TUESDAY, April 10—P. M.

The transactions in stocks to-day (440,580 shares) amounted to 114,500 shares less than the business of yesterday, and the speculation was less generally distributed through the list than it was yesterday. Of to-day's business six stocks contributed more than one-half of the total number of shares sold: Delaware, Lackawanna and Western, 104,900; Union Pacific, 33,600; St. Paul, 27,000; Erie, 25,000; East Tennessee, Virginia and Georgia preferred stock, 18,800; and Louisville and Nashville, 18,700 shares. Total for the six stocks, 228,000 shares. During the first half of the day the whole speculation dragged, and the market was excessively dull at prices ranging from ¼ to ½ per cent below yesterday's closing figures. But after that special attention was given to Delaware, Lackawanna and Western and Union Pacific stocks, and their prices rapidly advanced about 2 per cent. These movements exerted an influence upon the whole market, and a general activity succeeded the before-prevailing apathy. Except, however, for the two principal active stocks, the final gains are unimportant, and for a few of the stocks the last prices were lower than yesterday's closing figures. The market closed quiet and steady at prices a little below the best ones of the day.

Government bonds were quiet, but their prices were steadier; in the final bids the 3s are ¼ higher, and the 4½s are ¼ lower. Annexed are the closing quotations:

Among State bonds Tennessee 6s sold at 42@42¼, and Arkansas 7s to the Pine Bluff and Red River Railroad at 52 and to Central at 22. The transactions in city bank stocks included only eight shares of Broadway at 260.

Outside of a few issues the market for railroad bonds was dull, and for those which were active some irregularity in prices was observable. New-York, West Shore and Buffalo 5s continued active, but the final prices show a decline of ⅜ per cent. New-York, Chicago and St. Louis firsts closed with a gain of ⅛. Erie second consols were ¼ higher, and Chesapeake and Ohio firsts, series B, were up ¼. Central and Hudson consolidated 7s were easier at 130½. C., C. and I. C. income reorganization certificates were up 1 per cent at 74. Missouri, Kansas and Texas general mortgages were ½ higher, and seconds, after a decline of ½, show a final gain of ⅛. Texas and Pacific firsts, Rio Grande division, were active and ⅛ higher. Denver and Rio Grande firsts were off ¼, and consols were ½ lower. Northern Pacific firsts sold up to 106@105⅝. Union Pacific firsts were ½ easier, and Fort Worth and Denver firsts were off ¾. Ohio Southern incomes were unusually active and rose to 34@33½. Morris and Essex consols were off ¼. East Tennessee, Virginia and Georgia consols were steady, and the incomes also closed unchanged. Wabash general mortgages were ½ lower. Mutual Union sinking funds, after 88⅛, were up ⅛ at 87⅞.

The Sub-Treasury to-day gained on balance $131,289, made up by gains of $58,529 currency and $75,755 coin. The day's transactions covered: Receipts, $826,642; payments, $692,258; currency balance, $6,554,594; coin balance, $123,155,390. Money on call, after early business, at 5½@6 per cent, worked closer, and a good amount was loaned at 7 and some $300,000 at 8 per cent; the last loan was at 6, after which money was offered at 3 per cent. The domestic exchanges on New-York are quoted less favorable to this city, but the marked decline is at Boston to 40@25 cents discount.

The Clearing-House statement to-day is as follows: Exchanges, $126,687,143; balances, $4,328,249.

The United States Treasury at Washington today received $552,000 National bank notes for redemption. The customs receipts were $553,580 and the internal revenue receipts $153,861.

Only a moderate business was done in the foreign exchanges but the rates are firm. The exchange made by the week's exports from this port, amounting to $7,500,000, has been absorbed, and commercial bills are quoted as scarce. For business we quote: Bankers' bills, $4 83⅜ and $4 85¾ for long and short sterling respectively; 5.20¼ and 5.17¾ for francs; 94⅜ and 95¼ for reichmarks; 40⅛ and 40⅜ for guilders.

