RACING AT JEROME PARK.

GIROFLA CAUSES SOME SURPRISE.

THE CYCLONE COLT GETS A NAME—PIZARRO MUCH IMPROVED.

It was blazing hot at Jerome Park yesterday—far hotter than on any day of the June meeting. There was a large attendance of men, but few ladies graced the stand or club-house. The contrast between the spring and autumn meetings, as occasions of fashionable assembly, is singular. Last June a dozen four-in-hands were grouped on the lawn in a single afternoon, and the club-house balconies, the slope in front and the ladies' part of the grand stand glowed with all the brilliant hues of costly raiment. This autumn one four-in-hand has appeared once, and Murray Hill has not sent a fifteenth of the number that came in June.

The racing was excellent. Pizarro barely beat Bella in the first race, with Rica and Brunswick near their heads. An excellent handicap. So was that in the third race, where Girofla slipped in just in the nick of time, with Amazon and General Monroe almost head and head. Pizarro is a far better colt than he was at Sheepshead Bay. He was the favorite. So was the winner of the two-year-old race, Mr. Withers's King Ernest-Cyclone colt, now named Pampiro. There was a close finish in that race also. Hayward rode the winner. He was on Rica in the first race. It is refreshing to see Mr. Cassatt and Mr. Withers employing this master jockey after losing dozens of races by bad riding. If Hayward or Barbee or McLaughlin had been on General Monroe in the third race, another favorite would have won, but McElmeel put up Fitzpatrick at two pounds overweight, Fisher, on Dan K., lost the selling race to Heel-and-Toe by a short head on the very line simply through overconfidence. As Cuarlemagne and Jim McGowan did not start, Forager won easily over the hurdles.

First Race—Handicap, $25 each, $500 added; 1⅛ miles. Seven starters—P. Lorillard's Pizarro, 3, 115, Shauer; Kelso's Rica, 4, 114, Hayward; Kelly's Bella, 3, 100, Fisher; Graham's Brunswick, 4, 100, Thayer; Preakness stable's Buccaneer, 4, 106, Riley; Pettengill's Fair Count, aged, 98, Maynard; G. L. Lorillard's Greenland, 5, 104, Leary. Betting—Pizarro 11 to 5, Rica 3 to 1, Bella 5 to 1, Buccaneer 8 to 1, Brunswick 8 to 1, Fair Count 15 to 1, Greenland, 15 to 1. Brunswick led for a mile, Bella second. Then both Rica and Pizarro come up and the four made a brilliant finish, Pizarro winning by a head in 2:00½, Bella second, half a length before Rica, she a head only before Brunswick, Fair Count, Greenland and Buccaneer well back.

Second Race—Purse $500, for two-year-olds, special weights; ¾ mile. Ten starters—Withers's pair, the King Ernest-Cyclone colt, 110, Hayward, and Casino, 95, McKinney; Kelso's pair, Water Lily, 104, O'Leary, and Eclat, 92, Meaton; P. Lorillard's Huron, 107, Shauer; Dwyers' Ecuador, 107 (2 over), McLaughlin; Bruce's Vocalie, 108 (3 over), Sparling; Keene's Fandango, 92, Garrison; Babcock's True Blue, Rainy getting, 92, Hystop; Suffolk stable's King Alfonso-Quickstep filly, 92, Purcell. Betting—Cyclone colt 11 to 5, Ecuador 5 to 2, Water Lily 5 to 1, Huron 8 to 1, Vocalie 8 to 1, the others 10 to 25 to 1. To a broken start, Water Lily in front, Ecuador second, Fandango third, Cyclone colt fourth, Water Lily led by the hill, Ecuador, Fandango and Vocalie well up. In the second quarter mile Fandango got in front, but Water Lily and the Cyclone colt settled him at the head of the home-stretch. Hayward needlessly took the Cyclone colt to the extreme outside, and if Water Lily had had a first-class rider she might have won, but under the whip the Cyclone colt, of the race by a half length in 1:19, Water Lily second, a length before Ecuador third, Casino fourth, six lengths back, Fandango fifth, Huron sixth, the rest pulled up. After the race Mr. Withers named the Cyclone colt Pampiro.

Third Race—Handicap, $30 each, $800 added; 1⅜ miles. Eight starters—Youkers stable's General Monroe, 5, 120 (2 over), Fitzpatrick; P. Lorillard's Amazon, 4, 102, Quincy; Dwyers' Hartford, 5, 108, McLaughlin; Preakness stable's Euclid, 3, 100, Riley; G. L. Lorillard's Trafalgar, 3, 99, Dunn; Sarewsbury stable's Corsair, 5, 102, Fisher; Pettengill's Duke of Montalban, 5, 105, Maynard; Barnett's Girofla, 5, 92, Hystop. Betting—General Monroe 9 to 5, Hartford 5 to 1, Amazon 6 to 1, Euclid 7 to 1, Girofla 8 to 1, Duke of Montalban 8 to 1, Trafalgar 12 to 1, Corsair 12 to 1. Corsair led for a mile, Duke of Montalban second, Hartford, General Monroe and Amazon well up, Girofla waiting in the rear. In the homestretch Duke of Montalban was in front for an instant, but while he and Amazon, General Monroe and Hartford were fighting hard under the whip Girofla slipped through like a cable dispatch and won the race by a half length in 2:29, Amazon second, a neck before General Monroe, as a quarter length before Corsair fourth, Hartford fifth, Duke of Montalban sixth, Euclid seventh, Trafalgar last.

Fourth Race—Purse $500, selling, 1⅛ miles. Four starters—Dwyers' Wandering, 3, 87, Purcell; Heffner's Dan K., aged, 105, Fisher; Keiso's Heel-and-Toe, 3, 90, Meaton; Ackerman's Edwin A., aged, 105, Cross. Betting—Wandering 6 to 5, Dan K. 3 to 1, Heel-and-Toe 3 to 1, Edwin A. 4 to 1. Wandering was forced at such a pace for three quarters of a mile to outrun Heel-and-Toe that he had nothing left for the homestretch and the struggle was left to Dan K. and Heel-and-Toe, Edwin A. not being quite up to the pace. A hundred yards from the end Dan K.'s head was in front and Fisher took it easy, but the filly rallied and won the race by a short head in 2:00¾, Dan K. second three lengths before Edwin A., Wandering last. Heel-and-Toe was bought in for $1,895.

Fifth race—Handicap over hurdles; purse $500; 1⅜ miles. Four starters—Duffy's Buster, 6, 148, McGrath; Hynes's Forager, 5, 146, W. Lynch; Chase's Puritan, aged, 125, Nolan; Roche's Sally, 5, 120, M. Lynch. Betting—Forager 8 to 5, Buster 5 to 2, Puritan 9 to 2, Sally 5 to 1. Sally bolted at the first hurdle and Puritan after leading for three-quarters of a mile fell. Forager then led up to the last quarter mile where Buster passed him but tired badly, Forager winning by a length in 3:28½.

CHARGES AGAINST GIROFLE'S TRAINER.

LONDON, Oct. 11.—*The Sportsman* says that there is some dispute between Mr. Walton, the owner of Girofle, and A. Day, her trainer, concerning her running in the race for the Cesarewitch stakes. It was at first alleged that Girofle had been actually poisoned, and accordingly a veterinary surgeon was engaged to examine her. He certified that nothing was wrong with the animal. The matter will probably be referred to the Jockey Club for investigation. Meanwhile Mr. Walton has transferred his horse to the care of Trainer Sherwood. The affair has created a painful impression in sporting circles.

THE COURTS.

MAKING TEA IN COURT.

PROFESSOR DOREMUS MAKING EXPERIMENTS BEFORE JUDGE O'GORMAN.

Professor R. Ogden Doremus was in the witness-chair for several hours yesterday before Judge O'Gorman in the Superior Court, Special Term, in the case of the Board of Health against James Purdon and others, to prevent the sale of alleged adulterated teas. Ex-Senator Forster, the counsel for the defence, had on hand a miniature tea-kettle on a diminutive oil-stove in full blast, while here and there on his table were stands of test tubes filled with drawings of teas and packages of the Chinese article in dispute.

Professor Doremus first testified as to what he had found in the samples of teas examined by him for the defendants, and that these contained potash, aluminum, manganese, silicic and phosphoric acids, iron and Prussian blue. The Prussian blue, he stated, was used in coloring the tea, and was harmless because in small quantities. Prussian blue was prescribed in small amounts sometimes for a tonic. The other substances were harmless because insoluble in water, so that they would not be drawn off with the tea. The question of "lye" tea then came up and Professor Doremus explained that this was sweepings from the floor and could be tested for by pouring boiling-hot water over it. Mr. Forster motioned to his assistant to "bring on" the kettle with its boiling water, in order to test the tea. Mr. Prentice, the counsel for the plaintiff, objected to "cooking experiments" in court. So did the Court. But Professor Doremus was permitted to descend from the stand, conduct the experiments at the stenographer's table and then report the result in the witness-chair. An envelop with eight grains of the alleged "lye" tea was produced, and the Court counted out four of those for the experiment, assigning the other four to Mr. Prentice, who insisted on dividing the spoils and having his own chemist make the test. He expressed this desire in a manner which did not please Professor Doremus, who rose to his feet and, turning to the Court, said with emphasis:

"Your Honor, I appeal to you to know if I am to come here to be insulted. When I am called on at the college I treat my visitors as gentlemen."

Judge O'Gorman thought that no insult had been intended, and the counsel for the plaintiff disclaimed any intention of the kind. Professor Doremus then poured the boiling water over the tea, let it stand for a few minutes, then stirred the decoction with a glass rod, took the stand and said that the tea unrolled as if pure tea, and did not dissolve and break up as "lye" tea would under such circumstances. Other experiments were tried on cross-examination, while Mr. Prentice called on Professor Doremus to hold his watch and see that the tea did not stand for over three minutes, evidently fearing that it would be spoiled and the Court and counsel would not enjoy a good cup of it.

RELEASED ON HIS WIFE'S PLEA.

When Thomas T. Wade, who has been for some time an inmate of the State Homeopathic Asylum at Middletown, was taken before Judge Pratt yesterday in the Kings County Supreme Court upon a writ of habeas corpus, Mrs Wade made a plea for the release of her husband, declaring that his reason was restored and that her home was desolate without her husband. Her pitiful words brought tears to the eyes of court officers accustomed to such scenes. When she ceased speaking her two little children asked pleadingly for their "papa." Judge Pratt granted an order placing Wade in the charge of the committee appointed when he was declared insane.

CIVIL NOTES.

In the suit of Catherine Wagner against the Central Park and North and East River Railroad Company to recover damages for the death of her husband, Charles Wagner, on September 23, 1882, a verdict of $3,000 was awarded yesterday in the Superior Court.

A verdict of $4,500 was awarded to Arthur Samuels yesterday before Justice Donohue, in the Supreme Court, against Harry Voorhis, the boy charged with having caused the loss of the plaintiff's eye in January, 1881. Mr. Samuels was repairing the roof of a house at Coney Island, when three boys with guns passed. One of them was young Voorhis, who discharged his piece, shot from which entered the plaintiff's eye, destroying it.

The late general council of the church had referred to each synod the missionary interests of its jurisdiction and the object of this meeting was take into consideration the raising and appropriation of the funds needed for the work. The Bishop addressed the Council relative to the urgent need of funds to carry on the missionary work in the New-York and Philadelphia Synod. The minimum amount needed was $4,000, $1,750 for New-York and $2,250 for Philadelphia.

