TUESDAY, June 19—P. M.

The stock speculation to-day was variable and uncertain. While, as represented by the amount of business (282,500 shares), the trading was dull, the fluctuations of ½@¾ per cent in prices were frequent. Values were moved up and down with ease and with small dealings. To the board-room traders the day was a day of losses: no sooner did they act on the promising appearances for higher values than the prices dropped; and no sooner were sales recorded because of a scent of a bad break than a ½@¾ per cent recovery was started. The reports of additional failures in Chicago had little effect on the market here, and at the close only one failure is known to have occurred—that of M. S. Nichols & Co. and its New-York representative and also stock house of R. H. Parks & Co. The report that J. J. Lester & Co., of Chicago, had failed, is pronounced an absolutely false and malicious report by the New-York representative, L. G. Quinlan & Co. Generally prices closed a shade lower than last night, but Delaware, Lackawanna and Western, Central of New-Jersey, Northwestern, and Erie are notable exceptions. Ontario and Western shows a final loss of ½ per cent. The market closed feverish and irregular.

Government bonds were dull but strong, with a further advance of ⅛ in the bids for the 3s. Annexed are the closing quotations:

Business in State bonds was restricted to sales of $7,000 Arkansas 7s to Central Railroad at 19. A sale of ten shares of Fourth National at 130 covered the transactions in city bank stocks.

The business in railroad bonds was light and almost featureless. East Tennessee, Virginia and Georgia incomes, however, created a small sensation by a drop from 37½ to 32½ and a recovery to 36 on transactions in only $29,000. There were no transactions in Erie second consols; the quotations were 96@96¼. Missouri, Kansas and Texas general mortgages were ⅛ higher at 83⅛. Rome, Watertown and Ogdensburg 5s were steady at 72, and St. Louis and Iron Mountain 5s were ¼ lower at 76¾@77. Canada Southern 5s were steady at 100, and West Shore and Buffalo 5s were ⅛ higher at 79⅞. New-York, Chicago and St. Louis first 6s were dull at 101⅞. New-York Central debenture 5s were firm at 103¼, and Lake Shore second consol 7s sold at 119¾@120. Columbus, Hocking Valley and Toledo firsts sold at 83¼. St. Paul consol 7s were up ¼ at 123½, and Rock Island 6s brought 126@126¾. Alton and Terre Haute dividend bonds sold at 81¾@81, and Wabash general mortgages were easier at 77⅞. Oregon Short Line 6s sold at 100@100⅜.

The Sub-Treasury to-day lost on balance $73,228, made up by a currency loss of $93,777, less a coin gain of $20,549. The day's transactions covered: Receipts, $1,449,960; payments, $1,523,188; currency balance, $7,955,702; coin balance, $113,807,810. Money on call loans to-day was just enough more active to make the rate for considerable amounts 3 per cent; but the bulk of the business was done at 2½ and at the close money was offered at 2 per cent. A few 60-days loans have been made at 3 per cent, but the going rate for time loans—90 days to six months—is 5 per cent.

The Clearing-House statement to-day is as follows: Exchanges, $115,807,100; balances, $5,102,400.

The United States Treasury at Washington to-day received $443,880 National bank notes for redemption. The customs receipts were $151,361 and the internal revenue receipts $567,000.

There is no change in the foreign exchange markets; the demand for bankers' bills is small, but bankers are still large purchasers of all the commercial bills offered. The rates are steady for business as follows: bankers' bills, $4 85½ and $4 88¾ for long and short sterling respectively; 5.19⅝ and 5.16⅜ for francs; 94⅝ and 95⅛ for reichmarks; 40 and 40¼ for guilders.

In London British consols were weak at ⅛ decline to 100 5-16 and 100 9-16 for money and account. United States bonds are quoted "unchanged." American railways were irregular, but generally opened lower and later made some improvements. The Bank of England gained £10,000 bullion on balance. At Paris French 3 per cents rose to 78.92½, and sight exchange on London was easier at 25.27½ francs to the £.

The National Park Bank has declared a semi-annual dividend of 5 per cent, payable on July 1.

The gross earnings of the following railroads are reported:

THE PETROLEUM MARKET.

NEW-YORK, June 19.

The speculation in petroleum was exceedingly active and at times excited to-day. The market opened strong at a fractional advance from the closing figures last night and in the morning dealings rose steadily to 117¾. Free selling, in which the Standard Oil Company is reported to have taken part, checked the upward movement. The announcement of fresh failures in the grain trade stimulated the selling and prices gradually fell to 113⅝@113¾. The market closed weak at a slight recovery from the lowest points. The "short" interest has been largely increased in the last few days. The principal information from from the fields was that Grandin No. 9, which was drilled deeper yesterday, ha produced 400 barrels in the first twenty-four hours.

The range of prices and the total dealings were as follows:

	N. Y. Pet.	Cons. Ex.
Opening	116⅞	116¾
Highest	117¾	117¾
Lowest	113⅝	113¼
Final	114⅛	114⅜
Sales, bbls	6,852,000	3,692,000
Clearances	5,018,000	2,655,000

The market for refined oil was quiet at 7¾@7⅞c. per gallon.
