The Madison county conference to consider war problems will be held on April 8th and 9th, under the auspices of the Church Community Welfare league, which was recently organized Richmond. Prominent speakers be heard and important measures cussed in this conference.

It is expected that each community hroughout Madison county will be represented in this conference so that the plans and suggestions of the conference may be carried out in each community. Every church, Sunday School, high school and greded school, the Normal School and Berea College be expected to send representa- . Also all other organizations, such as fraternal orders, the Red the Madison County Medical county and city officials, local the rganizations, the newspapers till in county and in fact, all orsions and institutions which are the nefit of the public good will ented in this conference.

matter should be taken up by ials in each organization at that every organization may be represented. The conference on April 8th and 9th will probably be the greatest get-together meeting ever held in Madison county. The whole idea of the conference is the reconstruction and the rebuilding of the community life around the returned soldier and sailor. The home-coming of our boys who have risked their all for love of home and county should be the signal for new departures along many lines—civic, industrial, economic, social, moral, and religious. Methods of improvement along these various lines will be discussed in the county conference April 8th and 9th.

The committee whose duty it is to arrange for the banquet to the returned soldiers and sailors must have their names as soon as possible so that due preparation may be made. Will not the friends and relatives of our returned soldiers and sailors give the name of such to Mrs. J. R. Pates, Richmond?

O. OLIN GREEN,
Chairman of Com. on Arrangements.

Each Nation Will Settle Labor Problems

(By Associated Press)

Paris, March 19 — Bulletin—The commission on international labor legislation held probably its last meeting today when it agreed on all points at issue. The American contention that each country should settle its international labor problems without invoking the Lague of Nations, prevailed.

Criticize America

(By Associated Press)

Vladivostock, Monday, March 17—Never since the landing of troops here last August, has there been such a widespread criticism of the United States. Newspapers are full of tirades and ingenious distortions of facts calculated to sow discord among Americans, Russian and American allies.

Beginning with disappointment over the passiveness of America's intervention, outspoken hostility has developed over a proposal to meet all Russian factions at the Princess Island conference. The Americans were instantly dubbed friends of the Bolsheviks. Sullenness and unfriendliness, which did not exist a month ago, has now spread to troops and villagers along the railways in Siberia.

Woman Killed By Exposion

Oakland, Cal., March 19—The killing of Mrs. George Greenwood, wife of a banker here, by an explosion at the Grenwood home last night, remained as much of a mystery today as Greenwood, aroused by the explosion, looked from an upstairs window and saw his wife's body in the garden below. Two slender clues consist of pieces of wire removed from her body and the fact that threatening letters sent to the Greenwoods last January demanding $5,000. Nothing has developed to show whether the explosive was hurled at Mrs. Greenwood or whether she picked it up and it exploded in her hand.

Allies Won't Control Germany's Armament

(By Associated Press)

Paris, Tuesday, March 18—At the insistence of the American delegates, the military terms of the peace treaty with Gremany were amended by eliminating the clause providing for control of Germany's armament for an indefinite period, thus virtually commiting the United States to indefinite occupation of Germany and delaying the return home of soldiers. As amended, the terms provide for control through a time fixed for the delivery of war material, but not thru a period during which the war damages must be paid by Germany.

(By Associated Press)

Washington, March 19—Director General Hines today announced a fifty million dollar advance by the War Finance Corporation to the railroad administration to be used to pay current bills and not to meet obligations already incurred by railroad companies. Hines explained the loan does not eliminate the necessity for future appropriations nor modify the proposed plan of giving government certificates of indebtedness to railroad corporations for past debts.

LOCAL MEN IN ON BIG LEE ROYALTY

Division Sheet Arrives To Be Signed Up To Obtain Royalty On Rich 1,440 Acre Oil Lease

A divison order and power of attorney has been received in Richmond to be signed by Madison county and other owners in this section of the royalty in the very valuable Wells-Ponder oil lands in Lee county. The division order has been left at the office of the Daily Register, to be signed by the royalty owners, and the quicker it is signed up, the sooner the royalty owners will begin to collect their money. Those who have interest in it must sign it before they can "draw", are Messers. Jonah Wagers, Albert Wagers, C. P. Cox, Jonah Cox, Wilson Brandenburg, Hargis Brandenburg, Tandy Centers, Walter Centers, Clay Blakeman, Burton Roberts, James Churcr, S. M. Saufley, Charles Brandenburg, H. C. Blakeman, Charlie Wills, Will Arbuckle, Gus Stewart, R. I. Burton, Grover C. Cox and a Mr. Ledford.

There are some 1440 acres in the Wells heirs tract in Lee county, and it is being drilled by the Petroleum Exploration Company. There are something like 90 wells already in and being pumped. The oil is being delivered to the Indian Refining Company. There are said to be locations for 300 wells, and this lease will be one of the biggest oil producers in the state, if not the largest when all the wells are in. There is said to be a large sum in the royalty fund ready to be paid out as soon as the divison sheet has been properly signed up.

News from Lee county is to the effect that McHenry and Benton, of Louisville, have completed No. 2 on the Park Vanderpool farm located on the Panthern branch of Big Sinking. This lease contains 47 acres. These parties had a contract with the W. P. Williams Oil Corporation to develop this property, but with the consent of both, this has been annulled. No. 3 has been located and they will spud in shortly. On 15 acres of the same farm, owned by the Big Sinking Oil Company, No. 2 is now drilling. No. 1 is rated good for 75 barrels.

The Security Producing and Refining Company has completed No. 2 Ed Riley, estimated good for 5 barrels.

At No. 4, Eureka, the Flesher Oil and Gas Company struck a flow of salt water and are casing off.

On the 60 acre Beatty heirs recently purchased by the Big Cliff Oil Company, from W. V. Thraves, a machine is now being moved to sink the initial test. This lease adjoins the Flanagan tract of the Ohio Oil Company.

In Breathitt county Lexington parties are moving a rig on to the tract northwest of the Nathan Pelfrey of the Sturgeon Creek Oil Company, and will sink a test. Arrangements will be made shortly to run the oil from the five producing wells brought in this section to VanCleve station about a mile away, where it will be shipped in tank cars.

The Bankers Oil Company expected to complete No. 10 Joel Hubbard this week but has been held up by boiler trouble. This is located on Ross Creek in Estill county.

A meeting of the directors of the Wright Oil Company was held in Louisville the past week and a dividend of 20 per cent declared payable April 1, 1919. It was also decided to pay a monthly dividend of 5 per cent beginning May 1, 1919, unless some unforeseen circumstances arise.

This company is delivering 200 barrels or more daily to the pipe line and now has five wells on the Clay and Taylor in Lee county.

Recently the Wright Company purchased 109 acres of the Eureka tract from the Flesher Oil and Gas Company and expects to develop this property in the near future.
