NEW-YORK, July 11.—BEEVES—Receipts were 32 cars of 536 head, all at 10th-st., and all consigned direct to slaughterers. No trade in Live Cattle to day, and only two arrivals in the yards for sale. The supply was light, but a dull feeling characterized the market, with the few sales reported showing a still further decline in prices. The drop since last Friday is nearly 1c per lb on all grades of Live Calves. There are but few clear lots of nutcrumbs calves coming in, most of them being mixed with Grassers, Fed Calves, or Dam Veals, and the prices vary according to the mixture. Taking into consideration the superior quality and the fact that they were sold empty, and prices can only be rated steady, though an improvement is looked for to-morrow.
