Corn.—We note sales of 1,000 bushels Southern yellow Corn, at 60@61 cents, and quote white at 60@60 cents. The receipts to-day were only 2,800 bushels Western, the market for which is firm but quiet, the only transaction reported being 800 bushels mixed, in Elevator, at 62 cents.

Oats.—Are dull, and for Western the market is heavy and lower. The sales to-day were 10 bushels bright Southern at 55 cts, and 2,400 bushels mixed Western at 40@41 cents. We quote bright Western at 40@42 cents.

Rye.—Is in good demand and firmer. We note sales to-day of 800 bushels at $1.01@1.02, and 300 do. on private terms, and quote at 1.00@1.05, latter for very prime.

We learn $1 nothing done in Lard to-day, and quote Bulk Shoulders at 6@6½ cents, rib Sides at 8@8½ cents, and clear rib do. at 8@8½ cents, the outside figures for cured lots. The demand for Bacon is quite light, and is confined to jobbing lots, which we quote at 8½@9 cts. for Shoulders, 10@10½ cts. for rib sides, 9 cents for clear rib do., and at 10@10½ cents for Hams. Mess Pork is dull, and we quote at $18@18.50 per bbl., latter for jobbing lots. We hear of no sales of Lard, and quote prime Western steam on the spot at 7½@8 cents. Dressed Hogs are firmer, with only a moderate supply. Heavy weights range from $6.50@7.50 per 100 lbs., and light or small family Pork at $8@8.50.

PROPOSALS.

