DEMAGOGY REBUKED.

THE HOUSE IMPATIENT OF ROBINSON.

HE AND TWO OTHERS TRY IN VAIN TO PREVENT A NAVAL OFFICER FROM ACCEPTING A DECORATION.

[BY TELEGRAPH TO THE TRIBUNE.]

WASHINGTON, May 24.—The member from County Tyrone and Brooklyn fairly outdid himself to-day and aroused the House to a sense of disgust and indignation which showed that, after all, there is a depth of demagogy to which only a few men in that body are ready to descend. Robinson's tirade lasted fifteen minutes, although he exhausted the patience of the House before he had been speaking five minutes. After firing a few volleys of maudlin abuse at the tottering despotisms of the Old World, he turned his guns on the officers of the United States Navy. The occasion of this outburst was the consideration of a joint resolution granting to Ensign L. K. Reynolds, of the Navy, permission to accept a decoration from the Emperor of Austria, in recognition of his bravery and humanity in saving eleven Austrian sailors from death by drowning at great risk of his own life.

Robinson had seen somewhere a photograph of the gallant young officer in his uniform, and that seemed to have angered him. He described Reynolds as "a dude," and went on to say that twenty applications like the one under consideration are pending before Congress for the benefit of "the young dudes of the Navy." The resolution was only the first step toward the creation of orders of nobility in the United States, in violation of the Constitution, and men who voted for it would violate their oaths in so doing.

S. S. Cox, who had charge of the resolution, undertook to reply, but was constantly interrupted by the bellowing Brooklyn member, despite the efforts of the Speaker to keep the latter in order. Mr. Cox lost his temper, and spoke of Robinson as "the licensed libertine of debate," who is only tolerated on account of his age. He explained the scope and purpose of the resolution, and praised the deeds of Reynolds, who is one of the volunteers serving with the Greely Relief Expedition.

Mr. Cox yielded two minutes to Mr. Kasson, who hotly declared that the language used by Robinson was a disgrace to him, and an attempt to dishonor the gallant officers of the Navy. Robinson shouted: "I want the words taken down that I am dishonorable. The man who violates the Constitution dishonors himself. I stand by the Constitution." No attention was paid to Robinson's request to have Mr. Kasson's words "taken down," and he then demanded that the latter should take back what he said.

"I withdraw nothing," replied Mr. Kasson. "I say that the man who stigmatizes with the word 'dude' a gallant naval officer, does dishonor to the Navy and the officers of the Navy."

This retort provoked hearty applause on both sides of the House. The time set for debate expired, but Robinson was still on his feet frantically demanding to be heard. When he was at last shut off by the Speaker, he scowled defiance, and uttered an exclamation which sounded like an invitation to the Speaker to visit a certain place, the name of which is seldom heard in polite society. No notice was taken of the remark, and the resolution was passed.

Robinson's demand for the yeas and nays was supported by himself, Brumm, of Pennsylvania, and "Calamity" Weller, of Iowa.

CONGRESS AND THE NAVY.

SEVERAL BILLS AFFECTING THE SERVICE AND INDIVIDUALS PASSED BY THE HOUSE.

WASHINGTON, May 24.—The House to-day considered in Committee of the Whole a bill restoring Alfred Hopkins to the rank of captain in the Navy. Hopkins is the officer who was in charge of the Pensacola Navy-Yard in 1882, and was dismissed the service, after trial by court-martial on the charge of leaving his post of duty before being relieved during the prevalence of yellow fever at that place. The Committee on Naval Affairs bases its report on the ground that as commandant of a yard, Captain Hopkins had a limited discretion conferred upon him to leave the limits of his command not longer than one week in any successive two months. Captain Hopkins was absent only five days when he was put on waiting orders, and therefore had violated no law or regulation. The report criticises the action of the court-martial in excluding certain testimony, and the committee comes to the conclusion that the finding of the court is wholly without evidence to support it. After some debate the bill was reported favorably to the House and passed.

The House also passed the following bills: To equalize the rank of the graduates of the Naval Academy. [It provides that all graduates of the Academy who are assigned to the line of the Navy shall be commissioned ensigns; and abolishes the grade of junior ensign.]

