TUESDAY, June 26—P. M.

In o-day's stock market the transactions amounted to 210,600 shares against 168,900 shares for yesterday. Generally the fluctuations were confined within narrow limits, and the final changes on either side, with few exceptions, are measured by ⅛ per cent. Eight stocks contributed 125,800 shares to the day's total business, and they and their final gains or losses were as follows: Delaware, Lackawanna and Western, 26,200 shares, with a gain of ⅜; Central and Hudson, 23,900 shares, with a decline of ⅝; Lake Shore, 16,000 shares, with no change; Erie, 15,600 shares, with a gain of ⅛; Union Pacific, 13,700 shares, with a gain of ⅛; Denver and Rio Grande, 10,300 shares, with a gain of ⅜; St. Paul, 10,100 shares, with a gain of ¼; and Reading, 10,000 shares, with a gain of ⅜. The business in Central of New-Jersey amounted only to 7,100 shares, notwithstanding the fact that the stock commanded ⅜@½ per cent per diem for use of certificates; its price closed ⅝ higher than yesterday. Michigan Central, with transactions that amounted only to 4,700 shares, declined from 95½ to 94½@94¾. The character of the whole market is sufficiently shown by the "General List" at the head of this column. The closing quotations were strong.

Only a small business was done in Government bonds, but the market was strong, although the bids for the 3s are ⅛ off. Annexed are the closing quotations:

	Bid.	Asked.		Bid.	Asked.

U. S. 6-20s cents	103⅞	104	Dist. Col. 3.65s	100	110

The dealings in State bonds were covered by small sales of Louisiana consols and of Alabamas class A; and of city bank stocks by sales of ten shares of Manhttaan at 155.

The dealings in railroad bonds developed nothing of special interest; but prices generally were a shade lower than the previous transactions. Erie second consols declined from 96 to 95¼@95½. Rome, Watertown and Ogdensburg 5s were steady at 72½, as also were New-York, Chicago and St. Louis first gold 6s at 101½@101⅝, and West Shore and Buffalo 5s at 80@80⅛. Chesapeake and Ohio first series B were off ⅛ at 91⅞, and the currency 6s were ¼ lower at 51½. New-York Central extended debenture 5s were strong at 103¾@104. Richmond and Alleghany firsts sold at 72@71@71¾. Michigan Central 7s at 124, and New-York, Susquehanna and Western firsts at 85@85⅝. Burlington, Cedar Rapids and Northern first 5s brought 99¼. Wabash general mortgages were off ½ at 76¾. Denver, Rio Grande and Western firsts rose ¾ to 76¾, and ended at 76¼. Texas and Pacific incomes sold at 63, and firsts, Rio Grande division, at 83½@83⅞.

The Sub-Treasury to-day gained on balance $855,580, made up by gains of $616,843 coin and $238,737 currency. The day's transactions covered: Receipts, $1,679,070; payments, $823,490; currency balance, $8,466,335; coin balance, $115,405,240. The local monetary situation presents no new features, and probably will not until a change so suddenly occurs that every one will be surprised. Call loans to-day ruled at 2@3 per cent. The domestic exchanges on New-York at all points are gradually growing to be less favorable.

The Clearing-House statement to-day is as follows: Exchanges, $91,738,858; balances, $5,034,697.

The United States Treasury at Washington to-day received $578,000 National bank notes for redemption. The customs receipts were $940,567, and the internal revenue receipts $210,388.

The exports for the week from New-York ($6,407,662) were $740,000 less than for the preceding week; $195,000 more than for the week of 1882, and $1,100,000 less than for the week of 1881. These figures and comparisons are of special interest in connection with the foreign exchanges, because they show that the decline in breadstuffs and provisions has not yet been sufficient to stimulate large shipments. The markets for exchange are unchanged; business is small and there is no pressure of any kind of bills. Quotations for business are as follows: Bankers' bills, $4 84⅜ and $4 88 for long and short sterling respectively, 5.20¼ and 5.17¾ for francs, 94⅝ and 95⅛ for reichmarks, 40 and 40¼ for guilders.

