steady at 4@4½ per cent for call loans. The domestic exchanges on New-York at the places named are quoted as follows: Savannah, ⅛ discount to ⅛ premium; Charleston, ⅛ discount to par; New-Orleans, 75 cents @$1 premium for commercial, and $1 50 premium for bank; St. Louis, par; Chicago, 50@28 cents discount; Boston, 25@30 cents premium.

The Clearing-House statement to-day is as follows: Exchanges, $112,628,528; balances, $5,647,709.

The United States Treasurer at Washington today received $473,000 National bank notes for redemption. The customs receipts were $500,926, and the internal revenue receipts $392,962.

The foreign exchanges were fairly active at full rates; but as the business for this week's steamers probably is pretty nearly done, it is not unlikely that there may be a reduction in the nominal rates between this and Saturday. For business to-day the rates were firm as follows: Bankers' bills, $4 82¼ and $4 86¼ for long and short sterling respectively; 5.21⅞ and 5.18⅞ for francs; 94¾ and 95⅝ for reichmarks; 39⅞ and 40⅛ for guilders.

The governors of the Bank of England at their weekly meeting to-day made no change in the bank's minimum rate for discounts and it remains at 5 per cent. During the week the bank gained £637,000 bullion and the proportion of its reserve to its liabilities was raised from 37 11-16 to 40⅝, against 37 11-16 at this date last year. The weekly statement of the Bank of France shows a gain of 2,000,000 francs gold and a loss of 112,500 francs silver. The Imperial Bank of Germany reduced its rate for discount from 5 to 4 per cent, and during the week gained 19,660,000 marks in specie. At the London Stock Exchange British consols were strong; for money the price advanced ⅛ to 101 9-16 and for account the advance was 3-16 to 101 13-16. United States bonds were irregular; 3½s were steady at 105½; 4s were up 3-16 at 122 13-16, and 4½s were down ⅜ at 116. American railways followed the movement of prices in yesterday's home markets and consequently generally were higher than yesterday's London prices, but not up to the equivalent of last evening's closing prices at home. At Paris French 3 per cents declined to 79.10 and sight exchange on London was off to 25.19 fr. to the £.

The committee of the guaranteed stockholders of the Pacific Railroad of Missouri gives notice that suit having been commenced in the Massachusetts courts against the Atlantic and Pacific Railroad Company, committee certificates must be applied for on or before February 1.
