STEWED BABY.

I once knew a young mother in Hoboken who had been reared in luxury and was lacking in practical knowledge. One day she undertook to give the child a bath in a small foot-tub. The lady's mother, who lives with her, passing through the room, dipped her finger in the water, and told her daughter it was too cold for the little one and that she would have to warm it. Instead of adding a little warm water she placed the bath-tub with the baby in it on a small gas stove and waited for further developments. The developments came as soon as the bottom of the tub began to get extra warm. The offspring gave one yell, and when the fond mother, grandmother, and two servants rushed to the rescue there was more stewed baby and hot water and gas stove lying around that room than you could shake a stick at. In the future grandmother will look after the child while the mother reads up on the cares of a mother and how to bring up children.—*From "Pleasant and Diverting Tales," by Carl Schurz.*

BEFORE going abroad just study the climate and the season, and your system will be well fore-thought will pay if you are subject to rheumatism. If you are inclined to traverse the damp and marshy districts don't do it unless you are well supplied with St. Jacobs Oil, which is far more efficacious in curing rheumatism than all the tours that may be undertaken. In proof of this we will give the words of our well-known citizen and member of city council from the Sixth Ward, Mr. D. J. Dalton, of Cincinnati. Meeting that gentleman on 'Change yesterday, and speaking on this subject, he said: "You remember when my shoulder and arm were so bad with the rheumatism last summer, and for the spring and winter preceding? Well, I had tried several remedies and derived no benefit from their use. I thought I would try a change of climate, and did so, going to Point Burnside, on the Cincinnati Southern Railroad. The beauty of the scenery and the foolish hope of relief used to tempt me to take early morning strolls. The entire valley at that time of day (just before sunrise) is covered with mist arising from the Cumberland River. That mist, settled my rheumatism. I was not there two weeks until I was three times as bad as when I started. I came home and gave up the study of climatology. Time and again I remarked the wonderful cures performed by St. Jacobs Oil. I tried it. Five bottles of St. Jacobs Oil effected a complete cure, and I am proud to say to you, or to any one else, that the Great German Remedy will always meet with my hearty indorsement."—*Cincinnati Enquirer.*

PILES! PILES! PILES!
A Sure Cure Found at Last! No One Need Suffer!
A sure cure for Blind, Bleeding, Itching, and Ulcerated Piles has been discovered by Dr. William (an Indian remedy), called Dr. William's Indian Ointment. A single box has cured the worst chronic cases of twenty-five or thirty years' standing. No one need suffer five minutes after applying this wonderful soothing medicine. Lotions, instruments, and electuaries do more harm than good. William's Ointment absorbs the tumors, allays the intense itching (particularly at night after getting warm in bed), acts as a poultice, gives instant and painless relief, and is prepared only for Piles, itching of the private parts, and for nothing else.
Read what the Hon. J. M. Coffinberry, of Cleveland, says about Dr. William's Indian Pile Ointment: "I have used scores of Pile cures, and it affords me pleasure to say that I have never found anything which gave such immediate and permanent relief as Dr. William's Indian Ointment."