For the appointment of Julius A. Kasson on the retired list of the Navy, with the rank of Passed Assistant Engineer.

For the retirement of Samuel Kramer with the rank of chaplain.

Granting to Passed Assistant Engineers an increase of pay of $250 after ten years' service and a like increase after fifteen years.

The House considered in Committee of the Whole a bill providing that that part of the Naval Act of 1882 which limits the number of graduates of the Naval Academy to be retained in the service each year shall not apply to those classes which had completed the four-year course at the Academy prior to the passage of the Act, and those members of the class of 1881 who have been honorably discharged may return to the service and take their places on the naval register in the same manner as if that part of the Act had not been passed. The committee recommended an amendment reducing the number of appointees to the Academy one-half. After a long debate, without action, the committee rose and the House adjourned.

A BUREAU OF ANIMAL INDUSTRY.

WASHINGTON, May 24.—In the House to-day, Mr. Hatch, of Missouri, presented the conference report on the bill to establish a Bureau of Animal Industry. The House conferees recommended concurrence in all the Senate amendments. The amount of appropriation is reduced from $250,000 to $150,000, and the jurisdiction of the Commissioner of Agriculture is limited to such investigation and to such disinfection and quarantine measures as may be necessary to prevent the spread of contagious and infectious diseases from one State or Territory into another, and he is prohibited from applying any money toward paying for animals it is found necessary to slaughter in order to prevent the spread of the disease. The report was agreed to.

LAND GRANT FORFEITURE.

WASHINGTON, May 24.—The Senate Committee on Public Lands to-day decided to report bills forfeiting the land grants opposite the uncompleted portions of the Northern Pacific main and branch lines and the Atlantic and Pacific Railroads. Senator Plumb, chairman of the committee, says it is impossible to calculate the number of acres involved, as in both cases some of the land was taken up before the charters were granted, and in the case of the Atlantic and Pacific the road was not constructed in the direct line contemplated. Nominally, the Senator thinks, the forfeiture of the Northern Pacific will amount to about 13,000,000 acres, and of the Atlantic and Pacific to about 36,000,000 acres. Senator Slater, who is the author of the bill providing for the forfeiture of the land grant to the Northern Pacific Railroad, says the actual number of acres forfeited along that line will be about 7,000,000, which is about 30,000,000 acres less than is proposed by the bill reported by the House Committee on Public Lands.

NAVAL INTELLIGENCE.

WASHINGTON, May 24.—Passed Assistant Surgeon Frank Anderson has been ordered to the New-York Navy Yard, June 2; Paymaster F. H. Arms to the Naval Academy, June 30; Passed Assistant Surgeon W. H. Rush detached from the Despatch, June 2, and ordered to the Coast Survey steamer Blake; Passed Assistant Surgeon H. G. Beyer from the Coast Survey steamer Blake and ordered to special duty at the Smithsonian Institution; Passed Assistant Surgeon L. G. Heneberger from the New-York Navy Yard and ordered to the Despatch, June 2; Paymaster R. W. Allen from the Naval Academy, June 30, and ordered to settle accounts and wait orders. The Secretary of the Navy to-day accepted the resignation of Lieutenant Frederick H. Paine, to take effect on August 1. Lieutenant Paine was recently ordered to duty on the Pacific Station, and failing to obtain a revocation of his orders tendered his resignation. A Naval Court of Inquiry was ordered to day to convene at the Mare Island, Cal., Navy Yard, Monday, to investigate the circumstances attending the disabling of the engines of the flag-ship Hartford, while on the way from Santa Barbara to San Pedro, May 10.

WASHINGTON NOTES.

WASHINGTON, Friday, May 24, 1884.

AN OFFER WITHDRAWN.—The Secretary of the Navy has decided to allow Delamater & Co. to withdraw their offer for the purchase of the Colorado, which had recently been accepted by the Department. This action is due to a misunderstanding on the part of the bidders as to the terms of the purchase. The Colorado will be put up for sale again.

ATTORNEYS DISBARRED.—The Secretary of the Interior has disbarred from practice before the Department, as pension attorneys, William Pease, of Batavia, Ohio, and John Sanford, of Paterson, N. J.