The Bishop referred to the approaching anniversary of the birth of Martin Luther and suggested the propriety of appointing a committee to confer with others regarding the selection of a place where services appropriate to the occasion might be held.

EPISCOPALIANS IN COUNCIL.

THE ELECTION OF DRS. POTTER, RANDOLPH AND KNICKERBOCKER CONFIRMED.

PHILADELPHIA, Oct. 11.—In the General Convention of the Protestant Episcopal Church this morning the Rev. Dr. Payne, from the Committee on Prayer-Book, reported that it would not recommend at this time the restoration of the prayer of humble access between the consecration and the distribution. The committee asked to be discharged and the request was granted. The Rev. Mr. Dafter, of the diocese of Fond du Lac, offered a resolution, which was referred to the Committee on Canons, that any presbyter feeling himself wronged by his Bishop should have a right to demand an inquiry. The Rev. J. N. Stansbury, of Northern New-Jersey, offered a resolution which was referred to the Joint Committee on Prayer-Book, providing for proper prefaces in the office of the Holy Communion for all those days except Good Friday for which there is no provision, and also for use on all saints days not already provided for.

The Rt. Rev. Dr. Medley, Lord Bishop of Fredericton and Metropolitan of Canada, then addressed the convention. "The convention is engaged," said he, "in an important work—the enrichment of the liturgy. The moment the prayer-book is put forth as the future prayer-book of the Church there will be keener criticism than may be expected. Let us all, despite our different schools of thought, unite in the work for the Church." The Rev. Dean Baldwin, of Montreal; the Rev. Canon Brigstocke, rector of Trinity Church, St. John, N. B.; J. B. Plumb, a Senator of the Dominion; James A. Henderson, Chancellor of the Diocese of Ontario, and R. W. Hennecker, of Sherbrooke, also addressed the convention.

The House of Deputies went into secret session this afternoon and considered the report of the committee on the consecration of the Rev. Dr. D. B. Knickerbocker, as Bishop of Indiana; the Rev. Dr. A. M. Randolph, as Assistant Bishop of Virginia, and the Rev. Dr. H. C. Potter, as Assistant Bishop of New-York. A minority report refusing consent to the consecration of the Rev. Dr. Randolph was also before the House. It is understood that the argument of those opposed to the confirmation of the latter was called in direct reference to the fact that there was no evidence that Bishop Whittle, of Virginia, is disabled permanently. It is alleged that those in the minority were anxious that the diocese of Virginia should be divided and thus secure a Bishop with different views from those entertained by Bishop Whittle. Dr. Randolph's election was confirmed, the vote having been taken as follows by dioceses and orders: Clerical vote 43; dioceses Yea, 2; dioceses No, 3; dioceses divided, total 48; lay vote 42; dioceses Yea, 1; dioceses No, 2; dioceses divided, total 45. The elections of the Rev. Dr. Knickerbocker and the Rev. Dr. Potter were confirmed by acclamation.

The House of Bishops met this morning. The division of the diocese of Tennessee was considered, but was not recommended. The application of the Diocese of Deputies to divide the diocese of North Carolina was discussed and not concurred in. The canon on "Organized Religious Societies" was passed as adopted by the House of Bishops at the last meeting of the General Convention. The House in Committee of the Whole then resumed consideration of the report of the Committee on Revision of the Prayer-Book.

WORK OF THE WOMAN'S AUXILIARY.

The fifth general meeting of the Woman's Auxiliary to the Board of Missions was held to-day. At the business meeting 800 ladies were present. The triennial report stated that three years ago there were auxiliaries in twenty-one dioceses, the number now is thirty-one. The amount raised during the past three years in money and boxes was upward of $465,000. The work during the past year in forty-one dioceses and six missionary jurisdictions by thirteen and parish branches and associated and individual members of the Auxiliary was in money $47,627 75. One thousand five hundred and forty boxes were sent, the total value of which was $109,619 13.

