FRIDAY, March 30—P. M.

The stock market to-day was tediously dull from its opening to its close. The total transactions amounted only to 190,131 shares, and of that quantity six stocks contributed 136,500 shares: Oregon Transcontinental, 29,500; Delaware, Lackawanna and Western, 24,400; Northern Pacific, 23,800; St. Paul, 17,000; Omaha, 11,300; and Central Pacific, 10,500 shares. Only one other stock (Northern Pacific preferred, 8,800 shares) had transactions amounting to as much as 5,000 shares. The market opened weak, and during the early hours there was a further fractional decline in prices. Later the declaration of the usual quarterly dividend on Delaware, Lackawanna and Western stock, the announcement that the court had denied the motion for an injunction restraining the Union Pacific Railroad from negotiating a collateral trust loan, and a special strength developed for Chicago, Burlington and Quincy stock, were used as stimulants, and these, with a lively covering of "shorts" in Northern Pacific preferred, imparted a firmer tone to the whole market, so that the morning losses, in a majority of cases, were recovered, and in a few instances a part of yesterday's declines was also recovered. Oregon and Transcontinental, after a decline to 81⅞ and a rally to 83, closed as it did last evening, at 82¾; but Northern Pacific preferred, after a decline to 85¼, closed at 86¼—½ higher than yesterday. Rock Island and Lake Shore sold ex dividends of 1¾ and 2 per cent respectively, and closed by just those differences below last night's figures. At the end the rally was not fully sustained, and the market closed dull.

Government 4s and 4½s were fairly active at full figures. The final bids are unchanged, except for the 3½s, which were advanced ¾ per cent. Annexed are the closing quotations:

Among State bonds the principal business was in Tennessees; the 6s were easier, but the compromise bonds were 2 per cent higher at 47. The only transactions in city bank stocks were sales of ten shares of Metropolitan.

Railroad bonds were dull and generally without feature. There were no transactions in Erie second consols; the quotation was 96¼@97. Texas and Pacific incomes were less active than usual, and after a recovery of ⅜ declined ⅞ per cent; the firsts, Rio Grande division, were about steady. Chesapeake and Ohio firsts, series B, rose ⅜ per cent. Morris and Essex first consols were firm at 121⅞@122. Lake Shore second consols were ¼ higher, and Buffalo, New-York and Philadelphia firsts sold up to 100⅛. Denver and Rio Grande consols advanced ¼. Northern Pacific firsts were ⅛ higher, and Fort Smith and Denver firsts were ⅛ easier. Mutual Union sinking funds were active and rose 1 per cent.

The business at the Sub-Treasury for the week ended to-night includes receipts of $7,710,555 and payments of $9,645,886. The result is a loss to the general balance of $1,935,331, which leaves it at $133,287,018, against $135,222,349 a week ago. Deducting the items of receipt and payments which are mere matters of bookeeping, the true loss, or the gain to the market, is $2,266,426. To-morrow's bank statement will show an important gain in the amount of cash held. Money worked a little closer in the early hours and 7@8 per cent were the common rates for call loans: the final rate was 6 per cent. It is likely that for a few days the rate will be harder, because of preparations to pay April interest and dividends, which take money out of the local market to distribute it widely. The domestic exchanges on New-York at the places named are quoted as follows: Savannah, ⅛ discount to ⅛ premium; Charleston, par to ¼ premium; New-Orleans, 50 cents premium for commercial and $1 50 premium for bank; St. Louis, 25 cents premium; Chicago, par; Boston, 25@30 cents premium.

The Clearing-House statement to-day is as follows: Exchanges, $99,181,980; balances, $4,138,525.

The United States Treasury at Washington today received $445,000 National bank notes for redemption. The customs receipts were $673,409, and the internal revenue receipts $314,050.

There was a little better demand for foreign exchange with only a small supply of bills. We revise our quotations for business as follows: Bankers' bills, $4 81¾ and $4 83¾ for long and short sterling respectively; 5 23½ and 5 20⅞ for francs; 94⅜ and 94⅞ for reichmarks; 40 and 40⅛ for guilders.

In London, British consols were unchanged at 102 3-16 for money, and were off 1-16 at 102 5-16 for account. United States 4s were ⅛ higher; the 3½s and 4½s were unchanged. American railways were dull; such changes as there were were small declines. The Bank of England lost £105,000 bullion on balance.

Messrs. Post, Martin & Co. will pay the coupons and principal of bonds of the Railroad Equipment Company maturing on April 1.

The Delaware, Lackawanna and Western Company to-day declared its usual quarterly dividend of 2 per cent, payable on April 20; transfers close on April 5 and reopen on April 21.