TO CHANGE POSITIONS.—Assistant Adjutant-General Ruggles, in charge of appointments, personal and commission division of the Adjutant-General's office, and Assistant Adjutant-General McKeever, in charge of the enlistment branch, will change positions on the first of June, with the view of becoming familiar with the work of the different branches of the office.

BITS OF COURT NEWS.

Justice Donohue yesterday granted a writ of certiorari, in the petition of Controller Grant, ordering the Commissioners for the Revision of Assessments to certify their proceedings in reducing the assessment by one-fourth of Juliette Douglass, who was assessed for grading, etc., on St. Nicholas-ave. John Kelly, one of the commissioners, owns property on the avenue at One-hundred-and-fifty-fourth-st., and the Controller alleges that he, as an interested person, is disqualified from voting in the matter.

The temporary injunction restraining James E. Morgan and others from using telegraphic instruments connected with the Gold and Stock Telegraph Company's lines, in the suit brought by that corporation, was dissolved yesterday by Justice Donohue, on the ground that the company's complaint was not proved. The company alleged that Mr. Morgan and others connected with Wall Street used the Gold and Stock lines to communicate to one Burrill information which was used by him for the information of bucket-shops.

An attachment was granted yesterday by Justice Donohue against the property of Charles Gordon Hutton, in the suit of August Belmont to recover $14,400 on two promissory notes made in January, 1882. Mr. Belmont states that Mr. Hutton resides in France.

FUNERALS OF TWO EX-JUDGES.

The funeral of ex-Judge Joseph Sollace Bosworth was held yesterday in the Madison Square Presbyterian Church. The Rev. Dr. Charles H. Parkhurst conducted the services. The coffin was covered with palms and callas, and attended by Judge Pierrepont, Professor Dwight, Thomas C. Acton, Judge Brady, A. J. Vanderpoel, Luther R. Marsh, John Bigelow, and Thomas B. MacLay as pall-bearers. Dr. Parkhurst spoke of the life of Judge Bosworth as "no affair of dates and places, nor much a matter of years, but rather one to be considered in relation to its good example and the great influence it exerted on the community and on the world." The body was taken to Greenwood for burial. Among those present at the funeral were ex-Governor John T. Hoffman, Isaac Phillips, John T. Agnew, Judge R. E. Larremore, Judge James Forsyth of Troy, Captain Brainard, A. P. Man, F. R. Coudert, John Graham, James C. Carter, Judge Mitchell, Bernard Roelker, William G. Wilson, Judge Truax, Stephen P. Nash, John A. Logan, John M. Bryan, George A. Andrews, Judge Leonard, Judge Lawrence, Judge Van Brunt, Judge Ingraham, S. B. Brownell, John E. Burrill, Smith Ely, jr., Ambrose K. Ely, David Dudley Field and William S. Ricketts.

The Thirteenth Street Presbyterian Church, of which the Rev. Dr. Worrall is pastor, was filled in the afternoon with the friends of ex-Judge Welcome R. Beebe, whose funeral was held there. He had been a member of the church for twenty years. Dr. Burchard, who was formerly the pastor, conducted the services, assisted by the Rev. S. B. Rossiter. Many well-known members of the New-York Bar were present. Among them were Judge A. R. Lawrence, Judge C. H. Van Brunt, Henry L. Clinton, E. L. Owen, and Charles L. Wright; and James Borland, of the Maritime Exchange. The pall-bearers were Judge Rapallo, Judge Donohue, Recorder Smyth, Judge Benedict, ex-Judge Choate, Judge Brown, Cornelius Van Santvoord, William H. Guion and L. W. Jackson.

Ex-Judge Beebe was killed by a train near Plainfield, N.J. Sixteen years ago his brother Philo and his wife were killed by a train at Chatham, N.Y. They lived in this city but were driving in the country, and while crossing the track of the Boston and Albany Railroad were struck by a train moving at nearly full speed and instantly killed.

THE POLARIA'S SMALLPOX PATIENTS.

