In State bonds Tennessee compromise issue sold at 63¾ and 63⅞, and Virginia 6s deferred at 13¼. Of city bank stocks, Broadway sold (48) at 260, Fourth National (75) at 125, and Park (10) at 159.

The dealings in railroad bonds were not large, but the prices for the speculative kinds sympathized with the better tone of the share market. Erie second consols sold up ¾ to 98¾, and the funded 5s were ¼ higher at 94¾, while the first gold 7s consols were steady at 126½. Boston, Hartford and Erie firsts were further advanced 1¼ to 60. Chesapeake and Ohio firsts series B were up ¾ to 86¾, and the currency debts also were ¾ higher at 52½. Mobile and Ohio second debentures declined 1 per cent to 46. St. Louis and Iron Mountain new 5s sold at 82½@82. Ohio Southern incomes were ¼ higher at 32½. Metropolitan firsts, after sales at 99½, were ¼ lower at 99. Oregon Railway and Navigation 6s were ½ higher at 108. New-York, Chicago and St. Louis firsts recovered to 94@93½. East Tennessee, Virginia and Georgia 5s were 1½ better at 75½ and the incomes were up ½ at 42½. Long Island 5s sold at 97¾. St. Paul consols were notably strong and rose to 127½, and Wabash general 6s were up ¾ to 86¾. The business of the Sub-Treasury for the week ending to-night includes the receipt of $8,582,794 and the payment of $11,978,855. The result is a loss to the general balance of $3,396,061, and leaves it at $90,971,798, against $94,367,859 September 1. The particular changes of the week were a gain of $2,852,552, and a currency loss of a gain loss of $5,543,509. To-day's transactions covered: Receipts, $1,269,629; payments, $2,734,357; currency balance, $5,279,857; coin balance, $85,691,941. The week's payments, however, include $1,465,000 transferred to other Sub-Treasuries, and does not include $527,300. Assistant Treasurer's checks paid to-day for bonds of the 115th call, which the banks holding the same will to-night count as specie; so that as affecting the banks the loss is only $2,448,361. To-morrow's bank statement will show a considerable loss in cash, but the true condition of the banks to-night is better than the statement will show. Money on call ruled firm at 4 per cent on Governments and 5@5½ per cent on ordinary Stock Exchange collateral. The domestic exchanges on New-York are as last quoted.

The Clearing-House statement to-day is as follows: Exchanges, $132,774,132; balances, $4,423,804.

The United States Treasurer at Washington today received $245,000 National bank notes for redemption. The customs receipts were $902,735 and the internal-revenue receipts $532,278.

The foreign exchanges are dull and rates are weak. There are some bills drawn against loans negotiated abroad that are hanging over the market, and the payment for Panama Railroad stock by the Canal Company, of which the Canal Company has given the required three months' notice will supply about $11,000,000 of exchange to be sold during the next ninety days, as the market favors. Sight bills, however, are firm. Annexed are the quotations for actual business: Bankers' bills, $4 84¾ and $4 88¾ for long and short sterling respectively; 5.19¾ and 5.15⅞ for francs; 94¾ and 95⅝ for reichmarks; 40 and 40¼ for guilders.

In London British consols were easier and ⅛ per cent lower at 99 9-16 and 99¾ respectively for money and account. United States 3's were ⅛ lower at 102¾, and 4½s ¼ lower at 115¼; the 4s were unchanged at 122½. The quotations for American railways followed yesterday's last advances in the home markets and were correspondingly higher all around; but the Atlantic and Great Western firsts and seconds were notably strong at advances of 2 @2¾ per cent.

At Paris French 3 per cents were lower at 83.25. The Imperial Bank of Germany has advanced its rate for discount to 5 per cent, and the Bank of Netherlands has advanced its rate to 4 per cent.

GENERAL MARKET REPORT.

NEW-YORK, Friday, Sept. 8, 1882.

ASHES—Quiet; Pots, 5⅛@5⅜c.; Pearls, 6½@6¾c.

BEESWAX—Firm, supplies moderate and demand fair; Western and Southern, 27@28c.

CANDLES—Steady and in moderate jobbing sale.

CHICORY—Unchanged.

COAL—Anthracite in good demand at very firm figures; carges alongside quoted $4 30@$4 75. Bituminous steady and quiet.

COCOA—Quiet and unchanged.

COOPERAGE STOCK—Steady and moderately active.

COFFEE—Io options were 15 to 25 points higher. There was no news from any of the foreign markets to cause the sudden rise. Rumors were flying to the effect that from Rio, where there was a holiday, the rise was attributed to a natural reaction from the late market decline. Subsequently some of it was lost, 200 December at 9.90c., and 500 March at 9.7c.; October, 9.7@9.8c., and November, 9.90@9.95c., bid and asked. On the spot, fair steady at 9½@9.9.7c. in India sold on private terms. The stock here, however, has been increased to 1,000,334 bags in the hands of Mulligan's. Mild grades were steadier, without quotable change. 400 bags Costa sold on private terms; Maracaibo, 8c., including average Curcuta at 9½c. There was a feeling in the mild market to-day that the bottom had been touched, and holders were disposed to offer their coffees rather less freely than of late.

COTTON—Spot Cotton steady, unchanged, but very quiet; sales, 254 bales, all for spinning, delivered on contracts, 60 bales. Receipts at the ports to-day, 2,219 bales, against 3,080 bales this day last week, and 10,822 bales last year; for the week, 28,606 bales, against 23,477 bales last week, and 70,750 last year; since September 1, 32,605 bales, against 70,760 bales same period last year.
