MONDAY, Sept. 17—P. M.

"The General List" printed at the head of this column shows that prices for stocks to-day ruled higher than they did on Saturday; and to this statement there is little to add about to-day's stock market. The opening of the market was at prices generally that were ⅛@¼ per cent lower than Saturday's closing figures, and for a few moments the market seemed to be soft. But the backers of the market were not far distant, and their prompt orders to purchase stocks quickly changed the situation from one of dulness and shrinking values to one of activity and appreciation in prices. Two simple facts tell the tale of today's operations. Prices ruled higher, but the closing was not up to the best figures, and Louisville and Nashville and the Wabashes closed exceptionally ½@¼ lower than Saturday; and the dealings were strictly pro-fessional.

Government bonds were dull and firm with bids for the 4s and 4½s ⅛ higher. Annexed are the closing quotations:

	Bid.	Asked.		Bid.	Asked.

U.S. 4½s coup.	119¾	119⅞	Dist. Col. 3.65s	103½	103½
U.S. cur 6s, 1885	100	....			

The business in State bonds was covered by the sale of one bond of the Arkansas 6s funded at 12½; but Arkansas 7s to the railroads were inquired for. Of city bank stocks Broadway sold at 275, Wall Street at 102½, and Commerce at 157.

Railroad bond were dull with some advances in the prices for the speculative kinds, which were sympathetic with the share market. Missouri, Kansas and Texas general 6s were up ⅝ at 80⅞, and Chesapeake and Ohio currency debis were ⅜ higher at 48⅞. St. Louis and Iron Mountain firsts were ¼ lower at 112. New-York Elevated firsts were up 1 per cent at 117, and Metropolitan firsts rose ¼ to 99¼. West Shore and Buffalo first 5s sold up from 74 to 74½ @ 74⅜. East Tennessee, Virginia and Georgia consol 5s were up ¾ at 72¾ for a small amount, and the incomes advanced from 31½ to 32⅜. Virginia Midland incomes were up ¼ at 61. Columbus, Hocking Valley and Toledo firsts were in demand at 80. Louisville and Nashville general mortgages were ¼ off at 91¾. Wabash general 6s were fairly steady at 69½. Denver and Rio Grande consols were up ½ at 85½, and firsts Western Extension were ½ higher at 68. Texas and Pacific incomes improved ¼ to 56¼, and firsts Rio Grande division were ½ higher at 78⅝. Northern Pacific firsts were barely steady at 103¾. and Fort Worth and Denver firsts declined ¾ to 70.

The Sub-Treasury to-day lost on balance $269,605, made up by losses of $61,098 coin and $208,507 currency; the last item is largely represented by transactions that do not affect the Treasury's general balance. The day's transactions covered: Receipts, $1,492,806; payments, $1,762,410 currency balance, $7,209,507; coin balance, $118,900,261. Money on call continues to be an absolute drug at 2 per cent, while mercantile paper is seeking it at 6@7 per cent. The domestic exchanges on New York are without material change from last quotations; but it is not true—as a Wall Street news bureau insists upon publishing every day—that Savannah bankers are buyers at par and sellers at ¼@⅜ discount.

The Clearing-House statement to-day was as follows: Exchanges $126,642,762; balances $5,171,218.

The United States Treasury at Washington to-day received $310,000 National bank notes for redemption. The customs receipts were $606,601, and the internal revenue receipts $612,118.

The foreign exchanges are still dull; bankers take all commercial bills offered at full rates, and with a small demand for their bills hold rates firm for actual business, as follows: Bankers' bills, $4 81¾ and $4 85 for long and short sterling respectively; 5.25⅜ and 5.22 for francs; 94 and 94¾ for reichmarks; 39⅝ and 39⅞ for guilders.

In London, British consols were buoyant and according to the quotations were up ⅜ per cent at 100 13-16 and 100 15-16 respectively for money and account. United States bonds were quoted as "unchanged." American railways opened up ¼@½ per cent over Saturday's quotations in response to Saturday's home markets and in some instances prices were higher than the equivalent of home figures; but the early advance was not fully sustained at the close. Bar silver is 1-16 d. higher, at 50¾d. per ounce. At Paris, French 3 per cents advanced to 80.10 and later sold at 79.30 for ex interest.

THE PETROLEUM MARKET.

NEW-YORK, Sept. 17.

There was considerable activity in the speculation in pipe line certificates to-day. Transactions made before the regular business at the Exchanges under the influence of fear that a "boom" was to follow Saturday's advance resulted in wiping out a large part of the floating "short" interest. In the morning fluctuations were frequent, but prices held fairly well until the last hour. A new well—Syndicate No. 8—opened with a flow of 400 barrels for the first twenty-four hours. As it is in the heart of the new producing districts, it is without importance. Advices that the new Baltimore, No. 11, had made one flow of fifteen barrels and promised to open fairly if not induced on attack by the "bears" which broke the market to $1 13¾. The close was made at a rally of only ⅜ cent, but it was not weak.

The range of prices and the total dealings were as follows:

	N. Y. Pet.	Cons. Ex.
Opening.....	113⅝	113⅝
Highest.....	115¾	115¾
Lowest.....	113¾	113¾
Final.....	114⅝	114⅝
Sales, bbls.....	8,356,000	3,678,000
Clearances Saturday, bbls.....	7,174,000	6,394,000

The refined market was stronger and advanced ⅛ cent per gallon to 8¼@8⅜c. in New-York.

PHILADELPHIA MARKETS.

PHILADELPHIA, Sept. 17.—Flour—Demand for Flour was very light and buyers were in weak under bidding; offerings and in sympathy with the decline in Wheat, springs, however, were in fair request and firmly held; sales of Minnesota Extra Clear, $3 75@$4 00; small lots for high grades; Pennsylvania Family, $4 25@$4 50; Ohio Clear, $5 75; Indiana Straight, $4 75; Winter Patent, $6 ..@$7 50; Minnesota Straight, $4 75@$5 00; Rye Flour quiet but steady, $3 ..@$3 25.