There were no new cases of smallpox on the quarantined steamer Polaria yesterday. Henrietta Burrow, who was taken to Castle Garden from the Polaria on Friday, with her sick child, was yesterday sent to Ward's Island, and orders were given to keep her in a secluded place, as she has developed symptoms which may be those of smallpox. Among the smallpox patients sent to Riverside Hospital from the Polaria on Friday was Wilhemena Westfall. Dr. Smith sent her husband and two children with her, in order that their clothing might be disinfected. The doctor at the Riverside Hospital sent the husband and children to Dr. Schultz, at Castle Garden, and Dr. Schultz sent them to Ward's Island. There were a large number of inquiries at Castle Garden and at the office of Carr's Line yesterday by people who have friends on the Polaria.

Miscellaneous

Sanitary Plumbing.

The Durham System of SCREW-JOINT iron house drainage is recognized by all engineers to be the only system of house plumbing which secures absolute and permanent protection from sewer malaria, while the superior quality and great strength of the materials enable it by its permanence the CHEAPEST work that can be adopted. Nd agents. Order direct from the Company, who construct all work and guarantee unlimited responsibility. Orders from the country for drainage and plumbing work will receive particular attention at the hands of the Company's Chief Engineer, Wm. Paul Gerhard.

Inspect this work personally before spending any money on plumbing, or send for pamphlet.

24 CONGRESS-ST., BOSTON, May 1, 1884.
You are hereby notified that the Reorganization Agreement has been signed by more than a majority of the bonds, but, in order that all may have an opportunity to participate, the time for signing has been extended to May 10, 1884. After that date no signatures will be received except upon payment of one per cent of the par value of the bonds.
GEO. S. DANIELS,
For the Committee.

PACIFIC MAIL STEAMSHIP COMPANY,
PIER FOOT OF CANAL-ST., N. R.,
NEW-YORK, May 21, 1884.
THE THIRTY-SEVENTH ANNUAL MEETING OF STOCKHOLDERS of the PACIFIC MAIL STEAMSHIP COMPANY will be held at the office of the company, pier foot of Canal-st., North River, in the city of New-York, on WEDNESDAY, the 28th day of May, 1884, between the hours of 12 noon and 2 o'clock, p. m., for the election of directors and the transaction of such other business as may properly come before it. The transfer books of the company will close at the office of the Union Trust Company, on FRIDAY, the 23d of May, 1884, at 3 o'clock p. m., and will reopen on THURSDAY, the 29th of May, 1884, at 10 o'clock, a. m.
By order of the Board of Directors.
W. H. LANE, Secretary.

TO THE FIRST MORTGAGE BONDHOLDERS of the NEW-YORK, WEST SHORE AND BUFFALO RAILWAY COMPANY:
The undersigned committee, representing the holders of a large number of first mortgage bonds of the New-York, West Shore and Buffalo Railway Company, have carefully considered the agreement, dated May 1, 1884, under which the company proposes to issue its six per cent, ten-year bonds, interest payable January and July, in exchange for its first mortgage coupons and registered interest, which are to be delivered uncancelled and assigned in trust to the Metropolitan Trust Company; and, having some knowledge of the affairs of the Railway Company, the committee recommend the holders of all the first mortgage bonds to execute the agreement.
It is important that the signatures of a majority in interest of the first mortgage bondholders be obtained before the 24th day of June next, as the company has made arrangements, conditioned upon such signing, which are expected to provide the necessary money for the payment of its floating indebtedness, the completion and further equipment of its railway, and the protection of its interest in the terminal property.
Lenders upon the terminal bonds have also agreed to extend the time for the payment of their loans for one year, with a condition that said agreement shall receive the signatures of a majority in interest of the first mortgage bondholders.
These plans, fully and promptly carried out, will insure such change of the majority of the Board of Directors as shall promote the best interests of the bondholders, and will maintain the independence of the enterprise.
The committee believe that the proposal of the company is fair; that the agreement continues in the bondholders who sign it all the rights and security now possessed, and that the bondholders will serve their true interests by giving their prompt assent to the plan which it embodies.
Copies of the agreement can be had on application to Howard Mansfield, Secretary of the Committee, at Room 24, fourth floor, 35 Wall-st., New-York, or from any member of the committee, and communications addressed to the Secretary will receive prompt attention.
New-York, May 14, 1884.
