S. S. S.

Indorsed by Leading Physicians.

"Several years ago a negro came to me for treatment of a very severe sore throat. I cauterized it once, twice, three times, and without other than temporary benefit. On the fourth visit he made my office I told him, after a thorough examination, that he had contracted blood poisoning. He confessed that he had; but said a doctor had cured him with black pills—mercury, of course. Finding the foul and fearful disease yet in his system, I thought I would just experiment on him and see if there was any virtue in the favorable reports I had been hearing for years of Swift's Specific, so I put him under treatment of nothing but S. S. S. Four large bottles completely cured him, and left his throat as beautifully healed as I could desire.

Since then I have used S. S. S. in numerous cases in my practice, and I have never failed to make a safe, perfect, and permanent cure, where the patients have followed your directions faithfully.

It is because of these remarkable cures that I have made in my own practice with S. S. S. that I cheerfully send you this testimony of Swift Specific's sure success in all such cases.

Those who know the almost inevitable, permanently dangerous effects of mercury will welcome your discovery of S. S. S. as a boon to humanity. The medical profession, always wary of proprietary medicines, is coming slowly, and in some cases secretly, to the use of S. S. S. in cases of blood disorder. Of course a medicine that cures poisoning in its worst form must purify the blood of every disorder. Yours, respectfully, J. N. CHENEY, M. D.

FRACTIONAL DECLINES.

The Stock Market Feverish and Irregular.

NEW YORK, Apr. 15.—The stock market today was by long odds the dullest for the past two weeks. It was feverish and unsettled, but on the whole heavy. The leaders of the market are doing little or nothing; but London was a conspicuous seller of its specialties early in the day, which was taken advantage of by those operating for a decline, who raided the market at different points. The declines established, however, were generally for insignificant amounts, opinions upon the course of prices being very much mixed, with the preponderance on the side of higher figures. Later in the day, when the selling movement had exhausted itself, a decidedly better tone was manifested in the dealings, though the market at times was positively dull.

The market was weak at opening this morning, first prices showing declines from last evening's final figures of from ⅛ to ⅝ per cent., the latter in Louisville and Nashville and Jersey Central. The market showed feverishness and irregularity. Prices were generally heavy, however, over the entire list. The decline was continued until nearly noon, when a better feeling was apparent, but the market became decidedly dull. A period of comparative stagnation in prices ensued which lasted until about 2 p. m., when another general decline was effected.

The market closed on a rally, however quiet and steady. The general list almost invariably shows declines, and Jersey Central is down 1⅝, but in no other case is the net loss more than a fractional amount.

Money on call has been easy, ranging from 4 to 7; last loan at 4½, and closing offered at 4½. Sterling exchange is quiet and steady. Actual business at 485¼ to 486 for 60-day bills, and 487 to 487¼ for demand. Posted rates, 486¼ to 488½. Government bonds have been dull and steady. State bonds have been dull and steady.

Treasury balances—Coin, $134,933,361; currency, $15,628,056.

"No Physic, Sir, in Mine!"

A good story comes from a boys' boarding school in "Jersey." The diet was monotonous and constipating, and the principal decided to introduce some old style physic in the applesauce, and await the happy results. One bright lad, the smartest in school, discovered the secret mine in his sauce, and, pushing back his plate, shouted to the pedagogue; "No physic, sir, in mine. My dad told me to use nuthin' but Dr. Pierce's 'Pleasant Purgative Pellets', and they are a doing their duty like a charm!" They are anti-bilious, and purely vegetable.

Gen. Keifer Will be the Orator.

Gen. Sheridan most emphatically denies the truth of the statement that there is any trouble or disagreement between the committee of arrangements for the Garfield statue unveiling and ex-Speaker Keifer, the orator of the occasion. He says that perfect harmony exists in every arrangement for that occasion. Every courtesy will be extended to Gen Keifer.

Piles Can be Cured.

WESTFIELD, N. Y., May 18, 1885.—For thirty-two years I suffered from piles, both internal and external, with all their attendant agonies, and like many another suffered from hemorrhoids. All those thirty-two years I had to cramp myself to pay doctors and druggists for stuff that was doing me little or no good. Finally I was urged by one who had had the same complaint, but had been cured by Brandreth's Pills, to try his cure. I did so, and began to improve, and for the past two years I have had no inconvenience from that terrible ailment.