In London, the market for British consols was unchanged at 100 5-16 for money and 100 7-16 for account. United States 4s were ⅛ lower at 121¼ and the others were steady: 3½s at 105½ and 4½s at 115⅛. There was a general decline in the prices for American railways that reflected the changes in yesterday's home markets. The Bank of England gained £50,000 bullion on balance. At Paris, French 3 per cents declined to 78.87½. The weekly statement of the Imperial Bank of Germany shows a specie loss of 5,500,000 marks.

The coupons from the first mortgage bonds of the Houston and Texas Central Railroad Company, due July 1, will be paid on and after that date by Messrs. John J. Cisco & Son, No. 59 Wall-st.

The gross earnings of the following railroads are reported:

Standard Consolidated official report for week ending June 16 shows: Ore extracted and shipped to mills, 1,311 tons; bullion shipped, $33,786 89. East crosscut, 1,200 level, is 301 feet long, and the ground is hard. North drift, No. 1, 1,000 level, is 177 feet long, and shows 1 foot of vein. South drift, No. 2, is in 118 feet; vein, 2½ feet wide and looking well. Upraise from south drift, 700 level, is 131 feet high; the vein is 1 foot wide. West crosscut, from north drift, is in 289 feet; the ground continues hard. North drift, No. 1 500 level, is 740 feet long and shows 9 feet of vein. South drift, No. 1, from west crosscut, No. 1, is in 124 feet, where the vein is about 2½ feet wide. South drift, No. 2, 385 level, is in 580 feet; vein, 4½ feet wide. North drift, No. 2, is in 200 feet, and shows 7 feet of vein. The stopes look well.

Bodie Consolidated official report for week ending June 16 shows: Ore crushed, 165.6 tons; average assay value of pulp, $33 33 per ton; of tailings, $4 50. Bullion shipment, $6,660 87. West crosscut, 1,000 level, in 26 feet. North drift, same level, in 238 feet. North drift, 800 level, is 591 feet long. South drift from winze No. 6 at the 640 level is 181 feet long. Upraise No. 23 is in 33 feet. Winze No. 5, from the 780 level, is 53 feet deep.

Little work has been done by the Climax Mining Company during the past two years, and owing to the increase of its debt it was recently proposed to dissolve the company and settle up its affairs. All the property is now under lease, and work is being done under five leases. Of these only one—covering No. 1 shaft—is now paying. It is stated that the company has, from royalties received, been able to pay its indebtedness, and now has a fair prospect of success. The Climax mine proper has but small territory, the claim for the greater part of its length being but forty feet wide. The claim widens toward the north and in the portion which is now showing the best. Much confusion has been occasioned regarding the Climax by the fact that the original Climax claim conflicted with other locations, the "Climax Contract," the "Montana" and the "Deer Lodge" embracing a portion of the original full claim as located. The Climax Contract and Montana have recently produced largely, and hence the impression has spread that the Climax itself had been producing a large quantity of ore. It is reported that there are strong indications that the north ore shoot of Fryer hill, which yielded so largely in the Montana, also extends across the Climax. The lessees of the No. 1 shaft are making substantial improvements. Their drifts north extend into entirely unexplored ground. The Climax is under the same management as the Amie, and expenses are said to be kept very low.

THE PETROLEUM MARKET.

NEW-YORK, June 26.

The news from the oil districts to-day was not encouraging to the "bulls." The new Grandin No. 9 well was reported as doing 225 barrels a day, the Balltown No. 3 as flowing at the rate of twenty barrels an hour, and the Porcupine No. 6, after being torpedoed, as flowing at the rate of 150 barrels. The Balltown No. 7 will be opened to-day. The petroleum speculation was more active than yesterday, but a trifle weaker. The general range of prices was from $1 16@$1 16⅜ to $1 15⅝@$1 15¾. The close was weak.

The range of prices and the total transactions to-day here were as follows:

	N. Y. Pet.	Cons. Ex.
Opening	116	116⅛
Highest	116⅜	116⅜
Lowest	115⅝	115⅝
Final	115¾	115¾
Sales, bbls	3,010,000	1,181,000
Clearances, Saturday	2,098,000	2,177,000

There was no change in the refined petroleum market.
