Things We Like Best

Often Disagree With Us

Because we overeat of them. Indigestion follows. But there's a way to escape such consequences. A dose of a good digestant like Kodol will relive you at once. Your stomach is simply too weak to digest what you eat. That's all indigestion is. Kodol digests the food without the stomach's aid. Thus the stomach rests while the body is strengthened by wholesome food. Dieting is unnecessary. Kodol digests any kind of good food. Strengthens and invigorates.

Kodol Makes Rich Red Blood.

Signs of Promise.

Recently a traveling man expressed himself as being of the opinion that the railroads and mercantile establishments which have regulated against the use of tobacco and liquor among their employes were doing more for the cause of temperance than all the lecturers in the country.

When we heard this statement we were reminded of the efforts of the dauntless Mrs. Hunt, who has done more than anyone else in establishing the study of scientific temperance in the schools of all the states and most of the territories. We are now beginning to see the fruit of her labor.

Since the anti canteen agitation there have been many hard things said concerning the depravity of our soldiers. They have been pictured by the defenders of the army saloon as being in a bad state of demoralization, craving drink and debauchery to an awful extent.

It is difficult to believe all this but if it is really true, a cure other than the saloon can be found. Some one has suggested that the same precautions and regulations be resorted to as the railroads and other corporations have adopted. Receive into the army only total abstainers. Is it not as necessary as the exact number of inches perpendicular which are requisite?

These days when so many are thinking of the future of the Indian Territory; when eyes and ears are turned towards congress awaiting final decisions, let us not forget that important matter of preserving our prohibitory law.

When asked for the strongest argument in favor of prohibition an earnest temperance worker replied "My boys," and when asked for the strongest ground of hope for the triumph of prohibition replied again "My boys" That same argument is good enough for us, only I think I should say "My boys and girls."

A Texas paper recently complimented the territory press, good reason why, the liquor ad has never soiled it. The Indian territory papers live and have their being without the patronage of King Alcohol. Be proud of that.

Not long ago I saw a large whiskey advertisement in a Kansas City paper and in fine print in one corner it said something like this, "Packed so that no knowledge of contents can be obtained." Why must such a thing be kept secret unless there is shame and dishonor in the receiving and the delivery of it?

Most people are glad at Christmas time but some have a deeper and sweeter happiness than others. To them the coming of Christ to the world means much. They have learned something of the wonderful influence the Christmas babe has had in this big, wayward, beautiful world, and they will try to remember the birthday in an appropriate manner and an appreciative spirit. M. C. ETHRIDGE.

Coughing Spell Caused Death

Harry Duckwell, aged 25 years, choked to death early yesterday morning at his home, in the presence of his wife and child. He contracted a slight cold a few days ago and had paid little attention to it. Yesterday morning he was seized with a fit of coughing which continued for some time. His wife sent for a physician but before he could arrive, another coughing spell came on and Duckwell died from suffocation.—St. Louis Globe-Democrat, Dec. 1, 1901." Ballard's Horehound Syrup would have saved him. 25c, 50c and $1 at People's drug store. w

Women Need

a constant supply of blood-making material or their systems break down under the constant drain. The very moment there is lack of blood, or when the blood is impoverished, the signal appears upon the face in sallowness or pallor.

The remedy needed is Dr. Harter's Iron Tonic. Nothing else meets this particular condition so well. Use of it has made hundreds of thousands of women look younger and made them feel even younger than they looked. It not only restores strength, energy and beauty, but it is a prompt and certain cure for all ailments peculiar to the sex. It cures, because it removes the first cause. It supplies just what nature needs to bring health.

Dr. Harter's Iron Tonic

strengthens debilitated organs, gives tone and elasticity to muscles and ligaments, rounds out wasted tissues and renews the vigor of the nervous system. It helps quickly and just as surely and permanently.

Loss of appetite, of ambition, nervousness, pains in the head, back, kidneys, limbs, throbbing, etc., are all cured by Dr. Harter's Iron Tonic.

The following is one of thousands of similar endorsements that we have received:

Houston, Texas, Dec. 4, 1899.

"My father has used your medicine since the War, and when I married in December, 1872, I commenced housekeeping with one bottle of Dr. Harter's Iron Tonic, one bottle of his Wild Cherry Bitters, and two boxes of his Little Liver Pills. I am now nearly sixty-two years of age. Looking backward I feel attached to the old medicines and would not change them for any of the new ones made."

Mrs. J. A. Pickett.

LANDS AT AUCTION.

Bids to be received for Valuable Lots in the Territory.

Sealed bids will be received at the office of Mr. W. A. Jones, commissioner of Indian affairs, in Washington, on January 15, for the sale of 6823 acres of the richest lands in the Indian Territory. The property for sale consists of the surplus lands of the Peoria and Miami Indians. The location of the lands is such as to make it probable that the syndicates which have been trying to secure possession of Indian Territory lands will not be eager bidders for it. The property is divided into 175 parcels, of which there is but one that contains 160 acres. Most of the lots run from 25 to 80 acres each, and they are scattered widely. The lands are among the most valuable in the Indian Territory, and officials of the Indian bureau expect that good prices will be offered for them by actual settlers who have been living in the Territory on lands leased from the Indians.

Part of the Frisco System.

For several months past rumor has had it that the Ozark & Cherokee Central road would, on the first of the year, pass to the management of the Frisco system. This rumor has been denied by the Ozark officials, but the latest map published by the Frisco credits the Ozark as a part of that system. The Ozark becoming a part of the Frisco system will not benefit or injure the interests of Tahlequah, but will be a serious blow to Fayetteville, Arkansas, people, who have been struggling to get a competing line of road for their city and when they subscribed, most liberally to the building of the Ozark, were assured that it was not nor would it become a part of that system.—Tahlequah Herald.
