New Hair Growth After BALDNESS

On legal affidavit, John Hart Brittain, business man, certified to this: "My head at the top and back was absolutely bald. The scalp was shiny. An expert said that he thought the hair roots were extinct, and there was no hope of my ever having a new hair growth.

"Yet now, at an age over 60, I have a luxuriant growth of soft, strong, lustrous hair! No trace of baldness. The pictures shown here are from my photographs." Mr. Brittain certified further:

After hair growth

INDIAN'S SECRET OF HAIR GROWTH

Photo when bald.

"At a time when I had become discouraged at trying various hair lotions, tonics, specialists' treatments, etc., I came across, in my travels, a Cherokee Indian 'medicine man' who had an elixir that he asseverated would grow my hair. Although I had but little faith, I gave it a trial. To my amazement a light fuzz soon appeared. It developed, day by day, into a healthy growth, and ere long my hair was as profuse as in my youthful days.

This I was astonished and happy in expressing my state of mind mildly.

Obviously, the hair roots had not been dead, but were dormant in the scalp, awaiting the fertilizing potency of the mysterious potions.

I negotiated for and came into possession of the principle for preparing this mysterious elixir, now called Kotalko, and later had the recipe put into practical form by a chemist.

That my own hair growth was permanent has been amply proved."

How YOU May Grow YOUR Hair

It has been proved in very many cases that hair roots did not die even when the hair fell out through dandruff, fever, *alopecia areata* or certain other hair or scalp disorders. Miss A. D. Otto reports: "About 8 years ago my hair began to fall out until my scalp in spots was almost entirely bald. I used everything that was recommended but was always disappointed until at last I came across Kotalko. My bald spots are being covered now; the growth is already about three inches." G. W. Mitchell reports: "I had spots completely bald, over which hair is now growing since I used Kotalko." Mrs. Matilda Maxwell reports: "The whole front of my head was as bald as the palm of my hand for about 15 years. Since using Kotalko, hair is growing all over the place that was bald." Many more splendid, convincing reports from satisfied users.

KOTALKO SOLD BY
Jos. W. Weis.
And by Busy Druggists and Dep't Stores Everywhere

Want to Feel Just Right?

Take an NR Tonight

JUST TRY IT AND SEE! how much better you feel in the morning. That "logy," headachy, tired, don't-know-what's-the-matter feeling will be gone—you'll feel fine.

TROUBLE IS, your system is clogged with a lot of impurities that your over-worked digestive and eliminative organs can't get rid of. Pills, oil, salts, calomel and ordinary laxatives, cathartics and purges only force the bowels and prod the liver.

Nature's Remedy (NR Tablets) acts on the stomach, liver, bowels and even kidneys, not forcing, but toning and strengthening these organs. The result is prompt relief and real, lasting benefit. Make the test. Nature's Remedy will act promptly, thoroughly, yet so mildly, so gently, that you will think nature herself has come to the rescue and is doing the work.

And oh, what a relief! You'll be surprised to feel how much better you feel—brighter, better every way. If habitually or stubbornly constipated, take one NR Tablet each night for a week. Then you'll not have to take medicine every day. Just an occasional NR Tablet after that will be sufficient to keep your system in good condition—keep you feeling your best.

"TIZ" FOR ACHING, SORE, TIRED FEET

Use "Tiz" for tender, puffed up, burning, calloused feet and corns.

People who are forced to stand on their feet all day know what sore, tender, swollen, burning feet mean. They use "Tiz" and "Tiz" cures their feet right up. It keeps feet in perfect condition. "Tiz" is the only remedy in the world that draws out all the poisonous exudations which puff up the feet and cause tender, sore, tired, aching feet. It instantly stops the pain in corns, callouses and bunions. It's simply glorious. Ah! how comfortable your feet feel after using "Tiz." You'll never limp or draw up your face in pain. Your shoes won't tighten and hurt your feet.

Get a box of "Tiz" now from any druggist. Just think! a whole year's foot comfort for only a few cents.—adv.

You Can't Rub It Away; Rheumatism is in the Blood

Liniments Will Never Cure.

If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will?

Do not try to rub the pain away. Try the sensible plan of finding the cause of the pain, and go after that. Remove the cause, and you remove the pain.

You will never be rid of Rheumatism until you cleanse your blood of the germs that cause the disease. S. S. S. has never had an equal as a blood purifier and scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system.

Get a bottle of S. S. S., and get on the right treatment to-day. Special medical advice free. Address Medical Director, 111 Swift Laboratory, Atlanta, Ga.

Food— the Problem of the Hour

THE need for food has the world in its grip. To produce more food we must depend upon gasoline power on the farm to multiply the efficiency of the man-power available.

The following interesting comparison of man-power vs. machine-power, required per acre is illuminating:

Crop (1 acre)	Man-Hours By Hand	Man-Hours By Machine
Barley	64	4.25
Corn	39	7.70
Cotton	168	79
Hay	21	8.45
Oats	66	4.25
Potatoes	109	38
Rice	62	17
Rye	63	4.25
Wheat	61	4.25

The United States has changed from an agricultural into a semi-industrial nation. Never again will it see the day when 97 percent of its population dwells on farms. Yet the fact remains that the United States must feed itself, and the only way this can be done is through intensive soil cultivation, made possible by automotive machinery.

On the farms of the Middle West the gasoline tractor, truck, and automobile are multiplying the productiveness of man-power, and are doing their part in furnishing an adequate supply of food-stuffs.

Throughout this great section the Standard Oil Company (Indiana) has developed a system of distribution which insures the farmer an adequate supply of gasoline and lubricating oils. This system is based upon huge storage depots, fed from three large modern refineries.

Anticipation of possible difficulties is but one of the many burdens the Standard Oil Company (Indiana) assumes in order that consumers of the Middle West may have their wants supplied.

Profits Helped Build Our Business

Do you think it's right to save money?

Swift & Company's business has been built up partly by selling capital stock for cash and partly by thrifty saving, putting some of our earnings each year back into the business to increase facilities for production.

That is what most all of us seek to do—save part of our earnings for future usefulness.

It is the way American industries have been built up. It means the least drain on the financial resources of the country.

For the past twenty-four years Swift & Company has made an average profit from all sources of 11.3 per cent on investment (capital and surplus), and 2.3 cents on each dollar of sales—a fraction of a cent per pound. Out of this we have paid dividends and saved something to help us keep pace with a growing country.

Swift & Company, U. S. A.

More than just materials

When you let us supply your building needs you get a great deal more than just so many feet of lumber—bundles of shingles—pounds of nails—or panels of Beaver Board.

You get the benefit of our building material knowledge and experience in Service that helps you get the results you want at the right price. Service first in planning the work—more service in selecting proper materials—speedy service in delivering the goods.

You pay for the materials. *The service pays for itself* in the larger volume of business it brings through super-satisfied customers.

It will pay you to be one of them.

SUBSCRIBE FOR THE TIMES

Telephone Conversations Unnecessarily Prolonged Are Unfair

When several subscribers are on a party line, all are entitled to equal service.

It would neither be fair nor practicable to assign certain periods of the day to each user. All should have access to the line on equal terms. Exact fairness is possible only through the co-operation of the subscribers themselves.

A telephone line should never be held longer than five minutes on a local call. Prolonged conversation, particularly on party lines, may cause serious delay to others who wish to use the telephone for an emergency.
