Ends Dry, Hoarse or Painful Coughs Quickly

A Simple, Home-Made Remedy. Inexpensive but Unequaled.

The prompt and positive results given by this pleasant tasting, home-made cough syrup has caused it to be used in more homes than any other remedy. It gives almost instant relief and will usually overcome the average cough in 24 hours.

Get 2½ ounces Pinex (50 cents worth) from any drug store, pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. This makes a full pint—a family supply—of the most effective cough remedy at a cost of only 54 cents or less. You couldn't buy as much ready-made cough medicine for $2.50. Easily prepared and never spoils. Full directions with Pinex.

The promptness, certainty and ease with which this Pinex Syrup overcomes a bad cough, chest or throat cold is truly remarkable. It quickly loosens a dry, hoarse or tight cough and heals and soothes a painful cough in a hurry. With a persistent loose cough it stops the formation of phlegm in the throat and bronchial tubes, thus ending the annoying hacking.

Pinex is a highly concentrated compound of genuine Norway pine extract, rich in guaiacol and is famous the world over for its splendid effect in bronchitis, whooping cough, bronchial asthma and winter coughs.

To avoid disappointment in making this, ask your druggist for "2½ ounces of Pinex," and don't accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

Styles That Show the Last Ripple of Fashion

In This Original Suit Sale

Not a Sale of a Few Suits, or Group of Suits, or Suits That are Not Desirable, but a Sale of Every Suit in Our Immense Stock, Including Hundreds That Have Just Arrived---

At Reductions of One-Fourth, One-Third or One-Half

This Is, Indeed, An October Suit Event Without a Parallel

While this is an unusual event, you may wonder less if we tell you that it is the result of careful planning. When our buyers went to New York, they began to plan for this sale. They looked ahead and saw the trend of fashions. On the suit horizon was emblazoned **Broadcloths, Whipcords, Gabardines, Serges, Mannish Worsteds, Velvets, Novelty Fabrics, etc.**

SAVE US THE MATERIALS

We told the makers that we expected to do the greatest suit business in our career and that we would require thousands of suits. "Very well, then," they said, "we will be ready to turn the materials into suits as you require them."

"That's not the point," we explained. "What we are particular about is the question of style. Just as soon as the styles are permanent we want the suits."

That explains the secret of the newest styles first at Scott-Halliburton's all season and also explains the reason for putting on a new sort of suit sale in which every suit is fairly radiant with style and beauty at a price concession that is absolutely bona fide.
