*We Are Now Ready to Fill All Orders Promptly on Our*

## *New Imperial Beer*

---

---

**T**HIS BEER is an entirely different beer than any we have ever placed on the market before. It is a special brew, made for *high class family trade*, mild to the taste and pale in color.

Great care is used in the sanitary conditions. All materials used are the best money can buy. This beer is well aged before our customers are supplied.

All water used in the brewery is pure mountain spring water from our own springs in Emigration Canyon, the finest in the country, piped direct from their source into our plant.

Order a case for your home. We guarantee you will be pleased and become a regular customer. Is there any reason why you would not patronize a home industry if we can sell you a better beer than shipped in from outside points?

Will you give us a chance to prove this to you?

Free and prompt delivery to all parts of the City.
