The ancients believed that rheumatism was the work of a demon within a man. Any one who has had an attack of sciatic or inflammatory rheumatism will agree that the infliction is demoniac enough to warrant the belief. It has never been claimed that Chamberlain's Pain Balm would cast out demons, but it will cure rheumatism, and hundreds bear testimony to the truth of this statement. One application relieves the pain, and this quick relief which it affords is alone worth many times its cost. For sale by R E McRoberts, druggist. 1m

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grand mothers' never thought of using anything else for indigestion or Biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food. regulate the action of the liver, stimulate the nervous and organic action of the system and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Greens' August Flower, in liquid form to make you satisfied there is nothing serious the matter with you. For sale by C C & J E Stormes..

UNDERWEAR.

It's a great mistake to change your Underwear from the heavy Winter weight to Summer weight at once,—it's too much of a change, and generally results in a bad cold, or worse. What you ought to do is to make the change gradually; put on a medium weight about now and wear it until the weather gets really warm—then change to the thin Summer weight. We have just the thing—a
