FRIDAY, NOV. 23—P. M.

Taking from to-day's total transactions in stocks (278,515 shares) the 104,700 shares which were contributed by Delaware, Lackawanna and Western, only 173,800 shares remain to represent the dealings in the general list; and of that remainder six other stocks contributed 102,900 shares. In the order of the amount of sales of the seven stocks which made up 207,600 shares of the day's total business the final changes from last evening's closing figures are as follows: Delaware, Lackawanna and Western lost 1 per cent, Oregon and Transcontinental lost ½, Union Pacific lost ¼, Louisville and Nashville lost ⅜, Lake Shore lost ½, Wabash preferred lost ¾, and St. Paul lost ½ per cent. Other stocks that were less active generally record corresponding declines; but Northwestern common was exceptionally strong in showing a final advance of ⅜ per cent at 124⅞ after having sold up to 125⅛. Concerning the earnings of the Union Pacific Railroad for the month of October, an unofficial report of which was referred to last evening, we to-day are informed by an authority that should be well informed that the company's earnings for October were about $75,000 less than for the same month of 1882. Allowing this to be correct, and that the operating expenses for that month show no greater increase than did those for August and September, the company's net earnings for the month should not show a decrease of over about $350,000 instead of $450,000, as was reported yesterday. The decline in the price of Delaware, Lackawanna and Western was the cause, and not the effect, of a rumor that the company was about to make a new issue of $5,000,000 of bonds. The company's officials are authority that the report is false. The market closed dull and ragged.

Government bonds were barely steady; the majority of the sales were made at the bidding prices, and the quotations are unchanged, as follows:

In State bonds there were sales of Tennessee 6s at 40 and of compromise issues at 43⅞, and Virginia deferred 6s were ¾ higher at 10. Of city bank stocks, North America sold at 105 and Republic at 122.

A well-distributed business was done in railroad bonds at irregular variations in prices; but generally the business was in small amounts. Erie second consols were ½ lower at 96¼. Rome, Watertown and Ogdensburg 5s rose from 70 to 71@70⅞. Metropolitan Elevated firsts were up ¼ at 102, and seconds were 1¼ higher at 89¼. New-York, Chicago and St. Louis first 6s were firm at 103¼@103½. West Shore and Buffalo first 5s were ½ easier at 75½, while Northwestern debenture 5s were ⅛ higher at 93⅛, and Chicago, Burlington and Quincy debenture 5s were firm at 93@92⅞. Pennsylvania 4½s sold at 96¾@96⅝. Lake Erie and Western firsts brought 95 and the incomes were firmer at 38. Midland New-Jersey 6s sold at 92@91½. Richmond and Danville debentures were off 1 per cent at 62. Virginia Midland incomes were up 1 per cent at 70, and East Tennessee, Virginia and Georgia incomes were ¼ higher at 32¼. St. Paul and Omaha consols were ½ higher at 111¼. Wabash general 6s were 2¼ higher at 76. Denver and Rio Grande firsts rose from 106⅜ to 107@106¾; the consols were steady at 91, and the firsts, Western extension, were ¾ higher at 70¾. Union Pacific firsts sold freely at 116. Texas and Pacific incomes were ¼ higher at 50. Atlantic and Pacific incomes declined ½ to 25. Northern Pacific firsts were "bulled" ½ per cent to 105, and Oregon Short Line 6s were ½ lower at 95½.

The operations of the Sub-Treasury for the week ending to-night include receipts of $6,878,125, and payments of $6,273,571, showing an apparent gain to its balance of $604,554. But after deducting from the receipts $181,000 (exclusive of $830,000 gold coin for payments in silver certificates at the other Sub-Treasuries), and from the payments, $1,961,000 for items which were transfers, the Sub-Treasury's true gain as affecting the banks was $2,384,554. The day's transactions covered: Receipts, $1,016,960; payments, $995,917; currency balance, $5,753,305; coin balance, $116,418,766.

The local money market for call loans was unchanged, and easy at 2½@2 per cent.

The Clearing-House statement to-day was as follows: Exchanges, $101,540,848; balances, $4,563,570.

The United States Treasury at Washington today received $488,000 National bank notes for redemption. The customs receipts were $422,487, and the internal revenue receipts $318,795.

The foreign exchanges for to-morrow's steamers were only moderately active at steady rates. Late in the day bankers reduced their nominal rates ½ cent to the £; not because of any change in the situation, but because the business by the steamers for this week was practically over, and the next business in order with them was to make rates for the purchase of commercial bills. The situation does not warrant any change in the quotations for actual business: Bankers' bills, $4 82¾ and $4 85¼ for long and short sterling respectively; 5.22⅞ and 5.19 for francs; 94⅝ and 95¼ for reichmarks; 39⅞ and 40⅛ for guilders.

In London, British consols were weaker and declined ⅛ to 101 9-16 for money and 1-16 to 101 11-16 for account. United States bond were higher; the 4s advanced 3-16 to 125 11-16, and the 4½s were ⅛ higher at 116⅞. American railways were lower, but made some partial recoveries before the end. The Bank of England lost £3,000 bullion on balance. Bar silver was 3-16d. lower at 50½d. per ounce. At Paris, French 3 per cents declined from 77.92½ to 77.70 francs.

THE PETROLEUM MARKET.

NEW-YORK, Nov. 23

Enough strength was maintained by the petroleum market to-day to discourage free "bear" sales, and yet the failure of prices to make a gain on the figures of yesterday checked purchases to cover. The result was a shrinkage in the volume of business, and the dealings were largely speculative, based on the fluctuations of the day. The range of prices was from $1 19¼ down to $1 18⅛, the close being less than 1 cent under the final quotations of yesterday. The market ended firm.

The range of prices and the total dealings were as follows:

	N. Y. Pet.	Cons. Ex.
Opening	119¼	119¼
Highest	119¼	119¼
Lowest	118⅛	118⅛
Final	118⅛	118⅛
Sales, barrels	7,048,000	6,219,000
Clearances, yesterday	14,284,000	12,036,000

The clearances in the other markets were: Oil City, 13,484,000; Bradford, 10,148,000; Pittsburg, 8,960,000 barrels.

There is no change to report in the price of refined oil.