PROPOSALS FOR ADHESIVE POSTAGE STAMPS.
POST OFFICE DEPARTMENT, Dec. 12, 1872.
Sealed proposals are invited from steel-plate engravers and plate printers, and will be received at this Department until 12 o'clock m. on Friday, the tenth (10th) day of January, 1873, for furnishing postage stamps for a term of four years, commencing on the first (1st) day of May, 1873.
QUALITY OF STAMPS.
The stamps must be such as may be subject to the approval of the Department, from steel plates, engraved in the highest style of the art of steel engraving, and printed in colors as may be selected by the Department, in the best and most approved manner, equal in every respect to the stamps now in use, upon paper of the best quality suitable for the purpose, thoroughly gummed with the best quality of adhesive gum, perforated in such manner that each stamp can be easily detached, but not easily used, the sheets to be well pressed, and packed so as to prevent them from adhering to each other; the same to be furnished with a reasonable margin, in such quantities as be ordered by the Department to fill the separate daily requisitions of Postmasters in Postal Agencies.
STOCK ON HAND.
The contractor shall at all times keep on hand a stock of the necessary combinations of stamps, subject to the control of the Agent of the Department, in all stages of manufacture, sufficient to meet all orders of the Department, and to provide against any and all contingencies that may be likely to occur during the existence of the contract, so that such and so large a supply shall be furnished as promptly called for and the Department shall have the right to require the contractor, at any time during the existence of the contract, to furnish an extra quantity of stamps not exceeding a supply for three months.
PACKING.
Stamps to be transmitted by sea routes must be securely packed in hermetically sealed tin cases, wrapped in strong manilla paper; all others must either be packed in strong binders' board boxes, bound on the edges and corners with manilla, and enveloped in two thicknesses of strong manilla paper, or inclosed in strong manilla envelopes, as the quantity to be transmitted may require; all packages to be distinctly marked to enable the Agent of the Department to officially seal them.
BLANKS.
In addition, the contractor will be required to furnish labels, and direct the same for each package in accordance with the daily bills furnished by the agents of the Department; together with all other blanks required to be inclosed with the stamps; also, all blanks for daily, weekly, monthly, and quarterly returns, stating in the number and denominations of stamps furnished.
ESTIMATE OF QUANTITY REQUIRED.
The number of stamps issued and to be issued during the four years embraced by the present contract is estimated to be two billion ninety-four million, the average yearly increase being eight forty-hundreds per cent.
For the next four years it is estimated, at the same ratio of annual increase, two billion eight hundred and eighty-three million stamps will be required.
It must be understood, however, that proposals made under this advertisement shall include all the stamps needed by the Department during the contract term without reference to the above estimates, which are here given only for the information and guidance of bidders.
DELIVERY.
The stamps may be required to be delivered by the contractor in separate packages, as above provided for, at the post office in the place where the same are manufactured, or in such quantities at any other place in the Department, Washington, D. C., (each denomination being kept separate,) as the Postmaster General may direct.
DIES, ROLLS AND PLATES.
The dies, rolls and plates from which postage stamps are now printed, being the property of the United States, will be placed in the keeping and custody of the contractor on the 1st day of April, 1873, the same to be held subject to the order and control of the Postmaster General, and the contractor will be required, from said dies, rolls and plates, and from such rolls and plates as may be necessary to be reproduced from the original dies, to have on hand ready for issue on the day the contract term commences, a sufficient stock of stamps, of the several denominations required, to fill the current daily requisitions from the Department, without hindrance or delay.
The contractor will be further required to keep in repair all dies, rolls and plates (from which stamps may be printed, and to renew the same whenever required, and should new dies be required at any time to take the place of the present series of stamps, or of any of them, or for denominations or stamps not now in use, the same shall be furnished and engraved, subject to the approval of the Postmaster General, upon his request, within a reasonable time; all which shall be done and executed in the best style of steel engraving by the contractor and at his own expense. All dies, rolls, and plates made or used at any time by filling the contract shall be the absolute property of the United States, and shall be delivered, in good working order, to the Postmaster General or his authorized agent whenever demanded.
BUILDING, PLACE OF MANUFACTURE, ETC.
The stamps will be required to be manufactured in a fire-proof building, and in separate apartments distinct from those in which any other work is done by the contractor; and when finished they must be placed in a fire and burglar-proof safe or vault, to be specially provided for that purpose, and said apartments and safe or vault shall at all times be subject to the inspection of an agent of the Department.
REPORTS.
The contractor will be required to report weekly, under oath, the number of stamps manufactured, finished, unfinished, and spoiled, the number issued during the week, and the number available for issue; all spoiled stamps to be destroyed by the Agent of the Department, in the presence of the contractor or his representative.
STAMP AGENT.
An agent of the Department will have supervision of the manufacture, storage and issue of the stamps, who shall at all times have full and free access to the apartments, safes and vaults where the stamps are manufactured and stored, for the purpose of inspecting the same, and the contractor shall furnish him and his clerks suitable office and desk room, for the transaction of the business of his agency, without cost to the Government.
CONTRACT NOT ASSIGNABLE.
The contract cannot, in any case, be lawfully transferred or assigned.
RESERVATIONS.
The Postmaster General reserves the right to reject any and all bids if in his judgment the interests of the Government require it; also the right to annul the contract if, in his opinion, there shall be a failure at any time to perform faithfully any of its conditions, or in case of a willful attempt to impose upon the Department stamps inferior to those now in use.
PAYMENTS.
Payments for stamps actually issued and delivered will be made quarterly, after proper examination and adjustment of accounts.
AGREEMENT—BONDS.
Within ten days after the contract has been awarded the successful bidder shall enter into an agreement, in writing, with the Postmaster General to faithfully observe and keep the terms, conditions and requirements set forth in this advertisement, according to their true intent and meaning, and shall make, execute and deliver, subject to the approval and acceptance of the Postmaster General, bonds with good and sufficient sureties in the sum of two hundred thousand dollars, ($200,000,) as a forfeiture in the faithful performance of said agreement or contract, according to the provisions and subject to the liabilities of the seventeenth section of an act of Congress entitled "An act legislative and making appropriations for such necessary objects as have been usually included in the general appropriation bills without authority of law, and to fix and provide for certain incidental expenses of the Department and officers of the Government, and for other purposes," (United States Statutes at Large, volume 4, page 816,) approved August 26, 1842, which act provides that in case the contractor shall fail to comply with the terms of his contract he and his sureties shall be liable for the forfeiture specified in such contract as liquidated damages, to be sued for in the name of the United States, in any court having jurisdiction thereof.
If the contractor to whom the first award may be made should fail to enter into agreement and give satisfactory bonds, as herein provided, then the award may be annulled and the contract let to the next lowest responsible bidder, and so on until the required agreement and bonds are executed; and such next lowest bidder shall be required to fulfill every stipulation embraced herein, as if it were the original party to whom the contract was awarded.
The agreement will also provide that if at any time during the continuance of the contract the sureties shall die, or become irresponsible for the entire penalty of the bond, the Postmaster General shall have the right to require a new bond with additional and sufficient sureties, which the contractor shall furnish to the acceptance of the Postmaster General within ten days after notice, and in default thereof the contract may be annulled.
EXTENSION.
Should the interest of the Government require, this contract may be extended beyond the time mentioned, not exceeding three months, by order of the Postmaster General, and the contract prices and all conditions herein set forth shall govern in such extended contract.
PROPOSALS.
No proposal will be considered unless accompanied by a satisfactory guarantee, signed by at least two responsible parties.
Bidders must state in their proposals the price per thousand stamps, including everything required to be done or furnished, as set forth in this advertisement; and all proposals must be made upon the blank forms furnished by the Department, securely enveloped and sealed, marked "Proposals for Postage Stamps," and addressed to the Third Assistant Postmaster General, Washington, D. C.

