MINES AND MINING.

WEDNESDAY, Sept. 6—P. M.

The low price Coxistock shares continue to monopolize a large proportion of the business at the Mining Stock Exchanges. To-day consolidated Virginia opened down 20 cents at $1, and with large transactions recovered to and closed at 1.20. California opened 13 cents lower at 30 cents, rose to 38 cents and afterward sold at 29@35 cents, and later sold at 43@38@42 cents. This morning's quotations from San Francisco, received at a late hour this afternoon, show a recovery from yesterday's "official closing" of from 59 cents to $1½ in the higher price stocks. Robinson to-day was dull and lower at 1.60. Chrysolite sold at 2.15, Little Pittsburg at 1.05 and Little Chief at 65@63 cents. Green Mountain was dull but stronger at 2.10. Moose again came to the surface and sold at 12@14@13 cents, and South Pacific got up to 14 cents. The markets closed fairly active and strong.

The California Mining Company has levied an assessment of 20 cents per share.

Bullion valued at $27,000 was received in this city yesterday from the mines.

In a private letter to D. O'Dell, vice-president of the Caborca (Sonora, Mex.) Company, dated San Francisco, August 28, the president states that the lack of water has been the principal hindrance to profitable results from the property, but that by reason of the filling of the reservoir by recent heavy rains the prospects of the company now are brighter than he has ever before known them; that no one can descend the shafts and winzes of the mines and see the gold and silver along their course and go away unimpressed with the substantial and permanent value of the mines. In his opinion the company's resources of ore are sufficient for a hundred years, and the mines will be profitably worked generations hence.

The official statement of the Horn Silver Mining Company for the six months ending June 30, 1882, is as follows:

	Tons ore smelted.*	Tons lead produced.*	Ounces silver produced.
January	4,080	1,383	153,495.88
February	4,786	1,567	158,832.47
