THE stormy weather of Saturday evening again interfered with the social gayety and the steady downpour kept all but a few venturesome spirits away from the Country club and the dinner dance. Mr. Henry R. Hoffman, who had as his guest for the week-end Mr. Jerome Harrington of Wichita, entertained several friends informally at dinner and at another table were Mr. and Mrs. Samuel M. Lloyd and Mr. and Mrs. O. D. Halsell. Later in the evening these were joined by others who were brave enough to face the rain and the pleasure of the evening made up for the lack of numbers. The acting hosts of the evening were Mr. and Mrs. John H. Fredericksen and Mr. Hoffman.

That the season for circuses is not yet over was to be clearly seen in the neighborhood of Fourteenth and Hudson Saturday morning when a number of the young folk held a most enjoyable "show" which was widely patronized and proved most profitable to the producers. Side shows constituted the main part of the performance, Mr. George Sohlberg having given the use of his roomy yard for these tents. Among the wonders to be found in these tents were the customary fortune-tellers in the persons of Rhand Sohlberg and Lucile Nicholson, a living statue, Virginia Miller, wild man, Ada Sohlberg, an Egyptian mummy, Bertrude Gardner, fat man, Mildred Sidwell. In addition to these attractions was a tent of performing animals under the training of Ada Sohlberg, a "crazy house" and a crystal maze.

Women! It's Easy! Dry Clean With Gasoline—Save $5

Nothing shrinks, fades or wrinkles and a wash boiler will do nicely.

Women here who have tried dry-cleaning find it very easy and inexpensive to clean and freshen all the ribbons, silks, satins, laces, yokes, furs, silk shirtwaists, kid gloves and shoes, neckties, children's clothes, suits, caps, Swiss, lawn, organdie and chiffon dresses, woolen garments, fancy vests, draperies, rugs, in fact, any and everything that would be ruined with soap and water.

Get two ounces of solvite at any drug store and put it in two gallons of gasoline, then put in the goods to be cleaned, rub a little and out they come, looking as bright and fresh as new. You will find nothing fades, shrinks or wrinkles, requiring no pressing.

You can do five dollars' worth of home dry cleaning in an hour at little cost. It is so easy and you can't make a mistake. Any grocery or garage will supply the gasoline and you can obtain two ounces of solvite at the drug store which is simply a gasoline soap, then a wash boiler or large dishpan completes your dry cleaning outfit.

As gasoline is very inflammable, be sure to do your dry cleaning out of doors or in a room away from fire or flame, with the windows left open.—Adv.

HUGHES SAYS WILSON FORGOT FARM INTERESTS

Candidate Declared President Ignored Plea in Urging Adamson Law

HASTINGS, Neb., Oct. 16.—Charles E. Hughes told a crowd of farmers here today that the democratic administration had ignored the agricultural interests of the country in urging the enactment of the Adamson law. The nominee in support of his contention read a telegram from President H. N. Pope of the Texas Farmers' union to President Wilson, requesting that the farmers be permitted to submit data in arbitration proceedings between the railroads and the brotherhood.

Mr. Hughes also referred to "invisible government."

"Let me say this," the nominee said. "Those who are declaiming to the American public invisible government had better remember that when I was in executive responsibility in the state of New York there was no invisible government in that state."

AVOID ALL MEAT IF KIDNEYS AND BLADDER BOTHER

Uric Acid in meat excites Kidneys and irritates the Bladder.

Take Salts at first sign of Bladder weakness or Kidney-Backache.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again there is difficulty in avoiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink which quickly relieves bladder trouble.—Adv.
