FRIDAY, May 16—P. M.

To-day's developments detract nothing from the importance that was attached to the failure of Messrs. Fisk & Hatch. On the contrary, their operations in connection with the Newark Savings Bank point to complications that yesterday were not suspected. But the opportunity for a night's reflection served to stay a panic at the Stock Exchange. The sun neither rises nor sets in the office of any one banking firm, nor in that of any single speculator, no matter what may be the amount of reported capital of either. The market opened firm instead of weak; but the announcement of the suspension of the Stock Exchange firm had closed its doors, were wet blankets upon the general feeling that "the worst was over," and that stocks were a purchase for a considerable rally. Those events, however, exerted only a momentary effect upon the market. What did seriously affect the general temper was a later sudden break in Lake Shore stock from 89 to 81. The stock had opened down 1 per cent at 88, but had recovered to 89½, when the pressure to sell it became urgent, and it quickly fell 8½ per cent. The sales did not have the character of a raid, and there is probability in the story that they were for the account of a forced loan at bank yesterday to secure an over-certification which was to be made good before Clearing House hours to-day. Of course such a drop in Lake Shore was not without effect upon the general market. But there was a wonderful exhibition of recuperative energy that quickly displaced depression by something akin to buoyancy. Lake Shore afterward rallied to 88, sold back to 84, up to 89, and ended at 88. The transactions in it amounted to 45,658 shares—the largest business in any one stock; its fluctuations are only exaggerations of what occurred with every other stock on the list. As no further failures were announced at the Board, and there were no further reports of outside financial difficulties, the market toward the close waxed strong and generally ended at the best figures of the day. The reports of a large European buying, however, are without foundation; prices in London are lower than here, and Europe before has never come into this market as a purchaser until we have established a substantial and lasting advance in prices. The general impression at the close of business of men whose opinions do not represent a personal interest was that the crisis had passed and that for the present no further financial difficulties were to be apprehended.

The dealings in Government bonds were unusually large, and the 4s fluctuated like a fancy stock of the speculative genus; the final bids show declines of ½ per cent for the 3s, of 1¼ for the 4s, and of ¾ for the 4½s. Annexed are the closing quotations:

No business was done in State bonds and the quotations were only nominal. Of city bank stocks only fifty Republic sold at 122.

The railway bond market generally was not in full sympathy with the movements in the share market. Chesapeake and Ohio issues for obvious reasons were specially weak; firsts, series B, fell 8 per cent to 90, and currency 6s declined 6 per cent to 33, and closed at 36½. Erie second consols, with a large amount of business, rose from 61½ to 65. Missouri, Kansas and Texas general 6s were up ⅜ at 70⅜. West Shore and Buffalo first 5s were irregularly active between 50½ and 48, and ended at 50½ against 49 last evening. East Tennessee, Virginia and Georgia consol 5s were up 1 per cent at 59, and Central and Hudson unsecured debenture 5s sold at 104. Ohio Southern firsts declined from 79 to 72½@75. Richmond and Danville debentures were off 2 per cent at 53. New-York, Chicago and St. Louis first 6s were 2¾ lower at 101. St. Paul firsts, Pacific and Western division, were ¾ lower at 96. Northwest debenture 5s fell 2½ to 90, and Burlington and Quincy debenture 5s were ¼ lower at 92. Wabash general 6s declined 4 per cent to 40, and late a small lot brought 43. Union Pacific firsts declined 2 per cent to 12½. Texas and Pacific incomes, after 38, at 40 show ⅛ per cent advance, and firsts, Rio Grande division, after 50½, at 51½ were up 1½ per cent. Northern Pacific firsts were down 1 per cent at 102@102¼.

The business of the Sub-Treasury for the week ended to-night includes receipts of $8,000,814 and payments of $10,429,814, leaving the general balance at $133,510,046, against $135,939,046 May 9, showing an apparent loss of $2,429,000. But deducting from the payments $429,000 deducting from the receipts $1,190,000 for certain items of transfers which only affect the Sub-Treasury's account with the General Treasury, its true gain, as affecting the banks, is $410,000; and deducting further from the receipts $500,000 received for silver certificates payable elsewhere, the true loss to the Treasury is $150,000. To-day's operations covered: Receipts, $1,399,115; payments, $2,408,428; currency balance, $5,438,357; coin balance, $128,071,689.

The local money market worked stringent at 1½ per cent and exceptionally at 1 per cent per diem for call loans till the business of the day was nearly completed; late loans were made down to 4 per cent per annum and the closing rate was 6 per cent paid and bid. It is evident that the savings banks are withdrawing their cash from the deposit banks to be prepared for any possible runs that may be made upon them; for that reason the net redemption by the Sub-Treasury during the week of legal-tender certificates was $1,800,000, and to-day because of a scarcity of legal-tender notes, $1,050,000 in gold was paid in for that amount of silver certificates. These operations reflect a loss to the banks of nearly $3,000,000 in legal-tenders and specie, but the movement was so late in the week that it will have little effect on the averages of the weekly statement to be issued to-morrow.

