FRIDAY, Nov. 17—P. M.

The stock speculation to-day exhibited little of that seeming buoyancy which marked yesterday's late dealings. Even the first prices generally were lower than yesterday's last figures, and, with the exceptions mentioned further on, the first prices were the best of the day. Yesterday's rumors proved to be false, and as a consequence yesterday's buyers of stocks were looking after other buyers, who were remarkably slow in coming forward, excepting to cover "short" sales previously made. The stocks of the Northwestern railroads and of the coal companies were specially weak, and the Eastern Trunk line shares were something worse than not steady. The idea which is so prevalent, that the railroad war west of Chicago is one that is inaugurated by the managers of those railroads for the purpose of buying stocks at "low" figures, is singularly unappreciative of the vast extensions in branches and cross-roads which the last few years have developed. In 1876 the Chicago and Rock Island operated 975 miles of road; now it operates, exclusive of the so-called Albert Lea division, over 1,400 miles. In 1876 the Chicago and Northwestern railroad had 1,992 miles; now it has 3,400 miles. In 1876 the Chicago, Milwaukee and St. Paul had 1,400 miles of road; now it has 4,400 miles of road. A very large proportion of the increased mileage (3,824) of these three roads in the period of six years has been by the construction of branches into each other's previously exclusive territory. The war which now has broken out, for more than two years has been the plainly inevitable result of the aggressive policy which each company has been following. If wheat had continued to rule in Chicago at over $1 per bushel the war might have been postponed until next spring, but as wheat has fallen to a price at which the farmers (foolishly) refuse to market their liberal supplies, the war for traffic has been hastened. Special exceptions to to-day's general weakness was the Northern Pacific and Union Pacific stocks. Rumor had it that the Oregon and Transcontinental Company had decided to turn its Northern Pacific preferred stock into land of the railroad company at $4 per acre for par for the stock, hence the dealings in Northern Pacific preferred amounted to 92,500 shares (or nearly one-quarter of the whole day's business) at prices ranging from 92½ to 94¾. The rumor probably will be found to lack the essential quality of truth. It was reported that the Union Pacific had succeeded in negotiating its collateral trust bonds, and on that report there was a large covering of shorts in Union Pacific stocks, which advanced its price from 106¾ to 107⅝@107. It is true that a certain small amount of the proposed collateral trust bonds has been taken "firm" with an option as to the remainder, and we hazard little in suggesting that the option does not rest with the railroad company as to the remainder of over $7,000,000 of the proposed issue. The market generally closed weak at near the lowest prices of the day.

Government bonds were quiet, with the bids for the 3s off ⅛ per cent and for the 3½s up ⅛ per cent. The quotations were steady, as follows:

	Bid.	Asked.		Bid.	Asked.
U.S.6s, cent.....	101¾	102¼	U.S. cur. 6s 1895	129	--
U.S.4½s 1891 reg.	112¼	112¾	U.S. cur. 6s 1896	130	--
U.S.4½s 1891 coup.	113¾	113¾	U.S. cur. 6s 1897	130	--
U.S. 4s 1907 reg.	109½	110	U.S. cur. 6s 1898	130	--
U.S. 4s 1907 coup.	110½	110¾	U.S. cur. 6s 1899	130	--
U. S. cur. 3 p. c.	101¾	102¼	Dist of Col. 3.65s	103	103

In State bonds there were sales of Tennessee 6's at 45@46—an advance of 2 per cent. The bids for the Arkansas 7s issued to the railroads were advanced, but without inducing any business. Of City bank stock twenty shares of American Exchange sold at 139.

Railroad bonds were more than ordinarily dull and for business prices had to be shaded for nearly all the issues. There were no transactions in Erie second consols; the nominal quotations were 99½@100. Missouri Pacific issues were lower; seconds were off 2¼ at 58 and the general mortgages were 1 per cent lower at 85½. St. Louis and Iron Mountain new 5s were down to 75. New-York, Chicago and St. Louis firsts were steady at 95¾. Louisville and Nashville general mortgages were ½ better at 92½. Mutual Union Telegraph sinking funds were off ½ at 71½. Denver and Rio Grande consols recovered ¾ to 91½. Kansas Pacific consols were ¼ higher at 100¾. Texas and Pacific incomes sold at 57½, the same as yesterday, but later were purchasable at a lower figure, and the firsts, Rio Grande division, were off ½ at 80¼.

The business of the Sub-Treasury for the week ending to-night includes the receipt of $13,713,097 and the payment of $12,092,971. The result is a gain to the general balance of $1,620,126, and leaves it at $107,202,177, against $105,582,051 November 10. The particular changes of the week were a coin gain of $1,406,359, and a currency gain of $213,767. To-day's transactions covered: Receipts, $2,020,849; payments (exclusive of $160,281 paid in checks for bonds and interest of the 116th, 117th and 118th calls), $1,735,298; currency balance, $4,660,845; coin balance, $102,541,532. The foregoing statement, however, fails to reflect actual monetary movements of the week between the Sub-Treasury and the banks, because the amount of receipts reported includes $1,900,000 of small gold certificates received from Washington, and uncertain amounts of gold coin received in exchange for gold certificates. Money to-day worked rather harder, and the business on call loans was done at from 6 to 8 per cent; money was offered at 3 per cent.

The Clearing-House statement to-day is as follows: Exchanges, $163,711,028; balances, $4,922,876.

The United States Treasurer at Washington today received $234,000 National bank notes for redemption. The customs receipts were $318,000 and the internal revenue receipts $353,703.

The foreign exchange market is dull and business is checked by the difficulties in negotiating mercantile paper, which banks reject while loaning money on the Stock Exchange. Rates are steady at quotations as follows: Bankers' bills, $4 80½ and $4 84½ for long and short sterling respectively; 5.23¼ and 5.20½ for francs; 94⅜ and 95⅜ for reichmarks; 39⅝ and 39⅞ for guilders.

In London British consols were weak and lower at 101 13-16 for money against 101 15-16 yesterday, and at 102 for account, against 102 3-16. American 4 per cents were ¼ higher at 122½, and 4½s were unchanged at 1.15. American railways responded only feebly to yesterday's advances in the home markets and were dull and irregular. Bar silver was up 1-16 at 51 7-16 per ounce. The Bank of England lost £75,000 bullion on balance. At Paris French 3 per cents declined to 79.70 francs.

The receipts of flour and grain at the principal Atlantic ports this 17 h day of November were:
