A Frontier Horror.

The following instance of a terrible result from the passion for drink is given by the LaCrosse (Wis.) Republican:

A few years ago a man was living with his young wife in Mankato, Minnesota. He was intelligent and successful in business until the passion for strong drink enslaved him, and his business and reputation were both wrecked by its satanic influence. He was forced to seek a new home for his little family; and his wife, bred to luxury, accompanied him to the frontier in the hope that the removal from the temptation would free him from the grip of the baleful which cursed him. Here they lived for several years, his abstinence from drink being broken only by an infrequent and occasional debauch when he visited some of the nearest towns. Early in December he told his wife that business compelled him to go to ——, and that he would be absent several days. She, about to become a mother again, with three helpless children and a scanty supply of wood, hearing that the insatiate clamor of appetite was the motive which drew him away, entreated him to stay, but in vain. He left.

Soon after, one of those severe storms of December—doubly severe on the unsheltered prairie—came on. Before its close she was entirely destitute of wood, and the terrible alternative was presented to her of passively freezing to death with her little ones, or seeking assistance from the nearest neighbor, three miles distant. She courageously chose the latter, and leaving her three shivering little ones with nothing but a mother's yearning love and prayerful blessing, she started out to seek relief. The next day she was found, half buried in the snow, dead, a new born infant at her side. The three children were found dead in the house. This, while the once fond husband and protecting father was away reveling in the delirium or dozing in the stupor of drink. No words can add to the horror of this tale, but beside the unspeakable wife and mother, how trivial our common losses, griefs and sorrows seem.

Medical.

DR. JOHNSTON, OF THE BALTIMORE LOCK HOSPITAL, Office 7 South Frederick street.

From his extensive practice in the great Hospitals Europe and the first in this country, viz: England, France, Philadelphia and elsewhere, can offer the most certain, speedy and safe cure for any in the world for all DISEASES OF IMPRUDENCE.

A CURE WARRANTED IN TWO DAYS.

Weakness of the Back and Limbs, Pain in the Address of the Kidneys or Bladder, Involuntary Discharges, Impotency, General Debility, Nervousness, Dyspepsia, Dizziness, Low Spirits, Confusion of Ideas, Diseases of the Heart, Timidity, Trembling, Dimness of Sight or Giddiness, Diseases of the Head, Throat, Nose or Skin, Affections of the Liver, Lungs, Kidneys or Bowels—these terrible disorders arising from the history Habits of Youth—secret and solitary practices, more fatal to the human race than the mortal sirens to the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible.

YOUNG MEN

who have injured themselves by a certain practice indulged in when alone—a habit frequently learned from evil companions, or at school, the effects of which are nightly felt, even when asleep, and if not cured render marriage impossible, and destroys both mind and body—should apply immediately.

What a pity that a young man, the hope of his country, the pride of his parents, should be snatched from all prospects and enjoyments of life, by the egotistic practice of deviating from the path of nature, and indulging in a certain secret habit.

MARRIAGE.

Married Persons, or Young Men contemplating marriage, being aware of physical weakness, loss of Procreative Power—Impotency, Nervous Debility, Palpitation, Organic Weakness, Nervous Debility, or any other disease of a private nature, should consult the Doctor.

☞ In issues received unless postage and consulting a stamp to be used on the reply. Persons writing should state age, and send a portion of advertisement describing symptoms.

ENDORSEMENT OF THE PRESS.

The many thousands cured at this establishment within the last 10 years, and the unprecedented success of the Operations performed by Dr. Johnston, witnessed by the reports of the Press, and many other papers, notices of which appeared weeks and months before the public, besides his standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted.
