FRIDAY, June 15—P. M.

The stock speculation to-day showed some hesitation with the natural results of a fluctuating, feverish and irregular market. The business of the day amounted only to 325,700 shares, against 439,400 shares, yet it was unusually well distributed. Only four stocks recorded transactions amounting to more than 20,000 shares each, and only nine other stocks recorded transactions varying between 10,000 and 20,000 shares; the aggregate transactions of the thirteen stocks were 241,900 shares. Generally to-night's closing prices are lower than were yesterday's last figures, and the stocks which are conspicuously so are Central of New-Jersey, Omaha, St. Paul, Reading, and Union Pacific. The other declines are only to the extent of small fractions. The stocks which were the recipients of special attention were Lake Shore, Central and Hudson, Northwestern and the Wabashes. The last-named stocks were particularly strong; Wabash common stock rose from 28⅞ to 31¾@31¼, and the preferred stock from 45⅜ to 46½@46⅛. Among stocks which heretofore have been inactive, that of Ontario and Western is attracting more attention; its price has advanced only 1½@2 per cent, but the dealings in it have been increased from 500@800 shares daily to 11,800 shares yesterday and 12,200 shares to-day. This is because of the late completion of the line to New-York. Speculatively the situation at the Stock Exchange is little changed from what it was a week ago; a few of the larger board-room traders have sold out and have turned "bears," but the great leaders, if holding less of one stock that a week ago, probably hold more of others. The situation is mixed.

In Government bonds a fair business was done in the 3s at full figures. Quotations are steady and unchanged as follows:

	Bid.	Asked.		Bid.	Asked.

State bonds were dull; the transactions included Georgia gold 7s at 116½, Virginia consols ex-matured coupons at 41, and Arkansas 7s to the Pine Bluff and the Red River Railroads at 50. Of city bank stocks Republic sold at 132¼.

The business in railroad bonds covered a large variety of issues, but generally were in small amounts. Northern Pacific firsts 6s were a feature in the dealings, and advanced to 107¼. New-York, Chicago and St. Louis gold 6s were dull at 101¾@102. West Shore and Buffalo 5s were steady at 80⅜@80⅛. Columbus, Hocking Valley and Toledo firsts sold at 83½@83¾. Erie second consols were steady at 96¼, after 96½. Rome, Watertown and Ogdensburg 5s were easier at 72¾. Missouri, Kansas and Texas seconds sold at 60¾, and the general mortgages were off ½ at 82¾ for small lots. Canada Southern firsts 5s were steady at 100⅜@100¼. Ohio Central firsts 6s sold at 88¾@88⅞. East Tennessee, Virginia and Georgia 5s were off ⅛ at 78⅜. Atlantic and Pacific firsts, western division, advanced ⅞ to 101½, and incomes were up ⅜ at 34⅞. Texas and Pacific firsts, Rio Grande division, were active at 85¼@85@85⅛. Mutual Union sinking funds declined to 89 and recovered to 89¾.

The business of the Sub-Treasury for the week ending to-night includes receipts of $8,208,243 and payments of $6,982,748, making an apparent gain to its balance of $1,225,495 and leaving its balance at $122,033,960, against $120,808,465 June 9. But after deducting from the receipts $1,590,000, and from the payments $1,374,000 for items which represent exchanges and transfers, the Treasury's actual gain at this point is $1,009,495 for the week. To-day's transactions included in the above, covered: Receipts, $1,524,965; payments, $1,362,551; currency balance, $7,863,922; coin balance, $114,170,038. Money at the Stock Exchange continued easy at 2½@3 per cent. The domestic exchanges are as last quoted.

The Clearing-House statement to-day is as follows: Exchanges, $110,213,207; balances, $4,448,564.

The United States Treasury at Washington today received $362,000 National bank notes for redemption. The customs receipts were $905,274, and the internal revenue receipts $506,131.

The foreign exchanges continue dull, but the rates are fairly steady at unchanged quotations for business as follows: Banker's bills, $4 85¾ and $4 89 for long and short sterling respectively; 5.19 and 5.16⅛ for francs; 94¾ and 95¼ for reichmarks; 40⅛ and 40⅜ for guilders.

In London, British consols were steady at 100 9-16 for money and 100 13-16 for account. United States bonds were unchanged, except an advance of ⅛ for the 4s at 121¼ ex interest. American railways were all higher, but were fluctuating. The Bank of England gained £10,000 bullion on balance. At Paris, French 3 per cents rose to 79.65, and sight exchange on London was down to 25.29½ francs to the £.

[BY TELEGRAPH TO THE TRIBUNE.]

DEADWOOD, Dak., June 15.—Intense excitement prevails throughout the Black Hills over recent discoveries of the greatest importance and value. The first was made about a week ago but was kept quiet through uncertainty as to the character and value of the ore. Much development work and many assays have since established the presence of tin in large bodies, running from 50 to 55 per cent tin and with traces of gold and silver. The mine is situated three miles from Harney's Peak, and is in a micaceous formation.

The second discovery was made on Wednesday in the St. Elmo, a gold mine six miles from Custer, near the Sidney stage-road. Work began on the mine two weeks ago and was continued in good ore from the start. The ledge was cut to a width of 50 feet and on Wednesday a streak of exceedingly rich ore was encountered. Pieces of rock pulverized, making less than a pan, yielded fully $40 gold. The ledge can be traced on the surface a long distance. Miners are flocking to the locality from every direction.

All the mills on the "belt," with the exception of the Gustin, are in operation.

The enlarged Florence silver mill will start up on Monday next.

Bullion value at $10,000 was received in this city yesterday from the mines.

THE PETROLEUM MARKET.

NEW-YORK, June 15.

There was more fairly active speculation in Pipe Line certificates at the Petroleum Exchanges today. And while displaying an appearance of strength the market again failed to record an important advance. The late uneasiness of tone yesterday was replaced by one of confidence, and early prices were $1 17⅝@1 17⅞. against $1 18¼ last night. From those figures there was a gradual decline to $1 17⅜, but the afternoon dealings were made at a steady advance to $1 19½. The market closed strong. There was no significant news from the oil regions.

The range of prices and the total transactions in New-York were as follows:
