MONDAY, Jan. 22—P. M.

The stock speculation to-day made no progress. Prices opened generally ⅛@¼ per cent above Saturday's closing figures, and during the first thirty or forty-five minutes there were some material advances recorded, with a seemingly promising activity during that period. The movement, however, was quickly spent, and then followed a decline in prices, which, with small fluctuations, continued till near the close of business. At fifteen minutes before the board adjourned, prices generally were at about the lowest figures of the day; during the last quarter of an hour there was a sharp and energetic rally, which brought figures in some instances up to the opening prices. The special features of the day were the unusual amount of business done in, and the declines in prices for, Chicago, Burlington and Quincy and Chicago and Rock Island stocks. The market closed excited, feverish and irregular.

Government bonds were only moderately active, but the bids for the optional issues were higher—⅛ per cent for the 3s and ¼ per cent for the 3½s. The bids for the 4s are ⅛ per cent lower. Annexed are the closing quotations:

Among State bonds, Louisiana consols were steady at 73¼. Arkansas 7s, to the railroads, were firm and higher. Fort Smiths sold up 1 per cent to 38 and were 40 bid, Pine Bluffs were 2½ higher at 37¾@37½, and Centrals sold at 18. Of city bank stocks, American Exchange sold (5) at 130.

Barring a special activity and higher figures for the Texas and Pacific issues—incomes being up to 60¾ and Rio Grande firsts to 86¼—railroad bonds were dull, and generally their prices were shades lower. Erie second consols were off ¼ at 96¾. Rome, Watertown and Ogdensburg firsts, after 74½, were much urged at 74. C., C. and I. C. incomes declined from 51 to 49. Chesapeake and Ohio firsts, series B, were off ½ at 90½, and currency debts were down 1¼ at 54, and New-York, Chicago and St. Louis firsts were ¼ lower at 97¼. Missouri, Kansas and Texas firsts yielded ¼ to 108½, and seconds declined ½ to 58½. Central of New-Jersey consols sold at 110½@110¼, and Lehigh and Wilkesbarre consols were up ⅜ at 104¼. Richmond and Danville firsts were off ⅜ at 94, and the debentures were 1 per cent lower at 60½. Louisville and Nashville rose ½ to 92¾. Mutual Union sinking funds were off to 75⅛. St. Paul consols were firm at 124@124¼; firsts, Southern Minnesota division, were off ½ at 106¼, and firsts, Pacific and Western division, were steady at 92. Rock Island 6s declined to 124½. Union Pacific firsts sold up ⅛ at 114, sinking funds at 119¼, and collateral trusts at 103½; and Central Pacific firsts were ½ higher at 114. Northern Pacific firsts were steady at 103, as were New-Orleans and Pacific firsts at 89½@89⅝.

The Sub-Treasury statement to-day shows a loss of $549,025, made up by losses of $518,374 coin and $30,651 currency; but $250,000 of the loss is accounted for by the redemption of gold certificates. To-day's transactions covered: Receipts, $1,425,921; payments, $1,974,946; currency balance, $5,935,145; coin balance, $112,341,725. Bonds to the amount of $351,000 were redeemed, making the total redemptions at the Sub-Treasury of the month of the 117th and subsequent calls $41,422,480. Money was in abundant supply, and rates for call loans at the Stock Exchange ruled at 5@3½ per cent.

The Clearing-House statement to-day is as follows: Exchanges, $161,161,249; balances, $5,900,612.

The United States Treasurer at Washington to-day received $744,000 National bank notes for redemption. The customs receipts were $594,822 and the internal revenue receipts $748,097.

The foreign exchanges were dull, and leading drawers reduced the nominal rates ½ cent to the £. We revise our quotations, but at them very small amounts of exchange could be obtained. We quote for business: Bankers' bills, $4 82 and $4 86 for long and short sterling respectively; 5.217⅞ and 5.184 for francs; 94¾ and 95½ for reichmarks; 39⅞ and 40⅛ for guilders.

In London, British consols were strong had ¼ per cent higher at 101 11-16 for money and at 101 15-16 for account. United States 3½s were up ¼ at 105¾, the others being unchanged; 4s were at 122⅝ and 4½s at 116⅛. American railways opened with prices off ¼@¾ per cent from Saturday's late figures, but later, on receipt of the home early quotations of to-day, there was a recovery for some stocks. At Paris, the weakness of French 3 per cents was in marked contrast with the strength in consols at London, and it is not unlikely that both facts were the effect of the same cause, to wit, the unsettled political feeling in Paris. Rentes declined from 78.75 to 77.70, and sight exchange on London was weaker at 25.20½ francs to the £.

WOOL—Hallowell & Coburn, of Boston, say: The Wool market has been quiet during the week, and the sales of Domestic amount to 900,000lb less than sales made last week. This decrease is in part offset by a large increase in the sales of Foreign Wool. A line of 400,000lb of Australian fleece has been sold at 43½c up to 47½c per lb which is equivalent to 90c per lb when scoured. At this price the Wool is relatively cheaper than our fine American fleece at current rates. Prices are steady for all grades and very firm for choice XX and above Wool, which seems to be in poor supply as well as in good demand.

LIVE STOCK MARKET.

Good to Prime Steers sold one year ago at 11¼@12c., and the average was estimated at 10½c.

BEEVES—Receipts yesterday and to-day were 125 cars at Jersey City and 113 cars at 60th-st., making 3,813 head since Saturday, against 4,692 head last Monday. The receipts for the past week were 474 head less than last week, and 3,368 head less than the corresponding time last year. The moderate arrivals for the week ending to-day have just about equalized the demand, and with higher prices prevailing in the West Fair to Prime Steers have advanced strong ¼c per lb since last Wednesday, while Common and Medium Cattle are only a trifle higher than last Monday. Shippers have lost money on nearly all the Chicago and St. Louis shipments, and the week's trade has been very unsatisfactory to both buyers and sellers in this market. The receipts to-day were unusually light for a Monday's market, and deducting the 24 cars which were received by Mr. Eastman and 38 cars which went direct to slaughterers, and only 176 cars remain on sale. Trade opened brisk with prices a strong ¼c higher than Friday, and with some 300 Fair to Good Steers wanted by exporters those grades were especially firm and active. Some of the slaughterers hung off, however, and closing sales were at a shade easier prices, than those current in the morning. Very common to Prime Steers sold at 9½@12c. to dress 55@57 lb, with Choice and Extra at 12¼@12½c. to dress 57 lb. T. G. Eastman, in addition to the 374 head reserved by him, bought 134 Medium to Good Steers at $5 88@$7 10. Messrs. Sherman & Gillett purchased 123 Fair to Good Steers, and M. Goldsmith reserved and bought about 50 head. A car-load of Poor state Cattle sold down to $4 90.

The Notting Hill did not get off Saturday but will probably sail this p. m. The Istrian is expected to sail to-morrow with 1,700 Quarters of Western Dressed Beef for Swift Bros. and Jewett & Co., and 53 Live Cattle for M. Goldsmith. Mr. Eastman will load the Utopia this afternoon with 140 Live Cattle. The Wisconsin can hardly get off to-morrow.

The week's shipments of Live Cattle and Sheep, and Dressed Beef, Mutton and Hogs, were as follows:
