THURSDAY, Aug. 30—P. M.

The stock speculation to-day, while it was confined within the same narrow limits that it recently has been, developed an almost universal disposition to make higher figures. "Bulls" and "bears" combined to produce such a result and finally accomplished the desired end. It, however, was not done without a supreme effort, subject to many violent and wide fluctuations. The marked feature of the whole day's dealings was that the appearance of any important orders to sell quickly stopped the excited bidding and immediately led to dulness when a moment before there was the appearance of great anxiety to purchase. Another prominent and perhaps significant feature was that all the rallies or advances were accompanied by vociferous bidding for large amounts of stock, while the declines drew forth no burst of enthusiasm. For instance, the first advance in Northwest from 120¾ to 122 was hailed by loud cries of all kinds; the subsequent decline to 120 was quiet and the fall of a pin might have been heard above the dull announcement of "sold," which was made to the declining bid. On the second rally to 121⅜ the same apparently wild desire to obtain stocks marked each ⅛ advance. The same feature was conspicuous in the movements in Lake Shore; from 99⅝ it declined to 98¾ dull and sluggishly; it rose to 100¼ amid excitement, and again declined to 99 and then rose in the last dealings to 101¼@101⅛, being advanced from 100 by rapid bids and few transaction. These items which are equally true of all the day's active stocks, are important only as they reflect the momentary disposition of the speculators. In the early dealings the stocks of the Northern Pacific system were especially weak, and even with the later smaller recoveries, the Northern Pacific common is left ¾ lower than last evening; the preferred stock only ⅛ higher and Oregon and Transcontinental is ⅞ higher. Louisville and Nashville was active and strong all day on purchases which are ascribed to the "short" account of a prominent operator who is heavily "long" of the coal stocks. It was remarked that the desire seemed to be to pay as high a price for the stock, within certain limits, as was possible. The market generally closes higher than last evening, with marked advances for Delaware, Lackawanna and Western, Central of New-Jersey, Canada Southern, Lake Shore, Louisville and Nashville, Michigan Central, Erie, Reading and Union Pacific. But there was a good deal of force applied in the making of the last figures.

Government bonds were quiet and steady at unchanged quotations as follows:

	Bid.	Asked.		Bid.	Asked.
6s, 1881, reg.	112¼	112¾	U. S. cur 6s, 1881	129	....
6s, 1881, con.	113⅝	113¾	U. S. cur 6s, 1897	130	....
5s, 1881, reg.	110⅝	110¾	U. S. cur 6s, 1898	132	....
5s, 1881, con.	110⅝	110¾	U. S. cur 6s, 1899	133	....
4½s, 1891, reg.	103½	104½	Dist. Col. 3.65s	108½	109½
4½s, 1891, con.	103½	104½			

In State bonds the total business was $600 of Louisiana consols at 63, and there were no transactions in city bank stocks.

A well distributed but generally a small business was done in railroad bonds. Erie second consols were without sale; the quotation is 92½@94. Missouri, Kansas and Texas first consols were off ⅜ at 104⅝; the seconds were ½ lower at 53, and general mortgages were down ¼ at 77. Chesapeake and Ohio firsts, series B, were up ¼ at 92¼. New-York, Chicago and St. Louis first 6s declined ⅜ to 99⅝, and later sold at 100@99⅞. West Shore and Buffalo 5s recovered from 69½ to 71¼, but at the advance the supply met the demand. Ohio Central firsts sold at 75½@75; Terminal firsts at 80 and incomes at 14. The company has decided to default on the first River Division coupons, due Sept. 1. This decision may lead the company into serious complications, because although it was well understood that the division could not earn the interest on the bonds before the bridge over the Ohio River is completed, the $3,000,000 of the bonds which has been issued was marketed with the understanding that provision for the payment of one year's interest, pending the full completion of the bridge and extension of road, had been made. The subscription to extensions for each $10,000 in cash paid received $8,000 first mortgage bonds: $8,000 income bonds and 130 shares of Ohio Central stock. So that the first mortgage River Division bonds are backed by an actual cash investment, and made within the last year, of $125 for each $100 of first mortgage bonds issued. Yet the bonds are selling at 40 cents on the dollar. East Tennessee, Virginia and Georgia incomes to-day were moderately active between 30 and 30½ and closed at 30¼. St. Paul firsts, Pacific and Western division, were up ⅝ at 92⅞. Chicago, Burlington and Quincy debenture 5s sold at 90. Denver and Rio Grande consols were up from 80 to 80¾@80½. Texas and Pacific incomes were ¼ lower at 52½, and Atlantic and Pacific incomes were off ½ at 25. Northern Pacific firsts were feverish between 102¾ and 102, and closed weak at 102⅛, but Oregon and Transcontinental firsts were ¼ higher at 92½. Fort Worth and Denver firsts declined 1 per cent, but recovered and closed unchanged at 68.

The Sub-Treasury to-day lost on balances $323,620, made up by losses of $213,197 coin and $110,423 currency. The day's transactions covered: Receipts, $680,882; payments, $1,001,502; currency balance, $6,938,482; coin balance, $121,522,465. Money on call at the Stock Exchange was in abundant supply at 2@2½ per cent. The domestic exchanges on New-York at the places named are quoted as follows: Savannah, ⅛@¼ premium; Charleston, ⅛@¼ premium; New-Orleans, 25 cents discount for commercial and $1@1 50 premium for bank; St. Louis, 50 cents discount; Chicago, 25 cents discount; Boston, 17@10 cents discount.

