SNOW WHITE BREAD

and beautiful Rolls and Biscuits will be guaranteed if you use **CERES**, the celebrated Minnesota Patent-Process Flour, which was awarded the First Premium over all other competitors at the National Fair in 1878, and again the First Premium, in the shape of a very handsome gold medal, in 1880 and 1881. The millers claim that one barrel of Ceres will turn out forty loaves more bread than any other flour in America. **STERLING'S ST. LOUIS FANCY**, one of the most beautiful Winter-Wheat Patent Flours ever offered to the trade. It is unexcelled by any other Patent except Ceres, and will please the most exacting housekeeper and satisfy the most fastidious epicure. **RELIANCE**, a splendid Minnesota Patent Flour, made by the celebrated Hungarian Process. It is a very cheap and beautiful Patent, within the reach of all classes, and we guarantee will give satisfaction to everyone who will try it. **GOLDEN HILL**, the old reliable standby and the Standard Family Flour of the District, and equal to a great many so-called Patent flours. The millers or manufacturers of Golden Hill have spent about $10,000 in remodeling their mill, and have introduced the so celebrated Roller system, and consequently Golden Hill is not only a magnificent Family Flour, but it is really a patent flour with the great advantage that it can be bought for considerably less money than a great many Patent-Process flours not near as white nor as nutritious as Golden Hill. For sale by all Grocers. Wholesale Depot, corner First street and Indiana avenue.

WM. M. GALT & CO., who are also the Sole Wholesale Agents for the District of Hecker's Celebrated Self-Raising Flour and Buckwheat.
