lb, including 2 cars to Mc srs. Stefel & Co. at 7¼c. live weight, 2 cars to Messrs. Blumenthal & Son at the same price, and a single load to the New-York Provision Company at 8 20 per 100 lb.