BALM OF LIFE.
726 TENTH STREET NORTHWEST,
WASHINGTON, D. C., November 5, 1870.
PROF. COOK—*Dear Sir:* For a long time I was a great sufferer from dyspepsia. My flesh had very much diminished, and I was almost prostrated. Every morning I felt so weak that I could not walk. BALM OF LIFE was tried. I took, internally, about a tablespoonful before breakfast, the same amount about fifteen minutes after dinner, and when retiring at night. In two weeks I felt very much better with it morning and evenings. Soon I began to feel better; color began to appear in my face and limbs, my appetite and flesh began to return; my strength and cheerfulness were restored; and now, after using the surprising remedy for about three months, I am in good health and feel strong while my strength and healthy appearance are truly wonderful.
I am very grateful for the directions you gave for the use of your BALM OF LIFE, and with the hope that others may derive my experience, I remain, yours, BENA M. SIMMS.
WASHINGTON, D. C., December 18, 1871.
PROF. T. A. COOK: *Dear Sir and Friend:* I pay best of friends, because I believe I owe my health, and probably my life, to you, through the use of your invaluable BALM OF LIFE.
November 5, 1870, I gave you a statement of having been cured of dyspepsia by your wonderful preparation, which now can be generally tested and, as well as for any incidental ills or severe attacks on my health, in anytime, I cannot conceive a possible case where it would be unknown to bring this rare and harmless solution accomplishes. In fact, it is everything in the way of warding off sudden illness, to be used in the family.
I still remain cured of dyspepsia, which was of so long standing, and so severe that for six days in succession I discontinued the use of the BALM, I was obliged to subsist on a tablespoonful of milk and one soda cracker per day.
Always your grateful friend, BENA M. SIMMS.
Miss Bena is my daughter. I had despaired of her recovery. She had the best of treatment, but the dyspepsia had become chronic, and resisted the best skill of the medical profession.
The BALM OF LIFE cured her, and it is used in my family in manifold ways and for various purposes.
Asthma has afflicted me for many years; the BALM OF LIFE has done me more good than anything else tried. Two teaspoonfuls can be said in its praise; every family should be provided with it.
With very kind consideration, I shall ever feel gratefully yours, MRS. SIMMS.
I am Miss Bena's sister, and I cannot express my joy for her recovery, and cannot health—all due to the use of BALM OF LIFE. I feel as if I can never be grateful to Professor Cook for being restored from a low condition of flesh and general bad health to strength, flesh, and spirits. I feel that I owe my life, due alone to the free use of his BALM OF LIFE, which is so clean, harmless and charming, however used.
I must always very kindly remember Prof. Cook. NETTIE SIMMS.

PROF. T. A. COOK—*Dear Sir:* About a year ago I was troubled with dyspepsia to a degree that rendered me unable to partake of animal food of any description without feeling perfectly miserable. In fact, I could enjoy nothing but bread.
I was induced to try your BALM OF LIFE, and I can truthfully assert that it acted like magic. I have used it, as directed, about six months, and can now eat and enjoy any and all kinds of food without unpleasant results.
I cheerfully make this statement, entertaining the hope that others may be benefited by my experience. MRS. ALFRED CLOUGHRY, 467 I. street.
Dyspepsia of Seven Years Cured by the BALM.
WASHINGTON, D. C., November 25, 1871.
PROF. T. A. COOK: I have had dyspepsia for many years. Having been healed by several physicians and tested so many remedies without help or relief, I had given up hope of ever being cured. Your BALM OF LIFE was recommended, but I had no faith, for I had suffered seven years with this terrible disease without anything benefiting me. I have been for two weeks at a time without anything passing my lips but gumarabic water. I suffered so much I could not eat, and, as a last resort, tried your BALM. The first half spoonful I took, I ate in less than a month I was feeling well, and at this date have no symptoms of dyspepsia. I cheerfully write this, hoping it may benefit others. You can publish it if you choose. MRS. C. GILLMAN,
