WEDNESDAY, Jan. 24—P. M.

The greater activity in the stock market to-day is marked by recorded transactions amounting to 484,400 shares, against 359,100 shares for yesterday. The market was weak from the opening to the end, but as is usual in such cases there were here and there stocks which seemed to be strong in the face of the tendency of the general market. For the last few days Union Pacific and Delaware, Lackawanna and Western (and there never have been any rumors of an intended consolidation of these two properties) have held firm against the market, but to-day they weakened, and Northwestern common and Central and Hudson were conspicuous as the strong stocks. Of the total transactions Denver and Rio Grande contributed 107,300; with many fluctuations it declined from 47@47⅝ to 44 and finally closed at 45⅝, against 46⅞ yesterday. Union Pacific in the early dealings was held firm at about 102, but later it declined to 100¾ and closed at 101⅝. Lake Shore was a feature in the day's dealings, and it declined from 112 to 110½ and closed at 111. Louisville and Nashville declined from 56¼ to 54½ and ended at 55⅜. Western Union opened and closed at 82¼, against 82⅜ last evening, but it sold as low as 81⅝. There was the usual rally in prices during the last moments of business which has been a feature of the speculation for several days, but despite of it the market closed unsettled.

Government bonds were dull, the optional issues are firmly held, but the bids for 4s and 4½s are ⅛ lower. Annexed are the closing quotations:

Only a small business was done in State bonds. Louisiana consols were steady at 73¼. Arkansas 7s to Fort Smith Railroad sold at 44 and later rose to 45 bid; Pine Bluff sold up to 39, and Red Rivers to 38, and Centrals were easier at 18½@18⅝.

Of city bank stocks, Central National sold (10) at 124¼, Park (20) at 160, Tradesmen's (25) at 116 and Mercantile (20) at 120.

The market for railroad bonds was quiet and the prices generally were weak. Erie second consols declined to 96¼@96½, Canada Southern firsts were ¼ off at 95¼. New York, Chicago and St. Louis firsts fell from 97¼ to 96½ and recovered to 97⅛, and Lake Shore second consols sold at 120½. St. Louis and Iron Mountain seconds declined ½ to 107½, and the new 5s were ½ lower at 77½. Metropolitan firsts yielded ¼ to 98½ and the seconds were steady at 88. Houston and Texas Central general mortgages sold at 98½ and International and Great Northern 6s at 85⅛.

St. Paul firsts, Southern Minnesota division, were higher at 107@106¾, but first Pacific and Western division were ¼ lower at 91¾. Wabash general mortgages were off 1 per cent at 79. Kansas Pacific consols were lower at 100@100⅛. Union Pacific firsts were ⅛ lower at 113⅝@113¾, and Central Pacific firsts were off ¼ at 113¾. Texas and Pacific incomes declined from 60¼ to 59½, and firsts of Rio Grande division fell from 85⅞ to 85¼@85½. Northern Pacific firsts were steady at 103, and New-Orleans and Pacific firsts rose ½ per cent to 89¾.

The Sub-Treasury to-day lost on balance $115,281, made up by a coin loss of $208,885, less a currency gain of $93,604. The day's transactions covered: Receipts, $884,861; payments, $1,000,142; currency balance, $6,016,112; coin balance, $112,793,287. Money was extremely easy at the Stock Exchange at 3½@4 per cent and finally at 3 per cent for call loans on pledges of ordinary stock collaterals. This extreme ease in the local money market, although the Treasury is making little or no progress toward a recoupment of its reserves to a conservative basis, is an indication of stagnation in the commercial and mercantile circles that cannot be regarded as favorable. A decline, however, at St. Louis for exchange on New-York to 50 cents discount is an indication of a freer movement of the crops.

The Clearing-House statement to-day is as follows: Exchanges, $111,347,645; balances, $4,966,053.

The United States Treasurer at Washington today received $298,000 National bank notes for redemption. The customs receipts were $755,451 and the internal revenue receipts $223,955.

The foreign exchanges were dull and firm with a tendency toward higher rates. We quote; however, rates for business unchanged as follows: Bankers' bills, $4 82 and $4 86 for long and short sterling respectively; 5.21⅞ and 5.18¾ for francs; 94¾ and 95½ for reichmarks; 39⅞ and 40⅛ for guilders.

The London market for British consols was strong and the prices are ⅛ higher at 102 1-16 for money and 102 3-16 for account. According to the cable United States bonds fluctuated without regard to the home markets; 3½s are reported ¼ higher at 106; 4s declined ⅛ and recovered to 102⅝, and 4½s after being quoted up ⅜ at 116½ closed at 116¼. The market for American railways was nothing but a reflection of yesterday's home markets and consequently prices generally show some declines. At Paris, French 3 per cents recovered from 76.80 to 77.65 and sight exchange on London was firmer at 25.20½ francs to the £.

The Governors of the Stock Exchange to-day admitted to dealings at the Board the following securities:

Pennsylvania Company—An additional $2,500,000 of the company's 4½ per cent gold bonds guaranteed by the Pennsylvania Railroad Company.

Denver and Rio Grande Railroad Company—An additional $1,223,000 of consolidated mortgage bonds.

Bradford, Bordell and Kinzlea Railroad Company—First mortgage 6 per cent bonds, due June 1, 1932, for $500,000, and 5,000 shares of stock of the par value of $100—$500,000.

Missouri, Kansas and Texas Railroad Company—An additional issue of $903,000 of general mortgage 6 per cent bonds.

Galveston, Harrisburg and San Antonio Railroad Company—First mortgage 5 per cent gold bonds, due May 1, 1931, $13,500, and second mortgage 6 per cent bonds, due July 1, 1931, in $6,750,000.

Oregon and Transcontinental Company—First mortgage trust 6 per cent sinking fund bonds, due November 1, 1922, $6,000,000.

Canadian Pacific Railroad Company—Capital stock $55,000,000, in shares of $100 each. In reply to the Stock Exchange Governors for information, Messrs. J. J. Kinney & Co., the fiscal agents of the company, under date of January 15, 1883, wrote as follows:

In answer to your inquiry in regard to the financial ability of the Canadian Pacific Railway Company to complete the unfinished portions of the road, and its resources for that purpose, we would report to this effect: That we have now completed and in operation 1,730 miles, leaving 1,576 miles yet to complete, of which the Dominion Government builds at its own expense and transfers to us the portion of road from Port Moody to Kamloops, consisting of 213 miles, thus leaving for the company to build 1,363 miles; the resources for which are the balance of the cash subsidy from the Government, amounting to $17,324,112; the proceeds of land grant bonds not yet drawn from the Government, amounting to $13,191,734; the proceeds of about 18,000,000 acres of selected land, fit for settlement, which the company will hold after retiring the balance of the existing land grant bonds, and the proceeds of the $75,000,000 of stock remaining to be issued, of which a syndicate has just been formed to take $30,000,000. The 1,730 miles now in operation consist partly of the road built and turned over to the company by the Government; partly of the road acquired by purchase, as stated in the official memorandum which accompanied our application, and partly of the line constructed by the company. The latter portions and the cost of the equipment of the whole line have been provided for by the company from its own capital and from the Government subsidies applicable thereto. Under the general law of Canada each railroad is authorized to pay during construction up to six per cent per annum to the stockholders on their stock. The company has paid six per cent upon the stock issued, but we propose hereafter to only pay five per cent upon the capital stock, and that is to apply to all the stock.