In London, British consols were strong and ⅛ higher at 102 9-16 and 102 13-16 for money and account respectively. United States bonds were lower: the 3's are off ½ at 106; 4s off ⅜ at 122⅞, and the 4½s off ⅜ at 116⅜. American railways were weak, despite the buoyancy of yesterday's home market: generally prices were off ¼@½ per cent. Atlantic and Great Western firsts were 1 per cent lower; Erie and Reading advanced ¼ and ⅜ per cent, against yesterday's advances of ½ and ⅝ per cent in our market. The Bank of England lost £107,000 bullion on balance. The Imperial Bank of Germany reports a loss of specie for the week amounting to 1,720,000 marks.

The January coupons of the income bonds of the Virginia Midland Railroad Company will be paid on and after April 16 at the office of the Central Trust Company.

Third level header connected with Italian winze.

THE PETROLEUM MARKET.

NEW-YORK, April 10.

For the first time in a long while the official monthly statement of the United Pipe Lines is remarkably favorable. The exhibits for the previous months recently have showed an improving condition, but last month's statement is much more in favor of the producer than those were. The net stocks of oils in the custody of the Pipe Lines showed an increase on March 31 from February 28 of 125,581 barrels, against an increase in February of 567,779 barrels, and in January of 628,410 barrels. There was a decrease in certificates issued to producers from February of 765,479 barrels, the credit balances increasing 891,051 barrels. The receipts of oil in March were increased only 153,522 barrels, while the deliveries gained 335,054 barrels. The excess of receipts over deliveries was only 404,571 barrels, against 586,103 barrels in February, and 669,604 barrels in January, and against a similar excess for March, a year ago, of 852,184 barrels. A month ago the net stocks were larger than those of the corresponding month in 1882 by 9,051,255 barrels; they are larger now than on March 31, 1882, by only 8,335,923 barrels. Appended are the figures (in barrels) of the United Pipe Lines for the first three months of the year:

U. P. L.	Jan., 1883.	Feb., 1883.	Mar., 1883.
Net stocks	32,418,632	32,946,431	33,112,011
Certificates issued	26,423,905	26,018,762	25,853,292
Credits remaining	5,994,717	6,967,669	7,258,719
Receipts	1,811,822	1,639,016	1,793,537
Deliveries	1,142,218	1,043,913	1,378,966
Excess receipts	669,604	586,103	404,571

As compared with the same month a year ago, the figures (in barrels) are as follows:

U. P. L.	Mar., 1882.	Mar., 1883.	Changes.
Net stocks	24,776,088	33,112,011	+8,335,923
Certificates issued	19,039,761	25,853,292	+6,813,531
Credits remaining	5,736,327	7,258,719	+1,522,392
Receipts	2,305,538	1,793,537	−512,001
Deliveries	1,453,354	1,378,966	−74,388
Excess receipts	852,184	404,571	−447,613

There was little character to the speculation at the Petroleum Exchange to-day. The news from the new Wells well was conflicting, but the best reports showed that the well was only a moderate producer. Influenced no doubt to some degree by this news, the "bears" bought largely to cover, and an advance from 89 to 91⅜c. was recorded. The close was easy at a reaction to 90c.

The total transactions to-day in New-York were as follows:

	Barrels.
New-York Petroleum Exchange	2,047,000
National Petroleum Exchange	325,000
New-York Mining Stock Exchange	869,000
Total	3,241,000

The range of prices was:

	N. Y. Pet.	Nat. Pet.	Mining Stock.
Opening	89	89⅛	89
Highest	91⅜	91⅜	91¼
Lowest	89	89	89
Final	90	90⅛	90⅛

The refined petroleum market was dull to-day, and, pending developments in the crude market, displayed a weaker tone. The price closed easy at 8¼ cents bid and 8⅜ cents asked.
