WHOLESALE PRICES OF COUNTRY PRODUCE.

For the week ending Jan. 23, 1883.

PEAS AND BEANS.

Receipts for the week—Beans, 1,552 pkgs.; Peas, 8,604 bush. Exports—Beans, 365 pkgs.; Peas, 1,222 bush. Imports for the week, 1,000 bags. Under a continued pressure to sell the market is dull, lower and weak. State Marrow offering at $3 05 without selling except in small lots to the jobbing trade. Last week exporters bought about 500 bbls. at $3 10 free on board, but their movements this week are uncertain. Medium generally held at $2 50, but that figure would probably be shaded for an important lot. Scarcely any inquiry for Pea Beans and prices largely nominal; the small variety of Pea Beans and prices for jobbing sales, but Marrow-pea are not salable as a rule, at the price of Medium. Red and White Kidney in light stock and firm. Turtle Soup steady. Foreign Beans have a limited inquiry as quoted. Green Peas plenty and dull; earlier lots would be difficult to place at $1 25. Very few southern Black-eye offering.

BUTTER.

Receipts for the week, 20,696 pkgs.; last week, 21,751 pkgs.; corresponding week last year, —— pkgs. Exports for the week, 1,125 pkgs. Another dull week has only added to the weight of the market. Receipts, though the demoralized condition of the market, and the heavy stocks not heavy, have exceeded the demand, and the heavy stocks have been added to rather than diminished. From all sections of this state and the West come reports of a large quantity of Butter still on hand which holders are now anxious to sell. This is causing a great pressure to sell, and at the same time making buyers more cautious. The outlets for Butter through surrounding markets, which have been of so much value to us in previous years, are all closed, and if the reports of a paralyzed market in England are true another channel will be closed. From present indications there is nothing upon which to build a hope for the future. That the goods will eventually all be sold is beyond a doubt, but unless something entirely unforseen occurs prices will settle lower than we have seen them for several years. It is, however, impossible to force business. Buyers fully understand the position and confine all purchases as nearly as possible to immediate requirements. Quotations must be considered entirely nominal, representing more the asking than the selling prices. Were it not for the idleness of the season we might hope for a further slight decline followed by a reaction, but such a thing now seems hardly probable under any circumstances.

CHEESE.

Receipts for the week, 2,[illegible] boxes; last week 12,959 boxes; corresponding week last year, —— boxes. Exports for the week, 11,[illegible]04 boxes. Same time last year, —— boxes. Liverpool cable quotations, 68s. 6d. Freight by steam to Liverpool, 35@40s. Commercial sixty days' bill on London, 4.80½@4.81. The market continues dull, and to effect sales lower prices have to be named. Some holders refuse to entertain bids below 14c. for Fancy State colored lots, but buyers have no trouble in supplying current wants at 13¾c., and it is doubtful if important lines could be moved at that figure. White Cheese is not salable above 13½c. Medium grades of State are very quiet. Ohio Flats slightly favor buyers; the best lots are not quotable above 13½c., and a good many fair lots recently arriving from the West will probably sell to shippers close to 8½@9c. Creamery skims are a little weak in the absence of an important export demand. For the best Pennsylvania lots 8½c. is now extreme; shippers talk about 8c. A nice lot of New Elgin Skims arrived to-day, but having cost high will be worked out in a small way to the home trade.

EGGS.

Receipts for the week, 5,[illegible] pkgs.; last week, 4,342 pkgs. The market is extremely dull, lower and weak. Fine Fresh laid Maryland, Pennsylvania and Virginia Eggs cannot be placed above 28c., and a buyer of a considerable lot could obtain Prime Tennessee marks for 27½c. A few fresh eggs arrive from southern Ohio for which 27½@28c. are obtained, but Western Eggs generally are too old to exceed 26@27c., and very good fall packed goods—Western and Canadian—are offered at 24@25c. Ice House Fresh are extremely dull and of very uncertain value. Limed Eggs have been greatly unsettled, some lots of State and Western, of Prime quality, were forced to sale at 15@15½c., and buyers refuse to pay more for any considerable quantity. Most holders are unwilling to sell at that range, but do only a peddling business at any higher price.

FRUITS AND BERRIES—FRESH.

Exports of Apples for the week, 2,206 bbls. All kinds of fruit are without present movement owing to the severely cold weather. Apples of fancy quality are in light supply and held with confidence, but ordinary qualities, or stock which is showing loss of quality are urgently offered. Grapes extremely dull. Cranberries held with some confidence in view of the comparatively small stock on hand here and in New-Jersey, but without demand at the moment. Florida oranges held steady except poor or frosted lots, which are freely offered.

