SAVED HIM 1,800 DOLLARS.

ADAMS, N. Y., Jan. 30, 1882.—*Dr. B. J. Kendall & Co.*: Gents—Having used a good deal of your Kendall's Spavin Cure with great success, I thought I would let you know what it has done for me. Two years ago I had as speedy a colt as was ever raised in Jefferson county. When I was breaking him he kicked over the cross bar and got fast and tore one of his hind legs all to pieces. I employed the best farriers, but they all said he was spoiled. He had a very large thorough pin, and I used two bottles of your Kendall's Spavin Cure, and it took the lump entirely off, and he sold afterwards for $1800 (dollars). I have used it for bone spavins and wind galls, and it has always cured completely and left the leg smooth.

It is a splendid medicine for rheumatism. I have recommended it to a good many, and they all say it does the work. I was in Witherington & Knesland's drug store, in Adams, the other day, and saw a very fine picture you sent them. I tried to buy it, but could not; they said if I would write to you that you would send me one. I wish you would, and I will do you all the good I can.

Very respectfully, E. S. LYMAN.

From the Akron Commercial, Ohio, of Nov. 25th, 1882.

Readers of the *Commercial* cannot well forget that a large space has for years been taken up by Kendall's advertisements—especially of a certain Spavin Cure. We have had dealings with Dr. Kendall for many years, and we know of some large business houses in cities near by, who have also dealt with him for many years, and the truth is fully and faithfully proven, not only that he is a good, honest man, and that his celebrated Spavin Cure is not only all that it is recommended to be, but that the English language is not capable of recommending it too highly.

Kendall's Spavin Cure will cure spavins. There are hundreds of cases in which that has been proven to our certain knowledge, but, after all, if any person connects the usefulness of this celebrated medicine to curing spavins alone, they make a big mistake. It is the best medicine known as an outward application for rheumatism in the human family. It is good for pains and aches, swellings and lameness, and is just as safely applied to men, women and children as it is to horses. We know that there are other good liniments, but we do believe this spavin cure to be far better than any ever invented.

Kendall's Spavin Cure.

FORT WORTH, Texas, March 12, 1883.

Messrs. B. J. Kendall & Co.—About 8 months ago there was a valuable stallion brought to the stable of Farmes and Henry to be treated for a bone spavin which was one years growth and of pronounced size, and having learned through outside sources that your liniment known as Kendall's Spavin Cure was valuable, I commenced using it on the enlargement and after six weeks using and having applied two bottles the horse was cured entirely, leaving the leg perfectly smooth.

CHARLES HENRY.

KENDALL'S SPAVIN CURE

On Human Flesh.

It has been used in thousands of cases on human flesh with such wonderful success that we now feel certain it is the best liniment known for man, as it has sufficient strength to penetrate and virtue to cure the worst cases, which are not affected in the least by ordinary liniments, and yet it does not blister or cause a sore.

VEVAY, Ind., August 12, 1881.—*Dr. B. J. Kendall & Co.*: Gents—Sample of circulars received today. Please send me some with my imprint, printed on one side only. The Kendall's Spavin Cure is in excellent demand with us, and not only for animals, but for human ailments also. Mr. Jos. Voris, one of the leading farmers in our county, sprained an ankle badly, and knowing the value of the remedy for horses, tried it on himself, and it did far better than he had expected. Cured the sprain in very short order.

Yours respectfully, C. O. THIEMAND.
