WEDNESDAY, June 14—P. M.

The Board of Directors of the Western Union Telegraph Company at its usual quarterly meeting to-day declared a dividend of 1½ per cent out of the earnings for the quarter to end on June 30, payable on July 15, to stockholders of record June 20, at which date the transfer books of the company will be closed. President Norvin Green presented the usual statements of the company's business. The first one is a correction, for the quarter ended on March 31, of the estimated statement made on March 8. The two statements are compared below; they show that the surplus for the quarter ended on March 31, 1882, was $280,258 instead of $223,809, as shown by the estimate of March 8:

Qr'ty'r ed M'ch 31, 1882.	Estimate M'ch. 8, 1882.	Ended June 14, 1882.

Total surplus exclusive of construction, M'ch 31, 1882	$1,259,073	$1,315,531

The estimated statement for the quarter to end on June 30, 1882, shows net receipts of $192,844 less than were the actual receipts for the same quarter of 1881. But by the new system, adopted at the beginning of the year, of omitting from the quarterly statements the charges for construction, etc. (which item for the quarter of 1881 amounted to $420,795), the surplus for the quarter remaining after the payment of 1½ per cent dividend this year, is estimated at $323,550 against a surplus for the quarter of last year of $95,261, including the charges for construction. The following are the comparative statements for the quarters ending June 30 of each year.

Quarter ending June 30, 1881.	Actual June 30, 1881.	Estimate June 30, 1882.
Net revenues	$1,842,844	$1,650,000

The dealings in the stock market to-day were characterized by unusual buoyancy. At the opening of business there was a moment's hesitation and a difference of opinion as to the immediate drift of prices. Barring some unimportant reactions, however, there was a steady rise in prices until after 2 o'clock, and the quick and sharp advances which followed every small decline were well calculated to discomfort "bears" and encourage "bulls" to additional buying. So far the best part of the time between the hours of 11 and 2 o'clock there was an active competition between the "shorts" and the average "longs" to secure such stock as was offered for sale. The total transactions aggregated 471,679 shares. Of these Denver and Rio Grande furnished 48,600 shares, at from 56⅞ up to 59⅛, and it closed at 58; Delaware, Lackawanna and Western contributed 48,000 shares (one-half stock), at 121¼@124@123⅝; Lake Shore 46,000 shares, at 104½@108⅞@107⅞; Central and Hudson 12,200 shares, at 129⅛@132@131; Central of New-Jersey 15,000 shares, at 68½@71⅛@70¾; Missouri Pacific 17,000 shares, at 92@94⅞@94⅛; Louisville and Nashville 27,700 shares, at 65⅛@68¾@68; Erie 22,300 shares, at 35½@36⅝@36; Northern Pacific preferred 25,000 shares, at 76⅞@78¼@78; Reading 23,200 shares, at 55¼@59⅛@58¼; Wabash preferred 14,000 shares, from 49 to 51⅝@50⅝; Texas and Pacific 37,400 shares, at 39@41¼@40⅝; and Western Union 27,700 shares, at 83½@85@84⅜. During the last hour the market became dull and the declines that are indicated by the last prices mentioned above were the result of shrinkages rather than of quick reactions. The market closed quiet and steady.

Government bonds were excessively dull and prices were barely steady, with a decline of ⅛ in the bids for continued 6s and an advance of ⅛ per cent for the continued 5s. Annexed are the closing quotations:

There were no transactions in State bonds, and quotations for them—both bids and offers—were unusually meagre. Of city bank stocks ten shares of American sold at 158, and twenty shares of Manhattan at 149.

The dealings in railroad bonds were not unusually large, but for several of the speculative kinds there were sharp advances in figures. The transactions in Erie seconds aggregated only $388,000, but the prices rose from 92½ to 94½, and funded 5s sold at 90¼. Missouri, Kansas and Texas seconds sold at 57, against 54½ the last previous sale, and the general 6s were 1½ higher at 77½. Lehigh and Wilksbarre consols were 1 per cent higher at 101. Chesapeake and Ohio firsts series B advanced ¾ to 78½, and currency interest 1 per cent to 46. Texas and Pacific incomes opened up 4½ per cent at 65 and declined to 62, but firsts Rio Grande division steadily advanced from 79½ to 81⅜. St. Louis and Iron Mountain Cairo and Fulton division sold at 108⅞@109. Metropolitan firsts were strong at an advance of ½ per cent to 103. New-York, Chicago and St. Louis firsts were ½ higher at 85 and East Tennessee, Virginia and Georgia incomes ⅞ per cent at 45⅝. Richmond and Danville debentures were weak at 69@68½. Wabash general mortgages sold at 77@77½, against 73½ the last previous sale. Northern Pacific firsts were strong at 103@103¼ and New-Orleans and Pacific firsts at 87¼@87⅛.

The Sub-Treasury to-day gained $617,077 on balance, made up by a currency gain of $1,078,724, less a coin gain of $461,647. This reduces the loss on balance since last Friday to $615,328. The day's transactions cover: Receipts, $1,794,679; payments, $1,177,602; currency balance, $5,752,554; coin balance, $87,260,637. The actual shipments of gold by to-day's steamers is $1,420,000. Money to-day at the Stock Exchange was easier than ever and anything above 2½ per cent was exceptional, and the closing rate was 2 per cent. The domestic exchanges on New-York are as last quoted.

The Clearing-House statement to-day is as follows: Exchanges, $124,054,381; balances, $3,984,246.

The United States Treasurer at Washington to-day received $253,000 National bank notes for redemption. The customs receipts were $569,688, and the internal-revenue receipts were $376,841.

There is no change in the condition of the foreign exchanges. Dullness and shortness are the features, and quotations for business are as follows: Bankers' bills, $4 86¾ and $4 89½ for long and short sterling respectively; 5.16½ and 5.13½ for francs; 95¼ and 95⅞ for reichmarks; and 40¼ and 40⅝ for guilders.

In London British consols further declined 1-16 per cent to 100¼ for money and 100⅜ for account. United States 4 per cents were steady and unchanged at 122 ex-July interest. American railways were higher, but only so in response to the better quotations from the home markets, and are reported as being quiet. India Council bills were alloted at a decline of 1-16d. per rupee, and bar silver was ¼d. lower at 52d. per ounce. At Paris the market for French 3 per cents was weak, and they declined to $2.85@82@90, and sight exchange on London fell to 25.15½ frs. to the £.

The Governors of the Stock Exchange have ruled that, whereas the Metropolitan Elevated Company will construe the acceptance of the recently declared dividend of ½ per cent on its stock as an assent, by the stockholders accepting the same, to the agreement for a reduction of the guarantee under the original lease to the Manhattan Company, the stocks of the Metropolitan Company shall continue to be called "dividend on," and that no due bills for dividend shall be demanded until further notice.