FRUITS, BERRIES AND NUTS—DRIED.

Receipts of Dried Fruits for the week, 2,157 pkgs., with 1,587 pkgs. of Peanuts and 163 pkgs. of Pecan Nuts. Exports of Dried Apples 1,380. There is rather more business doing and the general tone of the market a little firmer. We quote 10 boxes of choice or prime Apples sold for shipment to Liverpool at 1½c., and a fair jobbing trade is reported at from 14 to 16½c., according to quality. Sun-dried sliced is good home consumptive demand and very firm; quotations occasionally exceeded for extra fancy fruit. Coarse cut Apples have some little inquiry from German shippers at full late prices. A car of fair Kentucky quarters sold at 7¼c., and a car of exceptionally fine quality at 8½c. Chopped Apples quoted at 3@3½c. and cores and skins at 2½@2½c. Evaporated peeled Peaches have had a little better jobbing demand, and the unpeeled stock has received more attention from shippers than for a long time. Sales of two boxes very fancy Unpeeled sold at 12c. Sun-dried peeled Peeches in light stock and held with confidence. Unpeeled are working out gradually at pretty good prices; 6¼c. bid for prime halves. Plums dull and lower. Raspberries weak. Cherries steady. Blackberries quiet but firm.

Pecans quite firm and scarce and held firmly; demand moderate. Pecans dull and lower. Hickory Nuts without reported business.

HOPS.

Receipts for the week, 159 bales; last week, 740 bales; exports for the week, 280 bales; imports, 135 bales. In the absence of any trade of importance prices are entirely nominal. To force sales quotations could be materially shaded, while a buyer would find difficulty in purchasing below our figures. The stocks here are light and generally held by strong parties who apparently have much faith in future high prices.

POULTRY AND GAME.

Receipts of Live Poultry continue moderate, but the demand is confined to the wants of the Jews, and the high prices restrict their purchases. Fowls are closing weak at 14@15c., and Western Chickens are dull at 11@12c. Turkeys slow. Ducks and Geese firm.

Arrivals of Dressed Poultry have been very light. The demand has also been very moderate, and stock has tended to accumulate a little, but under very strong Western advices, reporting scarcity and high prices at all shipping points, receivers have felt disposed to ask very firm prices, to-day 19c. is the asking price for choice lots of Western Turkeys, but there is not enough wholesale business at that price to establish the quotation. Buyers pay 18c. for Prime lots as they run; when they pay 19c. they insist upon throwing out all old Gobblers, or stock having any objectionable features whatever. Some coarse, discolored lots go at 15@16c. Philadelphia, Bucks Co. and Jersey Chickens are very dull and in fair supply. Buyers want moderate-priced stock, and pay more attention to Prime State and Western Scalded Chickens offered at 15@16c. Most of the Western are very hard frozen, and sales are rare above 14@15c. Ducks scarce and firm. Geese very dull. Capons sell slowly; demand only for fancy; small competition with chickens at a lower price. Squabs firm as quoted.

Quail are a little lower, but rule steady at the close. Grouse plenty and easier. Partridges scarce and firm. Wild Pigeons in fair demand and steady at $1 for prime; a lot of 18 bbls. arrived last Saturday in poor condition, and sold at 50c. Wild Ducks in good demand and firm; a prime lot of baited Mallards sold, to arrive, at 75c. Hares in light supply and steady. Rabbits arrive rather more freely, but rule steady as quoted.

VEGETABLES.

Irish Potatoes have been in moderate demand and firm, but at the moment business has been stopped by the extreme cold weather, which makes it impossible to move stock with safety. Arrivals are moderate, including three cargoes from Nova Scotia. There is a large quantity of stock awaiting shipment at nearly all the principal shipping points, but receipts will doubtless continue light until the weather moderates. Prices are held with confidence and are unchanged. Sweet Potatoes dull and steady. A lot of 1,114 bbls. Bermuda Potatoes (second crop) was received Sunday, together with a few Tomatoes, Beets and Green Peas, but the cargo has not yet been discharged. Onions are firm but quiet. A few lots of Baltimore Spinach and Norfolk Kale have arrived, and sold very slowly at $2 50 for the former and $2@$2 25 for the latter. Russia Turnips steady. Squash and Cabbages firm.