The Clearing House statement to-day was as follows: Exchanges, $158,691,555; balances, $9,051,041.

The United States Treasury at Washington to-day received $130,000 National bank notes for redemption. The customs receipts were $593,701, and the internal revenue receipts $111,237.

The foreign exchanges are entirely demoralized by the stringency in money; hence, as there is no demand for bankers' bills, the reduction in rates has no significance, except that it makes a lower price for commercial bills, of which bankers are the only buyers. Nominally the quotations for actual business are as follows: Bankers' bills, $1 84½ and $4 86¼ for long and short sterling respectively; $5 21 and $5 19 for francs; 94¾ and 95¼ for reichmarks; 40 and 40¼ for guilders.

The London market for British consols was steady at 101 7-16 and 101 9-16 respectively for money and account. United States 4s were off 1¼ at 128 ex interest, and the 4½s were 1⅛ lower at 123 ex interest, and the 4½s were ⅛ lower at 114. Quotations for American railways were nothing more than contemporary reflections of prices in the home markets, and they continued to rule from 1 per cent for the low-price shares to 2 per cent for the higher-price shares below the figures of the home market. A 5 p. m. dispatch says that "since half-past 4 o'clock (11:30 a. m. here) a strong downward tendency in American stocks, especially in Lake Shore, has prevailed; the street is crowded and there is much excitement." This was a response to the sudden decline in our market of from 89 to 81 for Lake Shore. No quotations were given for those late dealings, but of course to-morrow's opening will be responsive to the better feeling which at the end prevailed in this market. At Paris French 3 per cents were off from 78.82½ to 78.77½ francs.

THE PETROLEUM MARKET.

NEW-YORK, May 16.

The excessive rates for money and the practical suspension of settlements on contracts between many prominent houses in the oil trade combined to reduce the trading at the Petroleum Exchange, this morning, to a minimum. The market opened at 74 cents, rose 1cent and then sold down rapidly to 65 cents. At this price United Pipe Line certificates showed a decline from Saturday night of 29½ cents. When the clearances of yesterday were made safely and the improved tone of the stock market was developed, the petroleum speculation became more active, and prices, while feverish and widely fluctuating, rose to 78½ cents. The close was made with a more confident temper existing among traders at 77½ cents.

The range of prices and the total dealings were as follows:

	N. Y. Pet.	Cen. Ex.
Opening	74	74
Highest	78½	78
Lowest	65	65
Final	77½	77½
Sales, barrels	3,956,000	4,258,000
Clearances yesterday	5,032,000	8,278,000

No clearances were reported from Oil City, which is an indication of difficulty, but nothing was known of its character during business hours. The Exchanges have decided to close at 3 instead of 4 p. m. from now to June 1. There is little doubt that this will be made permanent.

Refined oil was unchanged.

BRADFORD, Penn., May 16.—Crude oil closed firm; total runs Thursday, 73,845 bbls.; total shipments, 80,491 bbls.; charters, 30,794 bbls.; clearances, 6,009,000 bbls. United Pipe Line Certificates opened at 76 and closed at 77⅞; highest price, 78; lowest, 66.

Mild very quiet; 550 bags Laguayra sold on private terms. The tone was less firm. Jamaica sold on private terms. The tone was less firm. Java in good request from the decline and advanced ½@¾c. and closed firm at about the highest prices. A very limited business for export with trade seriously checked by the decline in exchange. Scarcely anything done for City Milling, active transactions on speculative account. Sales, 3,672,000 bush. future, 8,000 bush. cash, including No. 2 Chicago at 90c. delivered, and 90c. net, freight and insurance delivered in Liverpool; Upgraded Mixed Red, 75c.@$1 00½; No 4 Red, 87½ c., in elevator; No. 3 do, 90c., in elevator; No. 2 do, $1 01, free on board from store; $1 00@$1 01½ for local certificates in store; Ungraded White, $1 12@$1 15; No. 2 Red seller May opened at 89⅞c., and closed nominal at $1 00½; do. June $1 00½@$1 01⅜, closing $1 02⅜; do. July, $1 02⅜@$1 04⅜, closing $1 04⅜; do. August $1 03⅜@$1 04⅝, closing $1 04⅝; do. September, $1 05⅛@$1 06⅛, closing $1 06⅛; do. October, $1 06⅝@$1 07⅝, closing $1 07⅝. Market dull and scarcely so firm. The feeling is barely steady, but there is no life to the trading. Sales, 740 bbls. of Mess pork, $14 87½@$14 90 for June; Family Mess, $16 75@$17 for old and $16 25 for New; Family Mess, $17 25@$17 75; Clear Back, $18 50@$18 75; Extra Prime, $15 00@$15 75.
