MINERS' ORGAN LOSES HEART.

Victor (Colo.) Record Urges Strike Be Called Off.

Victor, Colo., June 9.—The Record, owned and edited by George E. Kyner and recognized as the official organ of the Western Federation of Miners in the Cripple Creek district, publishes an editorial urging the miners to call off the strike inaugurated ten months ago. The article says:

"The sentiment is growing against the Western Federation of Miners on account of its continuing the strike. There are few people who believe that this organization of miners is responsible for the crimes that have been committed here, except that if the strike had not been called and continued so long the dynamiting would not have occurred and in that respect the strike is responsible for this outrage whether there was justice in the calling of it or not. In the interest of the men and women who have made the Cripple Creek district the Record asks the Western Federation of Miners to call off the strike. Miners living in this district are losing their homes or being obliged to go away and leave them. None of them, when they express their convictions, as many of them have to the writer, believe there is any chance of winning the strike, but that the longer it is kept going the further they are away from securing work. They are not in a position to stand it much longer and the Record asks, as labor's best and demonstrated friend through this hard struggle, that it be called off at once or else people will either be forced to leave the Federation or their homes.

"The Record does not have the confidence of the mine owners, of the military or of the Citizens' alliance, and it makes this plea solely in the interest of the men and women of this district that are without work, without money, without food, and who believe there is no hope of winning the strike and want it called off."

Young Woman Connected With New York Tragedy.

New York, June 9.—Justice Clarke of the supreme court has denied the writ of habeas corpus for the release of Mrs. Nan Patterson, who is held in connection with the mysterious shooting of "Caesar" Young, the well known bookmaker and turf king.

Mrs. Patterson was remanded to the Tombs prison, where she has been confined since Young was shot to death in a cab while he was driving to a steamship pier in company with the young woman to sail for Europe with his wife.

Nominally she is held as a witness under $5,000 bail.

Crews Escape by Jumping.

Danville, Ill., June 9.—Wabash express train No. 3, westbound, ran into a Big Four freight train at the Danville crossing early in the day. Several freight cars were smashed and a number ditched, but no person was hurt. Two engines were badly damaged and the property loss was heavy. The crews escaped by jumping.
