THE COURTS.

MR. STRACK'S SUIT AGAINST MR. DINKEL.

The suit of Joseph P. Strack against John A. Dinkel, which was begun in the Supreme Court, in 1882, was discontinued by order of Justice Donohue yesterday. Mr. Strack brought the suit for $10,000 as damages for alleged loss of reputation by a slander uttered in a public liquor-shop. The words resented were: "You are a thief and a robber; you have ruined me." The defendant admitted having used some such expression, but denied that Mr. Strack had any character left to lose, since all that he might have had was lost when he was a member of the Board of Aldermen in 1881, and refused, Mr. Dinkel alleged, to vote to confirm certain nominees of the Mayor until a sum of money had been deposited with a third person for the benefit of himself and certain other Aldermen. When the money had been deposited, Mr. Strack, the defendant declared, withdrew his opposition and afterward received $1,000 as his share. Mr. Strack, the defendant further asserted, had, at the time of the alleged slander, replied with the words: "You are a thief, and you stole thousands where I stole cents."

DAMAGES AWARDED TO A BRITISH SHIP.

PHILADELPHIA, Oct. 30.—Judge McKennan, in the United States Circuit Court, gave a decision in the collision suit between the British steamer Scotia Greys and the steamer Santiago de Cuba. The steamers, on July 19, 1879, came in collision near the Horseshoe Buoy, in the Delaware River. The forward part of both was smashed in, and the Scotia Greys was damaged to the amount of $19,500 and the Santiago $15,000. Cross suits were brought, and in the District Court a decision was rendered in favor of the Greys. Judge McKennan affirmed this finding, and ordered a decree to be entered in favor of the British ship for the amount of damages and costs, $20,922 28.

CIVIL NOTES.

Sarah Nexsen, the six-year-old child of Sheffield F. and Pellela Nexsen, was committed to the care of the American Female Guardian Society yesterday by Justice Barrett, in the Supreme Court, Chambers. The girl was brought before the Court from the Five Points House of Industry, having been placed there by her father, who is living apart from her mother.

Judge O'Gorman, in the Superior Court, Special Term, yesterday, in an inquest in the suit of Mrs. Emma Sherwood against A. L. Pierce, a member of the Mining Stock Exchange, directed a judgment for $1,660 to be entered against the defendant, for an alleged loan of $1,000, for which 5,000 shares of the Durango Mining Company's stock had been given to the plaintiff as security, and had then been sold by the defendant, who according to the complaint, had not paid over the money.

BUSINESS FAILURES.

Lovejoy & Drake, commission merchants at No. 101 Reade-st., made an assignment yesterday to James L. Fling. The members of the firm are John F. Lovejoy and H. Ingalls Drake. They were selling agents for several out-of-town manufacturers of railroad supplies, hardware, etc., and did a business of over $100,000 a year.

The assignment made yesterday by Abraham Wallach to Frederick Lewis is supplemental to that made recently by A. & E. Wallach, importers of fancy goods, to Mr. Lewis. It was made for the purpose of securing to the creditors of the firm some vacant lots uptown, which Mr. Wallach owned in his individual name.

R. G. Dun & Co. report that the schedule in the assignment of Adler Brothers & Newbouer, wholesale dry goods, city, will be filed to-day and will show as follows: Liabilities, $281,505 18; nominal assets, stock and fixtures, $112,304 04; cash, $1,586 55; and accounts receivable, $190,671 18—a total of $304,561 77. The actual value of their entire firm assets is placed at $102,650 68, and Seligman Adler has individual assets of $12,493.

VINEYARD HAVEN, Oct. 30.—The schooner Ann L. Lockwood, from Boston for Philadelphia, yesterday morning ran into the schooner Helen Thompson, from New-York for Boston. The Thompson lost fore-rigging, foresail, one shroud, and met with other damage. The Lockwood sustained only slight damage.

CHICAGO, Oct. 30.—The schooner Marion Law, bound from White Hall to this port, is ashore near Grand Haven, Mich. She will prove a total loss.

ROCKLAND, Me., Oct. 30.—The schooner Cygnet reports that on October 20 she was in company with the schooner Spartan. It was blowing hard and the gale continued during the night and the following day, and the vessels were separated. On Monday the Cygnet fell in with the after portion of the Spartan. On Tuesday some fishermen discovered the forward portion of a vessel, which is thought to be a piece of the Spartan. The fate of her crew is unknown.

BISHOP RILEY IN MEXICO.

From The Philadelphia Inquirer, Oct. 29.

The Right Rev. Henry Chauncey Riley, Bishop of the Valley of Mexico, is thought by many to have been judged rather hardly by some of his brethren. There were murmurs about his management of his diocese and hints that he was expected to resign during the session of the convention, which it was said he had been summoned to attend.