THE OCEAN GROVE CAMP-MEETING.

WHAT WAS DONE AT THE ANNUAL MEETING OF THE ASSOCIATION.

OCEAN GROVE, N. J., Oct. 11.—The members of the Ocean Grove Camp-Meeting Association held their annual meeting here yesterday. The report of the Rev. Dr. E. H. Stokes recommended a reduction in the assessments on lots. Over twenty-one miles of improved and graded streets were reported and nearly five miles of sewer pipe laid in accordance with the advice of sanitary experts. In the last year fifty new cottages have been built in the Grove, making 809 in all. There are sixty-nine hotels here. Fletcher Lake, on the southern line of the Grove, has been enlarged. The new tenting park has been named Bethany.

The old board of officers was re-elected as follows: President, the Rev. Dr. E. H. Stokes; vice-president, the Rev. A. E. Ballard; secretary, the Rev. George W. Evans; treasurer, David H. Brown. James Black, Joseph H. Taorney, ex-State Senator James L. Hayes, of Newark; the Rev. R. J. Andrews and Holmes W. Murphy, of Freehold, were elected members of the Executive Committee.

The recommendation of the president in reference to the lot assessments was acted upon. The annual assessment on each lot has been $7 50 for several years; it was decided to lower it to $6 for the year 1882-'84. The annual reunion, followed by a dinner, was held at the Surflon House.

THE CHICAGO MARKETS.

LARGE PURCHASES OF WHEAT THAT DID NOT INCREASE THE PRICE—AN ADVANCE IN CORN.

[BY TELEGRAPH TO THE TRIBUNE.]

CHICAGO, Oct. 11.—There were purchases of wheat on a large scale this morning by the class of operators whose movements are always eagerly watched and usually carefully followed. Hobbs, for instance, bought a large quantity, at least a half-million bushels it is estimated. Others of equal influence bought in on a little smaller scale. The market started upward. The question was at once asked: "Has wheat struck bottom and is it on the rebound?" For a little while the crowd was in doubt. Then prices began to waver and then to decline. Sales of large blocks began, and then the offer finally of 500,000 bushels for December at 91¾ cents by Scott Lion without a buyer settled the conviction that wheat was as poor a purchase as ever. To-night October wheat closed at 91⅞ cents—just last night's price. November closed at 93 cents, and December at 91¾, ¼@⅜ cents under last night. On the "curb," because the afternoon papers put flaring head lines on their cable dispatches, a little uneasiness was created, and prices advanced ⅛c. They virtually stop to-night for wheat exactly where they did twenty-four hours ago. The situation, so far as shipments and receipts are concerned, has not changed. The latter, although they show a slight falling off, are still more than double the former.

It is said that the last sale of wheat here for shipment to New-York was on the basis of 88 cents here; so that with no improvement at New-York the present figure is still 4 cents above the shipping basis. It is likely if December wheat touched 90 cents that three-quarters of the houses here would telegraph their customers to buy. Outsiders, and good strong people too, are doing some buying.

Corn advanced ½@¾ cent to-day. The receipts were a trifle smaller than yesterday, and the "shorts" are becoming more and more agitated. The shipments were large. It is not improbable that the November option will advance to a premium over October. The latter closed at 47⅞ cents to-night, and November at 48. Oats advanced along with the other grain, and closed ¼ cent above last night. October pork to-day went from $10 90 to $10, with only a half dozen trades. October ribs jumped 20 cents at a time—sometimes up and sometimes down. The packers are attempting, but with very poor success, to sell for the future their coming season's packing. October pork closed at $10, November at $10 37½, January at $10 85, October lard at $7 45, November at $7 30, October ribs at $6 65, November at $5 70.

A young man advertises in a San Francisco paper for a position. He says that his capabilities "are not confined to journalism, though he understands that pursuit thoroughly." That young man should get a job sawing wood.—[Boston Post.
