DEAD ON HIS FEET

GOLD MEDAL Haarlem Oil Capsules will bring new life and quickly relieve that stopped-up congested feeling. They will thoroughly cleanse and wash out the kidneys and bladder and gently carry off the ill effects of excesses of all kinds. The healing, soothing oil soaks right into the walls and lining of the kidneys and expels the poisons in your system. Keep your kidneys in good shape by daily use of GOLD MEDAL Haarlem Oil Capsules and you will have good health. Go to your druggist at once and secure a package of this time-honored, world-wide remedy. It is not a "patent medicine". It is passed upon by U. S. government chemists and declared pure before coming into this country. GOLD MEDAL is the pure, original Haarlem Oil, imported direct from the ancient laboratories in Holland where it is the National Household Remedy of the sturdy Dutch. Look for the name GOLD MEDAL on every box. Accept no substitute. Your druggist will gladly refund your money if not as represented.

CONVICTS ARE BUILDING ROADS IN SEVEN COUNTIES

Oklahoma City, Aug. 18.—According to the state board of public affairs, there are now seven counties employing state convicts in road construction under the terms of the law. These are McCurtain, Johnston, Pottawatomie, Wagoner, Bryan, Atoka and Pittsburg.

The number of convicts assigned to each of these counties varies, but the average is about thirty. It is claimed that the employment of convicts has proved very successful in each county that has tried the plan and the demand for prisoners for road building is now greater than the supply of men.

JESTS AND RIDICULE CAUSE DEATH OF TWO

San Francisco, Aug. 18.—J. Kelly Neal, 25 years old, of Duck Hill, Miss., ended his life by poison here yesterday because friends in his home town ridiculed an impediment in his speech, which he tried in vain to overcome. The story was told in letters found with his body. He wrote he preferred to die in San Francisco rather than give his acquaintances in Duck Hill the satisfaction of knowing they had driven him to desperation.

Hammond, Ind., Aug. 18.—Because he couldn't endure the jests of his fellow workers, Herman Smith, 21 years old, a newlywed went home and shot himself. He had been married two days.

Start Tomorrow and Keep It Up Every Morning

Get in the habit of drinking a glass of hot water before breakfast.

We're not here long, so let's make our stay agreeable. Let us live well, eat well, digest well, work well, sleep well, and look well. What a glorious condition to attain, and yet, how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning, and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of inside-bathing before breakfast.

OLD TIME BARTENDER TALKS OF CHANGES

ONCE THEY TOOK DRUNK MEN HOME, NOW THEY PUT THEM IN THE JAIL

Wichita, Aug. 18.—"They used to take care of the boys when they got too much in the old days. Now they enough em in jail. Many a man have I seen taken home but now nobody's got sympathy for the fellow that gets too much. The day of the drinking man is about gone."

Thus a former bartender of the Klondike—once Wichita's leading saloon at 301 North Main Street—said the signs of the times this morning after he had been fined for intoxication in the Wichita Police Court.

He had come to the wishes of the old days, from Canton, Okla., had some drinks and got drunk. A policeman took him from the street to a jail cell. Prostrate he said to day was damaging the old time patronal claim of the public toward the drinking man turning on him reproach or contempt where formerly there was either brotherly sympathy or natural indifference. "The drinking man ain't got any friends any more," he said.

He was one of Dennis Kenedy's partners "in the old days" and knows many about the early day saloon history of Wichita.

INDOOR LIFE MAKES FAT

TRY OIL OF KOREIN TO KEEP WEIGHT DOWN, OR TO REDUCE SUPERFLUOUS FAT.

People who are confined within doors and who are deprived of fresh, invigorating air and exercise must take precaution to guard against excess of adipose. In fact, confined sedentary life is unhealthy and a danger to the vital organs of the body. Take all exercise in the fresh air you can and increase the oxygen carrying power of the blood so that it is able to produce strong muscles and vitality and the formation of unsightly and unhealthy fat is the result.

If you are 5 or 20 pounds above normal weight you are daily drawing on your reserve strength and are constantly lowering your vitality by carrying this excess burden. Are you satisfied to have such a condition? If not, bear in mind that they are the most sensitive tissues to be affected by fat and other good drugs are not as a rule of much value. Take a teaspoonful after each meal and one just before retiring at night.

From a few days' treatment here is a report of a case of a woman who reduced eight pounds in weight, received great benefit and felt years younger in the old strength, lost flabby fat, a condition so frequent among the dissipators.

Oil of Korein is inexpensive, easily taken and before the disease or condition is confirmed to allow this treatment a trial.

DID NORWEGIAN SKIPPER SEE DEUTSCHLAND?

Norfolk, Aug. 18.—Captain Olsen, of the Norwegian steamer Ali, reported to the hydrographic office today of passing a submarine in mid Atlantic in the fog from Norfolk to a point off the English channel on August 5.

The German under water liner Deutschland passed out the Virginia capes on the night of August 2, but hardly could have gotten so far as the position Captain Olsen reports on August 5.

MUSKOGEE JUDGE ACCUSING, MAYOR QUITS JOB

Muskogee, Aug. 18.—Issuing a public statement that Mayor Wyand, who is head of the police department, continually interfered with the enforcement of the law, Judge Dodge Summer Tuesday has sent his resignation to the mayor. At a stormy session between the mayor and the council this morning the mayor told him he would "fire" him. Thereupon they resigned.

BRITAIN MAY TAKE OVER LIQUOR SALE

London, Aug. 18.—The committee appointed some time ago to advise the government in regard to proposals for purchase by the state of the liquor trade of Scotland has recommended that trade be taken over by licensed grocers, sought be abolished and that hotels and inns which depend mainly on the traffic should be taken over by the state. The committee reported against the purchase of distilleries.