Inquiries among the deputies elicited the following facts: Bishop Riley is a perfectly honest, pure-minded man. There is no hint whatever against his integrity. He sunk his own fortune and that of his father in carrying the Gospel into Mexico, and under Providence he has been instrumental in building up a Church there which has new twelve clergy, a bishop and a large number of communicants. But he seems to have managed money matters without much economy and to have forgotten that there was a power up here which it behooved him to conciliate. A member of the House of Bishops, when questioned, shrugged his shoulders, saying: "The House of Deputies laid the matter on the table, and I do not think the bishops will take it off, as the event thus far has proved the bishop was quite right."

There were no transactions in State bonds, and of city bank stocks the sales were covered by twenty-five shares of Importers and Traders' at 270.

The market for railroad bonds generally was steady in prices, but the dealings, which were fairly distributed, were chiefly in small amounts. No special features were developed. Erie second consols were ⅛ lower at 94⅞. Missouri, Kansas and Texas seconds were ½ higher at 61½@61, and the general 6s were ⅛ higher at 81½. Rome, Watertown and Ogdensburg 5s were off ¾ at 66⅜@66½, and Chesapeake and Ohio firsts, series B, declined ¾ to 95¼. Canada Southern 5s were better at 96@95⅝. West Shore and Buffalo 5s were ⅛ easier at 74⅛, and Chicago, Burlington and Quincy debenture 5s were steady at 92½@92⅜. Wabash general 6s were off ¾ at 70¼. Denver and Rio Grande consols advanced to 92. Texas and Pacific incomes were steady at 50⅛, and firsts, Rio Grande division, were steady at 74¼@74⅛. Northern Pacific firsts were ⅜ lower at 102⅝, and Oregon Short Line 6s declined to 94.

The Sub-Treasury to-day gained on balance $474,830, made up by gain of $40,303 currency and $434,527 coin. The day's business covered: Receipts, $1,357,328; payments, $882,498; currency balance, $6,722:201; coin balance, $118,839,700.

Money for call loans at the Stock Exchange was just a shade harder; 3 per cent was the common rate, with some exceptions at 3½ and 2½ per cent. There are no material changes in the domestic exchanges on New-York from the last printed quotations.

The Clearing-House statement to-day was as follows: Exchanges, $129,669,656; balances, $4,820,686.

The United States Treasury at Washington to-day received $379,000 National bank notes for redemption. The customs receipts were $592,889 and the internal revenue receipts $134,341.

The foreign exchanges develop no new features, except that a small increase in a mercantile demand to-day advanced the rates for sterling. The exports of merchandise from this port for the week, although $800,000 greater than for the exceptionally small week of 1882, were $450,000 less than for the preceding week of this year; but it produced the more commercial bills than did the exports of the week of last year, yet we read "commercial bills are scarce." We revise quotations as follows: Bankers' bills, $4 81¼ and $4 84 for long and short sterling respectively; 5.24 and 5.21⅞ for francs; 94¼ and 95 for reichsmarks; 39¾ and 40 for guilders.

The cable to-day still quotes British consols at ⅛ per cent difference between money and account; 101 5-16 and 101 7-16 respectively. United States 4s were steady at 125¾, and 4½s were up ⅛ at 118¾. American railways were all lower and generally declined from the opening figures. At Paris French 3 per cents declined to 77.90, and sight exchange on London was easier at 25.21 fr. to the £.

Messrs. Winslow, Lanier & Co. advertise the payment of interest and dividends for November 1 on the usual large list of securities.

The Lehigh and Wilkesbarre Coal Company advertises the payment of 3½ per cent interest on its income bonds on November 15. Transfer books will close November 3 and reopen November 19.

TUESDAY, Oct. 30—P. M.

Taking to-day's stock market as a whole, it reflects little more than a waning interest in the speculation. The transactions amounted to 338,771 shares against 312,000 shares yesterday, but something more than the amount of the increase was due to an activity in the last hour which was occasioned by a free selling, and this selling of "long" stocks is responsible for a large part of the final decline which the figures show. The market opened dull, but early prices generally were fractions higher than yesterday's last prices; for an hour and a half or two hours the market was suspended between the opinions and doubts of room traders as to what the next movement was to be; and the fluctuations were measured by a small fraction. We thus far have written of the general market. Specially, Oregon and Transcontinental was strong in the early dealings, and after an advance from 49⅞ to 51 held pretty firm at 50½ till after 2 o'clock. The kindred stocks, Northern Pacific common and preferred, were dead during that time, and their declines, which respectively are 1⅛ and 1⅜ per cent, were made in the last hour. Denver and Rio Grande also was a special feature; at near to the hour when the rights of its stockholders to subscribe to the new issue of bonds with the bonus of an equal amount of stock would expire, the price of the stock suddenly advanced from 26⅛@25⅞ (at which about 5,000 shares had been traded in up to 12:30 o'clock) to 27⅜. The closing prices of the two special stocks named were 47¾ for Oregon and Transcontinental against