The Clearing-House statement to-day was as follows: Exchanges, $111,092,197; balances, $4,730,541.

The United States Treasury at Washington to-day received $441,000 National bank notes for redemption. The customs receipts were $507,913, and the internal revenue receipts $912,721.

The foreign exchanges are still dull and an "absence of commercial bills" is again complained of. Rates are fair at unchanged quotations for business as follows: Banker's bills, $4 82¼ and $4 85¾ for long and short sterling respectively; 5 25⅜ and 5 22 for francs; 94 and 94¾ for reichmarks; 39⅝ and 39⅞ for guilders.

The Governors of the Bank of England at their regular weekly meeting to-day made no change in the bank's minimum rate for discount and it remains at 4 per cent. During the week the bank gained £395,000 bullion and the proportion of its reserve to its liabilities was raised from 46 11-16 to 49 9-16 per cent., against 39 3-16 at this date last year. The bank made an additional gain of £75,000 bullion on balance. No report of the weekly statement of the Bank of France has been received. At the London Stock Exchange British consols were ⅛ higher at 100 3-16 for money and at 100¼ for account. United States bonds were steady; 4s at 122⅝ and 4½s at 115⅝. American railways were all lower, and after a rally closed weak at the lowest figures. At Paris, French 3 per cents were down from 79.95 to 79.87½@79.90.

Messrs. Winslow, Lanier & Co. advertise the usual long list of securities on which they will pay the September interest.

The coupons of the first mortgage (Eastern Division) bonds of the Texas and Pacific Railway Company, due September 1, will be paid by the Mercantile Trust Company.

The gross earnings of the Burlington, Cedar Rapids and Northern Railroad are reported as follows:

NARROW RANGE OF PRICES IN CHICAGO.

NO CHANGES IN THE PRICES OF WHEAT AND CORN —AN ADVANCE IN PORK, LARD AND RIBS.

[BY TELEGRAPH TO THE TRIBUNE.]

CHICAGO, Aug. 30.—From the very narrow range of to-day's prices it would be easy for anybody to guess that the speculation in food stuffs was very small. The prices of wheat moved lazily about within the limit of ½ cent. The range in the fluctuation in corn was even less. Lard and ribs went up 5 cents per one hundred pounds and pork 12½@15 cents per barrel. There was little betting and consequently little "action." There was just a little ripple in oats. They have been advancing for the past few days and August recently sold up from 25¾ to 29 cents. It appears that Lindblom held most of the contracts. George Eldredge & Co. are said to have settled for 250,000 bushels "short" grain at 29 cents, and others settled at the same figure rather than buy the cash property and deliver it. Lindblom, too, it is said, was buying August oats up to noon, bidding as high as 28¾ cents. Suddenly, however, he changed around and at the close offered to sell at 28 cents. Whether the amount of unsettled contracts out was too small in the aggregate to make it profitable to support the market, or whether all the contracts were filled, only to-morrow will disclose. The way in which this grain is coming ought to discourage anybody who had the market to support by buying. Two hundred and fifty-nine carloads came in this morning, each car loaded to the ceiling and holding from 700 to 1,000 bushels apiece. Of the 259 cars 200 were graded No. 2. Lindblom's attitude in the oats pit was about all the brokers had to gossip about.

It is said that of the 40,000 tierces of lard which, it is figured, are left in town, 30,000 tierces are stored in the warehouses of the Chicago Packing Company and owned by one interest. There was just a little pressure to buy lard a fortnight ago from the same quarter, and the price advanced a dollar or so per tierce, but went off almost immediately. The lard, it is said by good authority, is still centralized, and this will, when September is well entered upon, be made apparent. There is, this authority says, a large September shortage, and the break after the rapid advance of two weeks ago was really engineered by the owners of the lard to discourage shipments to this market from other points. When it is too late to make much lard, and even to get much from outside packing points, then (it is prophesied) there will be another squeeze. The receipts of corn continue large. Over 700 carloads came in to-day. The same can be said, however, of the shipments, those being nearly 500,000 bushels within the last twenty-four hours. The traders in corn appear to be continually shifting their position. Hobos, who was until recently "long" a big lot, is believed to have sold out. David Dowaj & Co. are said to be buying for October, but selling again for November, while W. T. Baker & Co. are all at once very prominent buyers of September corn. Wheat all day long was quiet. October wheat closed at last night's figures, 102⅜, and October corn closed also as it did yesterday, at 50 cents. Pork, lard and ribs all closed higher; October pork at $12 17½, October lard at $8 47½ and August ribs at $6 42½.

EUROPEAN MARKETS.

LIVERPOOL, Aug. 30.—Bacon, Cumberland Cut, 48s; short Rib 45s 6d. Pork, Prime Mess, 83s; do Western, 74s. Lard, Prime Western, 44s 6d. Cheese, American 53s. 50s 6d. Turpentine Spirits, 31s 6d.
